D. CONSENT AGENDA

**CITY COUNCIL
STUDY SESSION
February 6, 2024**

ATTENDEES: Council members Bergerson, Arsanto, Bender, Smith, Burbank and Green.

Also in attendance were Mayor Burkett, City Administrator Brunell, Finance Director Hines, Parks and Recreation Director Snodgrass, Police Records Clerk Burkett, Public Works Director Banks, Fire Chief Skogen, Asst. Fire Chief Olsen and Deputy City Clerk Clark.

Mayor Pro Tem Smith called the regularly scheduled meeting to order at 6:00 PM.

Council Committee Discussion:

Council discussed what committees would work for them and who would chair each committee.

- Community Services Chair: Green
- Admin/Finance Chair: Smith
- Transportation and Utilities Chair: Arsanto
- Parks and Recreation Chair: Anderson

Fire Department Update:

Chief Skogen spoke to Council updating them that the City of Buckley Fire Department has faced their busiest year on record, with 1530 calls for service. This represents a 9.5% increase compared to 2022. Emergency Medical Services make up the bulk of the call-volume at 75% of total runs. The current average is five calls per day for 2024, which may not sound like a lot, however most of these calls are EMS related. If each EMS call results in an ambulance transport, it is an average of two hours from time of dispatch until the crew is back in the station.

City of Buckley also services Wilkeson, Carbonado, Greenwater and Crystal Mt. resort. East Pierce will not be dispatched to Crystal Mt. any longer in a few months. Chief Skogen told Council that this is a necessity right now and is an emergency due to the rising call volume, high turnover, and losing three live-in volunteers. Mr. Skogen wanted to remind Council and public that the EMS levy lid lift will be on the November ballot. Buckley Fire Department has the full support of the Council to hopefully add two Full-time Firefighters.

Taxes, Rates, and Fees Updates:

City Administrator Brunell spoke to Council and discussed the additional changes to Taxes, Rates and Fees and that the 2024 fee schedule that her and City Clerk Percival updated is more streamlined and transparent. Staff will bring forward a resolution to Council.

PROS Plan:

Parks and Recreation Director Snodgrass presented Council the final draft of the 2024 PROS Plan and that in the summer of 2023 they began updating the Parks, Recreation and Open Space Plan. The City's previous plan, adopted in 2015 had expired and makes the City ineligible for some grant programs. Working with the direction of Council to bring forth a full and complete PROS Plan, Ms. Snodgrass stated that this will put the City in a competitive position for future grants.

Next Steps are:

- Adoption of the PROS Plan
- Submit PROS Plan to RCO to be eligible for grant programs – After Council adoption

- Apply for grant funds for Miller Park development – Spring 2024
- Use PROS plan as a guide for the Parks and Recreation element of the Comprehensive Plan

With nothing further, the Study Session was adjourned at 7:13 PM.

CITY OF BUCKLEY FIRE DEPARTMENT STAFF REPORT

April 23, 2024

To: Mayor and City Council
Fr: Eric Skogen, Fire Chief
Cc: Courtney Brunell, City Administrator
Re: 1st Quarter 2024 Activity Report

The City of Buckley Fire Department wrapped up the 1st Quarter of 2024 with 394 calls for service. This represents a 5% increase in calls for service over the same period of time last year.

Emergency Medical Services continues to make up the bulk of our call-volume at over 75% of total runs.

Our Annual Recruit Fire Academy kicked off on January 4th and is comprised of 12 Recruits from the City of Buckley Fire Department and 8 Recruits from Riverside Fire & Rescue. Upon completion of their Recruit Training on June 1st, the Recruits will have completed over 250 hours of training and certification to national standards. Training is held every Monday and Thursday night from 6-10PM and every other Saturday from 8AM-6PM. We are thankful for the ongoing dedication and support of our Volunteer and Paid staff for instructing and assisting with Recruit Academy. It is a tremendous time commitment that is in addition to members meeting their own ongoing training and shift requirements.

In addition to training and responding to calls for service, a number of personnel volunteered their time to take part in other events. These included "Read Across America" at Elk Ridge Elementary School and station tours for over 40 Pre-School students in the month of March.

Seven Firefighters participated in the Leukemia and Lymphoma Society Firefighters Stairclimb for the 20th consecutive year on March 10th at the Columbia Center in Seattle. In 2025 we look forward to reclaiming our once coveted title as one of the top fundraising teams for this worthwhile charity.

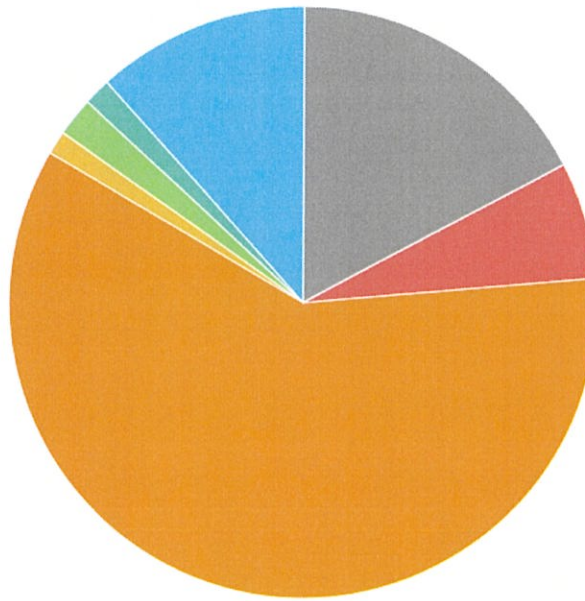

The Department continues to collaborate with our surrounding partner agencies to identify sustainable and cost-effective Paramedic Ambulance Service. A formal Request for Proposal is expected to be published in the coming weeks, among options for Council to consider with the Fire Department assuming all or part of Paramedic Ambulance Service.

Chief Skogen and City Administrator Brunell recently met with Pierce County Councilmember Dave Morell to justify a request for additional funding through the Payment in Lieu of Taxes (PILT) program. Counties receive an annual allocation of PILT funds from the US Department of the Interior that are intended to be distributed to local governments who provide their services to federal lands that otherwise do not pay taxes.

It is estimated that there are over 200 square miles of federal land within our current EMS service area that stretches to Mount Rainier National Park and the summit of Chinook Pass.
