

CITY COUNCIL – 1ST BUDGET WORKSHOP

OCTOBER 29, 2013

Mayor Pro Tem Boyle Barrett called the Workshop to order at 7:02 PM. In attendance were Council Members Tremblay, Rose, Irons, Montgomery and Leggett. Council member Howard was absent. Also in attendance were Mayor Johnson and City Administrator Schmidt.

City Administered Schmidt provided an opening statement about the budget and described each of the handouts he provided. He explained that this year's budget is exceptionally difficult because he has to proceed as if our budget is one thing, but if the gas system sells it will be something else; he is having to prepare two different budgets.

Department heads Cash, Arsanto, Boyd, Thompson and Mundy provided reviews of their individual department budgets and answered questions of the Council.

The City Council 2nd Budget Workshop will be next Tuesday, November 5, 2013, preferably starting at 6:30 PM. Council members will notify the Clerk if they cannot make a 6:30 PM meeting.

Workshop adjourned at 9:41 PM.
