

City of Buckley
Planning Commission Minutes
January 11, 2010

Chairperson Snellback called the meeting to order at 7:00 PM.

The following members were present: Callis, Dorn and McCorkle. Howard, Logan and Panasiuk were absent. Also in attendance was City Administrator Dave Schmidt.

Dorn moved to approve the minutes of the December 14, 2009 commission meeting. Callis seconded the motion. Snellback asked about the meetings being changed, she thought the commission had voted to stick to regularly scheduled meetings and yet it seems the meeting dates keep getting changed. McCorkle stated the December meeting was changed from December 7th to December 14th because we had two meetings in November back to back. This months meeting was changed due to staff illness. Snellback had a question about what happened with the Park Plan. The commission updated Snellback on the decision that was made. **The motion then carried.**

Future Street Plan discussion with City Engineer Dominic Miller

Dominic Miller, City Engineer with Gray & Osborne and Dave Enger with Gray & Osborne are here tonight to discuss the future street plan with the Planning Commission. Administrator Schmidt stated what Dominic and Dave are out here for workshop to start going over the future street plan to answer any questions; to start out with a base that the commission has seen in the past and talk about where we need to take it so we can come up with a draft that the commission can review and take it to public hearing and include it in the transportation element of the Comprehensive Plan.

After the workshop the commission decided to take a section of the map at a time and go over it section by section. Dominic will put this together for the commission. At the next meeting, we will get two sections and do as much as we can to minimize the Engineers having to be here for too many meetings. Dominic stated they will have the maps for all sections so if the commission wants to do more than two at a time they can.

The next meeting will be February 1, 2010 at 7:00 PM.

With nothing further the meeting was adjourned at 8:20 PM.

Kathleen Snellback, Chairperson
