**CITY COUNCIL  
STUDY SESSION  
May 6, 2025**

**ATTENDEES:** Council members Smith, Green, Arsanto, Burbank, Anderson and Bergerson.

Also, in attendance were: Mayor Burkett, City Administrator Brunell, Finance Director Hines, Fire Chief Skogen, Public Services Director Banks, Senior Planner Farnsworth, Police Records Clerk Burkett, and Deputy Clerk Clark.

Mayor Pro Tem Smith called the regularly scheduled meeting to order at 6:00 PM.

**Finance Software Update:**

Finance Director Hines through research shared with Council that the software systems Springbrook and Tyler were the top two choices and staff agreed because of the ease and functionality that they offered. If Council would like, this can be brought to the next Council meeting to be approved.

**Fire Department Update:**

Fire Chief Skogen explained to Council that things have changed drastically in the last few years due to growth and call volumes. If Council were to approve for shift work, it can reduce call volumes by three minutes, which is substantial. Ideally and a goal to work for would be 3 full-time employees per shift. That would be enough to get two units out the door.

City Administrator Brunell added that we already have a higher call volume than neighboring East Pierce areas and they have four or five full-time firefighters each shift.

Council discussed options the City could have to obtain more full-time firefighters.

**Comp Plan Amendment:**

Senior Planner Farnsworth explained to Council on why these edits have come forward for the Comprehensive Plan and we are currently in the process of doing this to incorporate comments from the Department of Commerce.

The edits to the Comprehensive Plan include the following

1. Land use and planning tools to reduce and mitigate wildfire risk.
2. Accommodating growth for emergency housing.
3. Identifying areas that have a high risk of residential displacement.
4. Including a direct reference to the Racially Disparate Impact report in the Housing Element. (Report is attached in the packets)

Next steps will be to have a Public Hearing with City Council on May 27<sup>th</sup> and City Council adoption of the Comprehensive Plan Amendment on July 8<sup>th</sup>.

**Logo Redesign:**

Mayor Burkett spoke on the new logo design and has been working with a local graphic designer to explore a refreshed City logo. The revised logo is a simplified and more modern design that reflects Buckley today. Some key elements include adding the White River, a Sasquatch, and the elk head in the mountain.

City Administrator Brunell will look into the total cost for changing to the new logo.

The Council discussed the options, and all agreed with option "B". Council member Anderson would like to see the maroon and gold stay, to represent White River High School colors.

**Speed Limit Review:**

Mayor Burkett has requested that we study potential speed limit reductions on key roads leading into downtown Buckley. This has been brought up with the conflicts on "A" and Main St. Mayor Burkett explained to Council why this would be a wise idea.

Streets currently under consideration for a lower speed limit include:

- Main St. from Spruce St. to SR 410
- Spruce St. from Main St. to Jefferson Ave.
- Jefferson Ave. from SR 410 to A St.
- Park Ave. from SR 410 to N A St.
- A St. from Park Ave. to Spiketon Rd.

Council discussed options and gave opinions on this topic and to keep the roads safe. Council would like to get an estimate for speed bumps and signage to slow people down. Public Services Director Banks was there to answer Councils questions and concerns.

With nothing further, the Study Session was adjourned at 7:37 PM.

In consideration of the mutual promises and covenants contained herein, to be kept, performed, and fulfilled by the Parties, and other good consideration, it is mutually agreed as follows:

## 4. COUNTY RESPONSIBILITIES

- 4.1 County represents that the SCWCS coverage reliability target area is designed to deliver a high Digital Audio Quality. COUNTY will maintain the SCWCS in accordance with current industry standards as established by manufacturer's certified design. Subscriber Agency acknowledges

that coverage will vary from location to location because COUNTY cannot guarantee one hundred percent (100%) coverage.

Subscriber Agency agrees that it will operate its equipment so as not to cause undue interference with any other Subscriber Agency of the SCWCS.

- 5.3 Subscriber Agency shall assume responsibility for all Subscriber Agency employees, contractors, subcontractors and agents having access to and use of the SCWCS.
- 5.4 Subscriber Agency agrees that its access to and use of the SCWCS shall at all times comply with the rules and regulations of Part 90 of the Federal Communication Commission Rules and Regulations for public safety, first responder, and public service Subscriber Agency communications, including but not limited to Part 90, Subpart R of the Rules of the FCC, 47 C.F.R. § 90.521, et seq.; Section 90.179 of the Rules of the FCC, 47 C.F.R. § 90.179 (shared use of radio stations); all other Rules of the FCC; all decisions and orders of the FCC applicable to the SCWCS and Subscriber Agency's access to and use thereof, including all FCC technical requirements applicable to its use of the system; and the Communications Act of 1934, as amended ("FCC Rules"). Subscriber Agency will immediately cease any operation that is contrary to the FCC Rules.
- 5.5 Subscriber Agency shall notify COUNTY of any FCC correspondence or inquiries on matters that relate to its access to or use of the SCWCS within five (5) business days of Subscriber Agency's receipt thereof.
- 5.6 Subscriber Agency shall notify the COUNTY Point of Contact individuals on Exhibit A, attached hereto and incorporated herein, within twenty-four (24) hours of any outages, malfunctions, errors or any other functional problems that impact Subscriber Agency's ability to communicate or operate its services using the SCWCS.

Subscriber Agency may only use subscriber equipment that is compatible with and does not impact the capability and daily operations of the SCWCS and has been approved by COUNTY.

- (a) Subscriber Agency is responsible for acquiring its own Subscriber equipment.
- (b) Subscriber Agency is responsible for proper Preventive Maintenance ("PM") and repair of its equipment. Proper PM and repair will assure that Subscriber Agency's equipment is in optimal operating order and will not have an adverse impact on the use of the SCWCS by other Subscriber Agencies.

## **6. SUBSCRIBER FEE**

6.1 Subscriber Agency's SCWCS fee for 2025, which is based on an annual per unit cost of \$1,247.76 shall be as follows ("Subscriber Fee"):

Notwithstanding any other provision contained in this Agreement, Subscriber Agency agrees that no pro rata reduction of the Subscriber Fee shall be made for a single failure or delay of forty-eight (48) hours or less.

## **9. LIMITATIONS OF LIABILITY; INDEMNIFICATION**

- 9.1 In no event shall COUNTY's liability under, arising out of or relating to this Agreement exceed the amount paid by Subscribing Agency to COUNTY for access to and use of the SCWCS.
