Title 12 Environment

12.04.350 (A) Threshold Determination. Intake Fee \$70.00 Deposit Fee \$375.00

*Note: The total fee for which the applicant is responsible shall be the amount of the actual costs incurred by the city during the threshold determination process (see BMC 20.01.268)

The services described in subsections (a) through (c) of this section shall include those rendered with respect to both an initial checklist and any revised one which includes mitigating measures. The total fee calculated in subsections (a) through (c) of this section and charged to the applicant shall be reduced by the amount of the previously paid \$375.00 deposit fee. Prior to issuance of the city's threshold determination, the applicant shall remit to the city the amount of the city's actual costs, if any, which exceeds the \$375.00 deposit fee. If the fee exceeds the city's actual costs, the city shall promptly refund the balance to the applicant.

(B) Declaration of Significance and Environmental Impact Statement (EIS): in addition to the amount collected for the threshold determination the applicant shall pay the amount from Table 12.04 below:

Table 12.04

\$100,000,001 and over	\$103,906

Fifty percent of the fees shall be collected prior to the initiation of scoping, and the remaining 50 percent shall be collected prior to distribution of the draft environmental impact statement. Alternatively, the planning director may determine that the city will contract directly with a consultant, for preparation of an EIS or a portion of an EIS, for activities initiated by some persons or entity other than the city and may bill such costs and expenses directly to the applicant. The city may require the applicant to post bond or otherwise ensure payment of such costs in a manner satisfactory to the city, prior to any work being commenced upon the EIS.

(C) If a proposal is modified so that an EIS is no longer required or the proposal is withdrawn or canceled, the applicant shall remain responsible for payment of the city's actual costs incurred prior to its receipt or a written cancellation or withdrawal notification.

C. Multiple Residential Units.

1. The water availability charge for a connection serving multiple residential units shall be the availability charge set forth above, multiplied by the number of dwelling units connected to the meter, as follows:

- a) Each duplex unit will be billed as though separately connected to the water main, based on 3/4" meter rates.
- b) In the case of apartment/trailer courts having one meter, each unit will be billed as though separately connected to the water main, occupied or not, based on 3/4" meter rates.
- c) In the case of building lots which have been granted a use permit to allow more than one dwelling on one service meter, each dwelling unit will be billed as though separately connected to the water main, based on 3/4" meter rates.

2. There shall be only one water meter for each building housing multiple residential units.

D. Multiple Commercial and Industrial Buildings. Where all commercial or industrial buildings connected to a single service are used in the same business under single management, billing shall be made as for a single building.

E. Special Use Charge. Special purpose use of water from fire hydrants or stand pipes shall be \$50.00 plus \$2.33 per 100 cubic feet for all water used inside the city limits and \$60.00 plus \$2.79 for all water used outside the city limits.

F. In the event a customer is not connected to a meter service, or a meter has broken, become out-of-order or fails to accurately meter actual water usage, the customer shall be charged the base or minimum charge, together with an estimated charge for the water used at the premises, based upon the average usage for the corresponding month of the preceding year, averaged over a three-month period including the preceding and following month. In the event there is no prior history for the preceding year, the charge shall be based upon the average water usage for the month for all customers of the municipal water supply system in the same service class.

14.04.150 Shut-Off/Dispatch Fee \$25.00/Water
Payment of Fees

All charges and/or fees for water service are due and payable at the office of the city administrator by the fifteenth of every month (due date). If payment is not received within five (5) days of the due date, the account shall become delinquent. On or about the first of every month a notice shall be sent to the customer noting the balance due, including any penalties and interest. After the city sends a notice of delinquency on the account, the customer must pay any delinquent amounts within 15 days or services may be disconnected. Any water service account that has been deemed delinquent shall be assessed a late penalty of 5 percent of the delinquent amount. The utility billing clerk shall, not later than the fifteenth day of each following month, furnish to the public works director a list of all meters in which water service accounts are delinquent.

After water service accounts become delinquent, the public works director shall cause to be shut off the service to the premises affected by such delinquency, and the water service shall not be turned on again until all, or if less, at least four months of delinquent charges, interest and fees, including a fee established by resolution of the city council for the cost of issuing the shut-off notice and dispatching the city crew, is paid in full to the city administrator's office.
