Meeting notes 11/05/2025

Wellness Fair- Lorrie Lund spoke about the Wellness fair that took place at the end of September. It was a big success with a large number of Seniors attending. There was a lot of helpful information on several different services offered by the vendors. Nicholson Pharmacy was there to provide vaccines which many seniors found to be very convenient. A total of 24 vendors participated, and gift bags were distributed to all that wanted them.

Facility Update- New carpet has been ordered for the Senior Center and should be installed by the end of the year.

New Chairs- A generous donation of 16 new chairs with wheels for the Quiddler area. There was discussion concerning perhaps removing the casters from the legs as the rolling chairs may be a safety issue for some.

Volunteer drivers- Volunteer drivers are still needed at the Senior Center. Erin may be looking into a grant to use for a paid 15hr per week driver. This would create more stability for Senior trips and give the current volunteers a break.

Jingle Jubilee- The Jingle Jubilee is scheduled for Saturday December 13, 2025. This event will be catered by New York Catering and will feature pasta and chicken. The band has been secured so it should be a fun day. The event is limited to 100 participants based on the size of the multi-purpose facility. They may still need a few volunteers, so you can contact Lorie Lund if you are interested in helping out.

Senior Center Newsletter- The newsletter was presented for November 2025-January 2026. It is colorful and full of great information for our Seniors to stay up to date with all the activities available to them. The outside cover may sport new colors on upcoming newsletters to make it easier for folks to see at a glance if it is one they have already read.

Meeting Calendar-The upcoming meeting calendar was decided. The next meeting will be on January 7, 2026.

Memo

To: Mayor and City Council
From: Sandi Hines, Finance Director
Date: November 18, 2025
Re: 2025-2026 Budget – 2026 Property Tax Levy Ordinance

The adopted 2025-2026 Budget already includes the allowed optional one percent increase in the regular property tax levy for 2026; however, the property tax levy ordinance and certification with the Pierce County Assessor is required to happen on an annual basis. The 2026 regular levy amount is calculated based on preliminary assessed values and new construction valuation figures provided by the Pierce County Assessor. Additionally, the Assessor's Office provides a levy limit worksheet that details and calculates the highest lawful levy the City can request for the upcoming year.

The one percent increase is applied to the previous year's highest lawful limit and not to the actual amount levied. For 2026 this means that the one percent increase is applied to 2025's highest lawful amount of \$1,357,321.37 and not the 2025 budgeted levy amount of \$1,360,295. The difference in 2025's highest lawful limit and the actual levy amount is one-time refunds that the City received in 2025 and are excluded moving forward to calculate the 2026 highest lawful limit. The County also allows the City to include an estimated amount for the state property levy (automatically given to the City similar to new construction revenue) as that amount is usually not known until after the levy certification deadline has passed. The City's estimated 2026 levy amount includes an estimate of \$5,000 for state assessed property levy. The 2026 Property Tax levy provides revenue of \$1,438,897.16. The following table provides the calculation of the City's regular property tax levy for 2026.

A	Levy basis for calculation: (2024 Limit Factor)	1,357,321.37
	x Limit Factor	1.01
	= <i>Levy (Highest regular tax)</i>	1,370,894.58
B	New construction Levy	59,834.93

Re: 2025-2026 Budget – 2026 EMS Levy Ordinance

The adopted 2025-2026 Budget includes an allowed 6 percent increase in the EMS tax levy for 2026 that was approved by the voters in 2024; however, the EMS tax levy ordinance and certification with the Pierce County Assessor is required to happen on an annual basis. The 2026 EMS levy amount is calculated based on preliminary assessed values and new construction valuation figures provided by the Pierce County Assessor. Additionally, the Assessor's Office provides a levy limit worksheet that details and calculates the highest lawful levy the City can request for the upcoming year.

The EMS levy lid lift approved by the voters in 2024 allowed the Council to increase the EMS levy tax revenue amount by up to six percent annually. In previous Council discussions during the 2025-2026 budget discussions, Council expressed the desire to increase the EMS levy by the amount needed to maintain the levy at the statutory allowed \$0.50 per \$1,000 assessed valuation. As illustrated in the table below, the full six percent increase is needed in order to maintain the rate at \$0.50. The new construction tax revenue and refunds that are added on by the Assessor after the initial increase is calculated, push the total allowable levy over the levy limit, so the City's revenue will be capped at the \$0.50 per \$1,000 of assessed valuation.

As outlined below, the calculation of the six percent increase applied to the previous year's highest lawful limit, the addition of the new construction valuation, and the one-time refunds would have generated a 2026 levy amount of \$652,924.49. The resulting tax rate based on the 2026 AV of 1,297,638,094 would have been \$0.50316/\$1,000 AV. The statute limits the EMS levy rate to be \$0.50/\$1,000 AV and thus provides for a levy amount of \$648,819.05 for 2026.

SUMMARY STATEMENT: In 2004, the City of Buckley adopted the Personnel Policy & Administrative Procedures Manual. Over the years this document has been amended several times. Over the past two years, the City Clerk has been updating, adding, and reformatting City policies in an easier to use manner. This Resolution would repeal the current Personnel Policy & Administrative Procedures Manual and adopt the attached policies in its place. Adopting these as individual policies, allows us to amend just the policy we need to without amending the entire document. This new format also makes it easier should the City need to add, replace or amend policies.						
Please note that Financial and IT Policies will be coming forward at a later date for adoption.

The City is an equal employment opportunity employer. The City employs, retains, promotes, terminates and otherwise treats all employees and job applicants on the basis of merit, qualifications, and competence. This policy shall be applied without regard to any individual's sex, race, color, religion, national origin, pregnancy, age, marital status, medical condition, physical handicap or disability.

The City will not discriminate against applicants or employees with a sensory, physical or mental impairment, unless the impairment cannot be reasonably accommodated and prevents proper performance of an essential element of the job.

Employees with life threatening illnesses, such as cancer, heart disease, or AIDS/HIV conditions, or communicable diseases such as tuberculosis or influenza, are treated the same as all other employees. They are permitted to continue working so long as they are able to maintain an acceptable level of performance and medical evidence shows they are not a threat to themselves or their co-workers. The City will work to preserve the safety of all of its employees and reserves the right to reassign employees or take other job actions when a substantial and unusual safety risk to fellow City employees or the public exists.

3.03 Recruitment and Selection

Available positions are publicized for a reasonable period by announcements posted on city department bulletin boards and by such other means as deemed appropriate. Announcements may specify the title, rate of pay, duties to be performed and required minimum qualifications.

When filling a vacancy, the City will, whenever possible, promote a qualified employee to the position before considering outside applicants. Job openings will be posted in-house on designated bulletin boards, and employees who can meet the requirements of the position will be encouraged to apply

3.04 Nepotism

Members of the immediate family of city employees or elected officials members will not be hired if one or more of the following applies, as determined by the Mayor:

- a) One member would have the authority or practical power to supervise, hire, remove or discipline the other; or
- b) One member would be responsible for financially auditing the work of the other; or
- c) One member would handle confidential material which may create the appearance of improper or inappropriate access to that material by the other.

3.05 Position Designation

All budgeted positions are designated as either full-time or part-time. Employees in part-time positions that work less than a 20-hour work week are not entitled to benefits, unless otherwise specified in the letter of appointment, employment contract or bargaining agreement, and approved by the Mayor.

Those employees who are not assigned to a temporary or probationary status and who are scheduled to work 20 hours or more, but less than 40 hours per week are eligible for the City's benefit packages on a pro rata basis, subject to the specific terms, conditions, and limitations of each benefit package.

Those employees who are assigned to full-time positions and who are scheduled to work 40 hours or more per week are eligible for the City's benefit packages, subject to the specific terms, conditions, and limitations of each benefit package.

3.06 Appointments

- a) All appointments to vacancies are made solely on the basis of merit, efficiency and fitness for the position as determined through evaluation and/or testing procedures appropriate for the position.
- b) All appointments to positions in the City of Buckley will be by letter of appointment or employment contract, setting forth conditions of employment and appointment status. The employment relationship is at will of the parties and may be terminated at any time in accordance with applicable personnel rules, contract or Civil Service Rules and Regulations.

3.07 Appointment Status

3.07.01 Regular. All appointments to full-time and part-time positions in the City of Buckley are regular status unless special employment conditions are necessary. If it is determined that special conditions apply, they will be specified in the appointment letter and made a condition of employment.

3.07.02 Probationary. All new employees appointed to regular positions are in probationary status and subject to the conditions of the probationary period.

3.07.03 Temporary. A temporary appointment may be made to any position in the City of Buckley. Temporary appointments are for a limited period of time and employees are not entitled to city benefits unless authorized by the Mayor as special conditions. All conditions of a temporary appointment will be specified in the letter of appointment or contract. Seasonal employment is considered temporary appointment status. Temporary employees do not attain regular status in the classification, have no grievance rights and may be terminated at will.

3.07.04 Acting. When the need arises to fill a position due to approved leave of absence, disciplinary actions or when a vacancy exists, a current regular

status employee may be appointed "acting" to a position of higher pay grade or to a position of differing classification. Such appointments are for a limited time to fill a temporary vacancy. Employees will not attain regular status in the higher position from an acting appointment and will be returned to the previous classification. No probationary period is required for an acting appointment.

3.07.05 Trial Performance. A regular status employee promoted to a position of changed responsibility, new duties, or higher pay within the city will serve a six-month trial performance period in the new position. This trial performance is to ensure the employee meets the desired performance levels of the higher position which will be determined through written performance evaluations. If it is determined that the promoted employee cannot for any reason perform the duties of the higher position as required, they will be returned to the former position, if vacant, or similar vacant position within the same department.

3.08 Probationary Period.

3.08.01 All regular status employees with the exception of a Department Manager, whether part-time or full-time, will be required to serve a probationary period for six months from the date of employment. A current employee in any appointment status may be placed on probation for disciplinary reasons after the initial six month probationary period has been served.

Department Managers will be required to serve a probationary period for twelve months from the date of employment.

3.08.02 At appropriate intervals, the Department Manager will determine through a written Employee Performance Evaluation whether each employee is performing the job satisfactorily. If the employee's performance is satisfactory after the appropriate probation period the Department Manager will recommend to the Mayor through the final written evaluation that the employee be taken off probation and placed on regular status.

3.08.03 If an employee's performance is not satisfactory during the probationary period, the Department Manager may recommend termination of employment at any time during the probation or, in special circumstances, request that the Mayor extend the probationary period up to an additional six months, and shall be specified in writing to the employee. In the event the employee's performance is still unsatisfactory, the employee may be terminated at any time within the extended probationary period.

3.08.04 A probationary status employee will accrue vacation and sick leave and receive all other benefits of regular status employees. However, vacation leave will not be taken during any probationary period.

3.08.05 A probationary status employee has no grievance rights and may be terminated at will.

3.08.06 Provisions for length of probationary period and termination during the probationary period are subject to any applicable Civil Service rules for those classifications covered under Civil Service Rules and Regulations.

3.09 Employee Performance Evaluation Program

An employee performance evaluation program, as authorized by the City Administrator, will be conducted for all employees as determined necessary by the supervisor/rater, but not less than yearly. Probationary status employees will be evaluated per Section 3.08.

3.10 Reduction-In-Force

Fluctuating revenue and budget conditions may from time to time force the city to reduce personnel in one or more departments or programs. This reduction may be accomplished by either of the following methods:

3.10.01 Lateral Transfer: This is a method of employee transfer from one classification to another classification with the same pay grade or within the same classification or pay grade from one department to another. When done for budgeting purposes, such transfer would normally be for the duration of the financial problem only. A lateral transfer must be approved by the Mayor.

3.10.02 Layoff: A layoff is a method of permanent termination of the employee due to financial circumstances or a change in the need for which the position or positions was created. A layoff must be approved by the Mayor. No regular employee shall be laid off while another person in the same classification is employed on a probationary, temporary, acting or part-time basis. In determining which employees in any classification are to be laid off, consideration is to be given to individual performance and then to seniority in the positions to be affected.

3.11 Re-Employment

Regular full-time employees terminated as a result of lay-off may be offered the first opportunity to fill comparable vacant positions that become available. These employees will be placed on the City's job announcement mailing list for a period

of one year from the effective date of lay-off to assist them in applying for other job vacancies with the city for which they are qualified.

3.12 Resignation

3.12.01 An employee wishing to leave city service in good standing will file with the Department Manager a written resignation, including a statement as the reasons for resigning and the effective date of resignation. The written resignation notice will be completed at least two weeks prior to the effective date of resignation. Notice requirements may be waived by the Department Manager.

3.12.02 The City Administrator and Department Managers shall be subject to Rule 3.11.01 except that they shall be required to give at least four weeks notice to the Mayor. Notice requirements may be waived by the supervisor.

3.12.03 A copy of the resignation notice and a final performance evaluation report shall be placed in the personnel file of the employee.

3.13 Exit Interview

3.13.01 In the event of separation from employment of a regular status employee, an exit interview shall be conducted with the employee. All terminating employees will receive an Exit Questionnaire prior to the exit interview. The exit interview will be conducted on the employee's last work day.

1. In the case of any separation from employment, the exit interview will be conducted by the Department Manager and will consist of a discussion of:

- a) The reasons for separation from employment, i.e. resignation, termination, and lay-off including re-employment options, if any.
- b) Determination of any complicating factors of the separation, including whether work related injuries have been sustained by the employee.
- c) Arrangement for the return of all City-owned uniforms, equipment and other City-owned items.
- d) An explanation to the employee of the effects of separation of employment on benefits provisions and contributions to the Public

Employees Retirement System, the amount of vacation leave accrued and the method and amount of payment.

2. The employee will be afforded the opportunity to constructively comment on city employment through a discussion with the department Manager, City Administrator or Mayor.

3.13.02 A summary of the exit interview will be placed in the personnel file of the employee.

3.14 Personnel Records

3.14.01 Personnel records will be maintained for each employee and are the property of the city. Personnel records will show the employee's name, title of position held, the department assigned, salary, change in appointment status, training received, with the exception of Police and Fire Department in-service training maintained in Departmental files, performance evaluations, fringe benefits administration, including vacation and sick leave rates of accumulation and use, notes regarding disciplinary action or other counseling sessions, and such other information as may be considered pertinent.

3.14.02 Employee Records are confidential and accessible only to the employee, the employee's Department Manager, the City Administrator and the Mayor, or other staff assigned to the personnel file.

3.14.03 Employees are entitled to review their own personnel file at least once annually, or otherwise upon approval of the Department Manager. Employee review will be conducted in the presence of authorized personnel.

3.14.04 Confidential personnel records will not be released to any unauthorized individuals except with the written consent of the employee or in response to valid court orders or government requests directing the provision of information from personnel records.

3.14.05 Employees have the opportunity to submit a letter of rebuttal regarding any information contained in their file that is in dispute.

3.15 Employment References

3.15.01 Unless otherwise required by a valid court order, the city will furnish only the following information about past or present city employees to persons outside city government.

1. Dates of Employment
2. Current job title or job title at date of termination.
3. Verification of salary information
4. Employment references

3.15.02 All requests for any information regarding past or present city employees will be directed immediately to the City Administrator. All other personnel will not respond directly to any requests for information. Due to potential liability to the city, all requests for employment references are to be referred to the appropriate Department Manager, the City Administrator or Mayor.

3.16 Retention of Personnel Records

Personnel records that are not confidential will be maintained and destroyed in accordance with established policy regarding public records. Confidential personnel records and payroll records may be destroyed five (5) years after the employee has ceased to work for the city, or at an earlier date as determined by the Mayor.

3.17 Identification of Employees

3.17.01 It is the policy of the city that when on duty, all employees be visible and identifiable to the public to the maximum extent compatible with assigned work duties. All city furnished uniforms or work clothing are to be maintained in a presentable manner by the employee. "Presentable manner" will be determined by the Department Manager.

3.17.02 City-furnished uniforms remain the property of the city at all times. Uniforms will be worn only on duty or during additional approved volunteer activities that are identical to those performed while on duty. Wearing of uniform items while commuting between a home and the work location may be permitted providing that the wearer does not participate in any interim activity where the image and good name of the city might be negatively affected. For example, city uniforms are not to be worn in an establishment while consuming alcoholic beverages.

3.17.03 The outer garment of each uniform furnished by the city will bear the official insignia of the city and other such markings or emblems as each Department Manager may specify, except that rain gear may be identified otherwise. The Department Manager will determine the appropriateness of the employee name on the uniform. Proper location of such insignia and names on the uniform will be determined by the Department Manager.

3.17.04 All employees who come in direct contact with the public outside the City-owned buildings may be required to carry an identification card issued by the city. If issued the card will contain name, title, department, address and telephone number of work location; and in some circumstances, a head and shoulders photograph and certification that said person is an employee of the City of Buckley.

3.17.05 All City-issued identification, uniforms and other City-owned materials or property in the employee's possession must be surrendered to the city before issuance of a final paycheck upon termination of that employee.

3.18 Education and Training

It is the intent of the city to provide maximum flexibility as well as good budgetary control of schooling and training for employees. All training must be job related and included in departmental budgets.

3.18.01 Education and Training

- a) Education and training as required by the Department Manager will be paid wholly by the city.
- b) Funding for education expenses or training costs requested by the employee for job enhancement may be wholly paid by the city or shared with the employee, depending on the nature of the training and the job-related need, as approved by the Department Manager.
- c) When training is paid by the city, an employment agreement may be required specifying length of employment duration with the city.
- d) Education or training requested by the employee, where expenses are approved for payment by the city, will be reimbursed provided a satisfactory grade of "C" or above, or certification of satisfactory completion, is received and that proof of completion is presented with request for reimbursement. Expenses which may be approved by the Department Manager and included in requests for city reimbursement are tuition, books, and training registration fees, or a combination of those costs.
- e) Compensation for time spent by employees on training programs will be in accordance with the Fair Labor Standards Act.

3.19 Suggestions

All employees are encouraged to make suggestions which will improve efficiency of city operations, or employee job satisfaction. Even ideas for other departments of the city are helpful. Suggestions may be written or verbally given to the employee's supervisor at any time. The supervisor will then discuss the idea with the appropriate person or group.

- 4.09 Pre-disciplinary Meeting
- 4.10 Personnel Grievance
- 4.11 Communication Use
- 4.12 City Credit Card Use
- 4.13 Use of City Property
- 4.14 Use of Vehicles on City Business

4.01 Personal Appearance, Conduct & Attitude

Employees shall wear appropriate attire for their position and department, as determined by the Department Manager. Most City jobs involve contact with the public and other employees. Dress, grooming, and hygiene standards which are compatible with a professional, business-like atmosphere and which demonstrate respect for co-workers should be observed. A neat and presentable appearance is required at all times while on the job and representing the City of Buckley. Employees are expected to be positive in attitude even when dealing with citizens under strained or emotional conditions.

4.01.01 Uniforms. Should uniforms, safety apparel, or equipment be required for a particular position, they will be provided at City expense as provided for in administrative regulations. Except for exigent circumstances, uniforms

identifiable with the City of Buckley shall only be worn to and from work and during hours of work or duty.

4.01.02 Aromatic Sensitivities. Some employees may be sensitive and/or have allergies to smells and/or fragrances. Please be courteous to those around you when cooking strong smelling foods, such as fish, in common areas not designated as the lunchroom, and/or eating such food at your desk, as well as when using scented products, such as air fresheners, sprays, potpourri, lotions, makeup and colognes/perfumes. Scents linger and travel from workspace to workspace affecting those that may have sensitivities.

4.01.03 Jewelry and Personal Decoration. Accessories should be in good taste, with limited visible body piercing and no visible tattoos that may be offensive to others. The City prohibits any visible tattoo that is offensive. "Offensive" tattoos include, but are not limited to, any body tattoo or decal depicting nudity, violence, sexually explicit or vulgar art or words, or that is objectionable or demeaning to the image of the City. In general, if the City's other policies (e.g., Harassment Prevention) or Conduct (e.g., Respect) would prohibit the speaking of the words, or display of the art, in the workplace then the tattoos, jewelry or body piercing(s) may not be visibly worn at work. Employees may wear jewelry or body piercing(s) that does not detract from the overall professional appearance or that does not interfere with or diminish the effectiveness of personal protective equipment that may be required to perform the duties of their job position. Supervisors have the sole discretion to decide whether visible tattoos, jewelry or body piercing(s) are appropriate for the job position.

Hats and head covers that are required for medical or religious purposes or to honor cultural tradition are allowed and may also be worn upon prior approval of the Mayor and Department Head.

If clothing fails to meet these standards, as determined by the employee's supervisor and Department Head, employees may be sent home to make appropriate changes. Failure to return to work in compliance with the request will also be considered a violation of this policy. Progressive disciplinary action will be applied if dress code violations occur.

4.02 Hours of Work

A standard work day and normal operating hours are from 8:00 a.m. to 5:00 p.m., with a 1 hour unpaid lunch period, or 8:30 a.m. to 5:00 p.m. with a ½ hour unpaid lunch period, Monday through Friday, except those days designated as official holidays. Alternative work schedules pursuant to Section 4.03.02 may be jointly

considered by the employee and the department manager subject to final approval by the Mayor.

4.03 Standard Work Week

4.03.01 Full-time city employees work 40 hours per week. Unless otherwise approved in writing by the City the 7 day work week for each employee will be 12:00 midnight Sunday through 11:59 p.m. Saturday.

4.03.02 Alternative work schedules. The purpose of this provision is to establish guidelines for alternate work schedules and hours of work for City employees, keeping in mind that the use of alternative work schedules is offered in the City's discretion, and is not an entitlement for any employee.

An alternative work schedule may have several advantages, including:

- ◆ Increased ability to serve the public who need extended hours
- ◆ Employees travel to and from work with less stress during off-peak hours
- ◆ Less use of leave time due to greater flexibility in planning personal and medical appointments
- ◆ Increased employee morale
- ◆ Employees can choose to work during their most productive hours (flextime)
- ◆ Changes can be implemented city-wide or by department, depending on need
- ◆ Flex time allows employees the option of adjusting their starting and ending times for the purpose of adapting their schedules to optimize use of mass transit, vanpools, and carpools.
- ◆ Reducing congestion on the highways and saving energy from reduced commute times

4.03.03 Organizations Affected. All Departments. Should any provision of a collective bargaining agreement (CBA) conflict with this policy, the provisions of the CBA shall apply and govern.

4.03.04 Work Schedules. The normal work schedule of the City is the Five/Eight Schedule. Depending on the needs of the City and the interests of the employees, employees may be authorized to work one of the schedules listed below:

1. Five/Eight (5/8) Schedule. Eight hours per day, five days per week. Generally, employees will be assigned to work either 8:30 a.m. to 5:00 p.m.

with a $\frac{1}{2}$ hour unpaid lunch period, or 8:00 a.m. to 5:00 p.m., with a 1 hour unpaid lunch period.

2. Four/forty (4/40) Schedule. Under this schedule, employees work four 10-hour days. The fifth day is a day off. Generally the schedule will be Monday-Thursday, or Tuesday-Friday, but may be varied depending on the needs of the City. Generally, employees will be assigned to work 7:00 a.m. to 5:30 p.m. with a $\frac{1}{2}$ hour unpaid lunch period, or 7:30 a.m. to 6:00 p.m. with a $\frac{1}{2}$ hour unpaid lunch period.

3. Nine/eighty (9/80) Schedule. This schedule allows employees to work their usual number of hours in a 2 week period (80 hours in 9 days). The tenth day is off. Generally, employees will be assigned to work four (4) nine (9) hour days during a seven (7) day period and four (4) nine (9) hour days and an eight (8) hour day for the adjoining seven (7) day period. Normal working hours are either 7:30 a.m. to 5:00 p.m. with a $\frac{1}{2}$ hour unpaid lunch period, 8:30 a.m. to 6:00 p.m. with a $\frac{1}{2}$ hour unpaid lunch period, 7:00 a.m. to 5:00 p.m., with a 1 hour unpaid lunch period, or 8:00 a.m. to 6:00 p.m., with a 1 hour unpaid lunch period. This schedule normally provides every other Friday off. To earn the 10th day off, employees work nine-hour days Monday through Thursday, giving them 36 hours. Then on Friday, they work a regular eight-hour day, four hours of which count for the first week and the other four for the next week. On the second week, they again work Monday through Thursday for nine hours each day, giving them 80 hours for the two weeks, and the 10th day (Friday) off.

a) 9/80 Work Schedule Explanation. Consideration of the option for an employee to operate under a 9/80 work schedule shall be subject to the discretion of the Department Head and Mayor. For clarification purposes a 9/80 work schedule as referred to in this document is a work schedule covering a 14-day work cycle period in which an employee is assigned to work four (4) nine (9) hour days during a seven (7) day period and four (4) nine (9) hour days and an eight (8) hour day for the adjoining seven (7) day period.

Shifts will be scheduled with starting and stopping times as directed by the Department Head. Only those employees authorized by the Mayor will be able to participate in the 9/80 work schedule. The City reserves the right to schedule personnel on or off of the 9/80 work schedule as necessary. Should any employee on the 9/80 plan become ill or injured requiring time off from the job or modified job duties, that employee may be assigned to a five (5) day, forty (40) hour work week.

In compliance with Fair Labor Standards Act (FLSA), the City will establish a new work period for employees participating in the 9/80 work schedule. For the purposes of FLSA compliance, the work week is defined as beginning at the mid-point of the eight (8) hour day during the first seven (7) day work period, whether Friday or Monday. The second seven (7) day work period begins at the mid-point of the scheduled day off, whether Friday or Monday.

The purpose of defining the workweek as beginning in the middle of an 8-hour shift is to allocate hours so that the employee is not working more than 40 hours per workweek, and thus, is not accruing an entitlement to overtime pay for hours worked in excess of 40 hours per week. The employee will be required to acknowledge that he or she understands this allocations of hours, and that no overtime hours will be accrued, before being allowed to work this shift

4. Accruing and Using Sick Leave, Vacation Leave and Holiday Pay While On An Alternative Work Schedule.

a) Sick leave and vacation leave will continue to accrue at the regular rate. When an employee takes a full day of sick or vacation leave, the time charged will be equivalent to the full number of hours the employee was scheduled to work.

This compensates for actual time absent for regularly scheduled work hours. For example, an employee accruing eight (8) hours per month in sick leave is absent for a full day that he/she is scheduled to work ten (10) hours. The time charged for sick leave would be ten (10) hours.

b) When a paid holiday falls on an employee's regularly scheduled work day, the employee will be paid ten (10) hours of holiday pay. Any accrued paid holiday hours must be utilized in the calendar year in which they have been earned. Accrued holiday hours not used by December 31st of each year will be lost to the employee; however accrued holiday hours earned in November and December of each calendar year may be carried over into the following year but must be used by January 31 of that following year.

5. Lunch and Break Periods. The current practice of two (2) fifteen (15) minute paid breaks and one-half (1/2) hour unpaid lunch period shall remain in effect.

6. Limitations. Service under any alternate schedule will NOT result in the employee's working more than 40 hours per work week and no entitlement to overtime pay shall accrue on account of working this schedule. The employee may be asked to sign an acknowledgement that he or she will not be accruing overtime simply on account of working this schedule, before the City authorizes this schedule.

7. Modifications. Modifications in shifts are made at the sole discretion of the Department Head and should the 9/80 or 4/40 prove to be financially or otherwise unfeasible or not the most efficient means of service delivery, the City reserves the right to immediately cancel the 9/80 or 4/40, upon notifying the employee of such an intent.

4.03.05 Flex Time - Staggered Work Hours. Depending on the needs of the City and the interests of the employee, employees may adjust their arrival and departure times from 15 minutes to 1 hour under any of the authorized schedules. This may be done for a single day, or on a recurring basis. Flex time requires approval of the Department Head and coordination with the City Administrator.

4.03.06 Telework. Regular telework, also known as telecommuting or working-at-home, is defined as a mutually agreed-upon work option between the City and the employee where the employee works at a telework site (home or an alternative work site) on specified days and/or hours, and at the central work site the remainder of the time, retaining flexibility as necessary to meet the needs of the work unit. Regular telework may be scheduled for up to two days per week as agreed upon by the Mayor or designee and the employee.

4.03.07 Criteria for Approval. In determining whether to consider a request for an alternate work schedule, flex time, or telework, department heads shall be guided by the following criteria. The primary criterion shall be customer service. Will a change from the normal 5/8 work schedule:

- ◆ Maintain or increase access by and service to the citizenry;
- ◆ Facilitate teamwork;
- ◆ Facilitate supervisory assistance;
- ◆ Increase productivity;
- ◆ Reduce traffic congestion;
- ◆ Reduce commuting time; or
- ◆ Promote Energy conservation?

4.03.08 Attendance - Notices. Employees are expected to be ready to begin

work at the start of the shift. Advance notice of anticipated tardiness is expected; notice of unavoidable tardiness is expected when possible. Failure to do so may be construed as an unexcused absence, and the day missed treated as unpaid leave. Tardiness must be made up during the pay period in which it occurs. Notification by another employee, friend, or relative is not considered proper except in an emergency situation where the employee is physically unable to make the notification. Nonattendance records should be maintained by each department, including date, time absent and reason for absence. The appointing authority will consider attendance in determining promotions, transfers, satisfactory completion of probationary periods, and continued employment with the City. Frequent tardiness or other attendance irregularities is cause for disciplinary action.

4.03.09 Temporary, Part-Time, or Special Project Employees. Work schedules and hours for part-time, temporary or special project employees may vary from the alternate work schedules listed in this policy depending on the nature of the duties, and will be determined by the appropriate Department Head in consultation with the employee and City Administrator.

4.03.10 Scheduling Commitment. Employees who have requested and been approved for alternate work scheduling must maintain the new work schedule for a minimum of 90 days before requesting a change from the new schedule. Employees who have elected to continue with a normal schedule may request an alternate schedule at any time subject to the provisions above.

4.04 Attendance

Employees must be in attendance at their work station in accordance with the rules regarding hours of work, holidays and leaves as set forth in these policies. Employees are expected to be at their work station and prepared to begin work at the starting time. Abuse of attendance or hours of work rules may result in disciplinary action.

4.05 Break Periods

4.05.01 Rest Breaks: Employees are entitled to one 15-minute paid work break per four hours of work time. While rest breaks are authorized in accordance with applicable State law, break schedules are flexible so as not to interrupt the operations of the city. The Department Manager has the authority to revise break schedules as necessary.

4.05.02 Meal Breaks: Employees are entitled to a maximum one-hour unpaid break for meals for each 8-hour work day. Arrangements of meal breaks will be approved by the Department Manager in consideration of work schedules of the department.

4.06 Disciplinary Action and Rules of Conduct

City employees should be informed of rules of conduct and specific causes for disciplinary action, including applicable departmental policies or rules. These rules of conduct are formalized for each employee's information to minimize the likelihood of any employee becoming subject to disciplinary action through misunderstanding or otherwise. It is the responsibility of the department manager and immediate supervisor to ensure employees are informed of these rules of conduct.

4.06.01 Rules of Conduct

4.07 Forms of and Procedures for Disciplinary Action

4.07.01 The degree of disciplinary action administered depends on the severity of the infraction and will be carried out in accordance with this policy or in accordance with applicable Civil Service Rules and Regulations or labor contracts. It is the responsibility of the supervisor to evaluate the circumstances and facts thoroughly and objectively. The supervisor will then recommend the most suitable form of disciplinary action to the Department Manager.

1. Verbal Warning: Verbal warning should be given to the employees in private, if possible. This type of discipline should be applied for infractions of a relatively minor degree. Supervisors should inform the employee that he or she is administering a verbal warning, that the employee is being given an opportunity to correct the condition, and that if the condition is not corrected, the employee may be subject to more severe disciplinary measures.

2. Written Warning:

a) This notice may be issued by the supervisor or Department Manager in the event the employee continues to disregard a verbal warning, or if the infraction is severe enough to warrant a written record in the employee's personnel file.

b) The supervisor or Department Manager will put in writing the nature of the infraction in detail and sign the notice. The Department Manager will discuss the written warning with the employee and the immediate supervisor to be certain that the reasons for the warning are understood.

- c) A copy of the written warning will be given to the employee at the time of the discussion of the warning. The original copy will be placed in the employee's personnel file.
- d) A written warning may be removed at the request of the Department Manager from the employee's personnel file after a period of one year (12 calendar months) provided that no further disciplinary action is taken during the 12-month period. If subsequent disciplinary action is necessary, the written warning becomes a permanent record in the employee's file.

3. Written Reprimand:

- a) A written reprimand may be issued by the supervisor or Department Manager in the event the employee continues to disregard previous disciplinary measures of verbal or written warnings, or the severity of the infraction is such to warrant a written reprimand be made a permanent record in the employee's file.
- b) The supervisor or Department Manager will put in writing the nature of the infraction in detail and sign the notice. The Department Manager will discuss the reprimand with the employee and the immediate supervisor to be certain that the reasons for the reprimand are understood. A copy of the written reprimand will be given to the employee at the time of the discussion of the infraction. The original copy will be placed in the employee's personnel file.
- c) A written reprimand becomes a permanent record of the employee's file and may not be removed at the discretion of the Department Manager.

4. Probation: An employee may be required to serve an additional probationary period for disciplinary reasons for up to six months, which may be extended once for up to an additional six months. If placed on probation for disciplinary reasons, all provisions of probationary status apply, unless otherwise specified. At the end of the probation, the employee may be returned to regular status, demoted or terminated.

5. Demotion:

- a) Demotion may be used in rare instances where an employee is clearly unable to satisfactorily perform the responsibilities of their position but is capable of performing in a position of less responsibility

and otherwise exhibits the qualities of a good public employee. Demotions may be recommended by the Department manager or City Administrator, with final approval by the Mayor.

b) A pre-disciplinary meeting is required prior to a demotion for disciplinary reasons.

6. Suspension:

a) This form of discipline must be recommended by a Department Manager or the City Administrator and can only be used for a severe infraction of rules or standards, or for continued violation after the employee has received one or more written warnings and has made little or no effort to improve performance. It should be applied only after a thorough evaluation by the Department Manager or City Administrator, with final approval by the Mayor.

b) The Department Manager will put in writing all facts leading to the recommended suspension, and the duration recommended. A pre-disciplinary meeting will be held with the employee to make certain that the employee is fully aware of the reasons for the considered action and has an opportunity to respond and supply additional information.

c) A pre-disciplinary meeting is required prior to a suspension for disciplinary reasons.

d) Exempt personnel are not subject to unpaid disciplinary suspensions except in increments of full work weeks unless the infraction leading to the suspension is for a violation of a safety rule of major significance.

4.08 Termination

All city employees serve at the pleasure of the Mayor. Subject to any applicable state or federal laws, or specific provisions in employment contracts, the Mayor, or his designee, may discharge any employee at any time with or without cause. Removal from employment should normally follow verbal and/or written warnings previously given and made a part of the employee's personnel file. A pre-disciplinary meeting is required for all terminations.

4.08.01 A regular employee terminated from employment will normally be given at least two weeks notice with a letter of dismissal. However, in the event the infraction or situation is so serious that it requires "on the spot" removal, the employee will leave his work station immediately, if so directed

by the appointing authority or his designee, and later be given a termination letter explaining reasons for the action.

4.08.02 Copies of all disciplinary actions and termination letters are to be placed in the appropriate personnel record.

4.08.03 A final written performance appraisal will be completed on any terminated employee.

4.09 Pre-disciplinary Meeting

The Department Manager will provide for and arrange a pre-disciplinary meeting prior to demotion, suspension or termination of a regular employee.

4.09.01 An employee will be provided, in writing, with a notice of the infraction and an explanation of the reasons for disciplinary action. The employee will be given an opportunity to respond verbally or in writing, as to why the proposed disciplinary action should not be taken.

4.09.02 The employee may have a representative present at a pre-disciplinary meeting.

4.09.03 The City's explanation of the reasons for disciplinary action at the pre-disciplinary meeting will be sufficient to apprise the employee of the basis for the proposed action. This rule, however, will not be construed to limit the employer at subsequent hearings from presenting a more detailed and complete case, including presentation of witnesses and documents not available at the pre-disciplinary meeting.

4.09.04 Should it be determined that disciplinary action is necessary following the pre-disciplinary meeting, written notice of discipline will be given to the employee. Such notices are to include the alleged infraction and a general statement of the reasons for the action, and become a part of the employee's personnel file.

4.10 Personnel Grievance Procedure

The city will strive to assure clear communication, high morale and good will among employees, and will attempt to resolve employee concerns through discussion or other informal measures. Employees are encouraged to discuss any problems or suggestions with their immediate supervisor or Department Manager. However, if an employee feels that all informal avenues have been exhausted and their complaint or concern has not been resolved, that employee

may follow the grievance procedure. No punitive action will be carried out against any employee for utilizing the grievance procedures contained in these policies.

4.10.01 Applicability of Grievance Procedure

This grievance procedure applies to all regular non-probationary status city employees with the exception that it does not apply to employees covered by a valid collective bargaining agreement which contains a grievance procedure. In some cases, uniformed personnel may elect to use either the Civil Service Rules & Regulations or the Administrative grievance procedure, but not both for the same grievance.

4.10.02 Subjects of Grievance Procedure

The following subjects may be grieved: disciplinary action (as previously described) and any questions of interpretation as to wages, hours, classification, and working conditions in effect.

4.10.03 Procedure

All grievances are to be processed in accordance with the following procedure, the time limits of which are mandatory and which will be strictly enforced (See Definitions, "Days"):

Step One. The aggrieved employee will submit the grievance in writing to the immediate supervisor within 10 days of its occurrence. The immediate supervisor will respond to the grievance within 10 days. If the response is to request more time for investigation of fact, the employee may concur with such time extension or may proceed to the next step without prejudice. A copy of this response is to be sent to the Mayor, City Administrator, Department Manager and personnel office.

Step Two. If after receiving the response of the immediate supervisor the employee remains aggrieved, the decision may be appealed within 10 days, in writing, to the Department Manager stating the facts of the grievance, and remedy requested by the employee. The Department Manager's response to the grievance will be within 15 days. A copy of this response is to be sent to the Mayor, City Administrator and personnel office. If the Department Manager is the immediate supervisor, step two may be eliminated.

Step Three. If after receiving the response of the Department Manager the employee remains aggrieved, the decision may be appealed within 10 days, in writing, to the Mayor. It is necessary for the written grievance to state the nature of the grievance, along with reference to the policy (if any) violated, and all pertinent correspondence, records and information accumulated to date. Within 15 days of receipt of the grievance, the Mayor will hear the appeal and render a decision in writing within 20 days. The decision of the Mayor will be final. A copy of the decision is to be sent to the City Clerk's Office.

4.11 Communication Use

The City of Buckley provides or contracts for the communications services and equipment necessary to promote the efficient conduct of its business.

Most communications services and equipment have toll charges or other usage-related expenses. Employees should be aware of these charges and should consider cost and efficiency needs when choosing the proper mode for business communication. Employees should consult their supervisor if there is a question about the proper mode of communication.

All City of Buckley communications services and equipment, including the messages transmitted or stored by them, are the sole property of the City of Buckley. Department Managers may access and monitor employee communications and files as it considers appropriate. Communication services and equipment include mail, electronic mail ("e-mail"), courier services, facsimiles, telephone systems, personal computers, computer networks, on-line services, Internet connections, Intranet connections, computer files, video equipment and tapes, tape recorders and recordings, pagers, cellular phones, voice mail, and bulletin boards.

4.11.01 Computer Usage

As a City employee, you may use computers extensively in your job. A few rules are necessary so that everyone can get the maximum benefit from the City's investment in technology.

Software. In order to protect the City of Buckley's computer system from viruses and ensure that the software used is compatible with City computers, only software purchased or approved by the City may be installed on City computers. Before installing any software not purchased by the City, you must check with the Systems Administrator. Games and other non-business related software may not be installed on

City computers or used on City time. Software purchased by the City is for legitimate City business use only. It may not be copied or taken home.

Copyright Compliance. Software is protected from unauthorized duplication by law. The City of Buckley respects the legal rights of software developers and expects employees to do the same. No employee may duplicate software, or otherwise use software other than in accordance with the terms of its license. Software that has been duplicated without authorization may not be installed on City computers. Copyrighted material should not be sent via City e-mail or on the Internet.

Internet. Only employees specifically authorized by the City of Buckley may access on-line services and the Internet. Authorized employees must disclose all passwords to the City of Buckley and their supervisors but should not share the passwords with other employees. Employees' personal on-line use is allowed during approved breaks. Employees should not duplicate or download from the Internet or from any e-mail any software or materials that are copyrighted, patented, trademarked, or otherwise identified as intellectual property without express permission from the owner of the material. When appropriate Internet material or e-mail files are downloaded, they should be scanned using the City of Buckley anti-virus software.

E-mail. Employees must bear in mind that email is not private and its source is clearly identifiable. Email messages may remain part of City business records long after they have been supposedly deleted. Email may not be used for external broadcast messages or to send or post chain letters, messages of a political or religious nature, or messages that contain obscene, profane, or otherwise offensive material or language.

Employees should not use e-mail, facsimiles, or any other insecure communication system to communicate confidential information. Electric records, including e-mail messages, are public records subject to Washington State's Public Disclosure Records Act (RCW 42.17). There are also other legal issues related to e-mail communications. In general, e-mail is subject to discovery.

Monitoring. Users should be aware that electronic records are not private records. All messages and activity should be composed with the expectation that they will be made public. Please understand that by using the City's computer equipment to access electronic mail or the

Internet, all users have given their consent to permit the City, at its discretion, to inspect, use or disclose any Internet email or other electronic communications and/or data without further notice. Inspection is not systematic, and the city encourages and depends upon users to report offensive or inappropriate use. The City reserves the right to monitor all electronic records at any time and without prior notice, to assure compliance with this policy.

4.11.02 Personal Use of Communication Systems

City communication systems and networks are provided for the conduct of City business. However, personal use by employees of City telephone, and voicemail, email, and Internet systems is permitted within the following guidelines

- The use is of reasonable duration and frequency during approved breaks or lunch periods.
- The City incurs no added costs, such as long-distance telephone charges.
- The use is not related to any illegal activity or the conduct of an outside business.
- The use must not adversely affect the City or its public image.
- The use is not in support of any religious, political, or outside organization activity.
- The use does not interfere with the performance of City business, the employee's assigned duties, or the assigned duties of other employees and does not adversely affect the performance of the employee or the employee's organization.

Employees should ensure that no personal correspondence appears to be an official communication of the City of Buckley since employees may be perceived as representatives of the City of Buckley and, therefore, damage or create liability for the City of Buckley. All outgoing messages, whether by mail, facsimile, e-mail, Internet transmission, or any other means, must be accurate and appropriate. Employees may not use City of Buckley stationary or postage for personal letters. In addition, only the City of Buckley may issue personalized City of Buckley stationary and business cards.

4.11.03 Cellular Phones

The City may require certain employees to use a cellular telephone in the performance of their job or in emergency situations. In either case, the City shall pay the expenses related to the purchase, lease or rental of a cellular

phone when this is required. Department Managers shall be responsible for purchasing the cellular telephones and related equipment and maintaining them in the City's inventory. Employees are responsible for taking reasonable precautions to prevent equipment theft and vandalism, including securing the equipment in a proper manner at all times.

The City provides cellular telephones to certain employees to improve both the services provided to the community and the communications with other City employees for City business. Therefore, City owned cellular phones should be used "only" for City purposes and/or in the event of an emergency. Please limit incoming and outgoing personal cellular phone calls to necessary calls and keep them to a minimum. When personal, long distance use is unavoidable; employees should, if possible, log the user charges and reimburse the City for them. Employees are responsible for all charges incurred and are required to reimburse the City for long distance charges in the following billing cycle.

Please remember that cellular telephones are not a secure method of transmitting information. Employees are therefore expected to use discretion in relaying confidential or sensitive information. The City reserves the right to monitor the use of all City owned telephones.

4.11.04 Emergency Contact.

Employees who do not have direct access to a City of Buckley telephone should make provisions to have emergency or other necessary incoming calls routed to a department approved telephone or to City Hall. Although the City of Buckley will attempt to deliver personal messages to employees, it cannot and does not accept responsibility for the prompt or accurate relay of these messages.

4.11.04 Improper Communication Use.

Improper use of City of Buckley communications services and equipment will result in discipline, up to and including termination. Improper use includes any misuse as described in this policy as well as any harassing, offensive, demeaning, insulting, defaming, intimidating, or sexually suggestive written, recorded, or electronically transmitted messages.

4.12 City Credit Card Use

The City of Buckley recognizes that the use of credit cards is a customary and economical business practice used to improve work flow, reduce costs and increase efficiency.

The criteria for having a Purchasing Card issued is that it has been established by the City Official that the Employee needs a Purchasing Card for official travel or has been instructed to make purchases on the City's behalf. City Officials may request issue of Purchasing Cards only to individual permanent, regular employees. City Officials should establish a system for responsibility, control and distribution of Purchasing Cards within their departments, according to this policy.

Purchasing cards are designed to provide an alternative, convenient and efficient method for Purchasing of goods and services for official city use. They are not intended to be used to avoid or bypass purchasing policies, rather, they are to be used within the same statutes, rules, policies and procedures as purchases by any other means of payment. The City's Purchasing Card program is established and authorized by RCW 43.09.2855.

The City Administrator approves the following City of Buckley Purchasing Card Policy and hereby delegates and authorizes City Officials and Employees authority to use Purchasing Cards described in this policy.

The Director of Finance or designee(s) shall be responsible for implementing, monitoring, and administering this policy.

The use of a Purchasing Card is a privilege that has been granted to Employees. Certain responsibilities are associated with that privilege.

This program is an enhancement to the purchasing process and a delegation of purchasing authority. The Purchasing Card is designated with built-in spending controls to help prevent inappropriate purchases.

Finance manages the Purchasing Card program (onboarding, off-boarding, and training), Cardholders make purchases in accordance with this policy, City Directors ensure their Department/Divisions adhere to this policy, Finance audits for compliance, processes payments to US Bank and maintains required accounting records in conjunction with the department or division.

Each City Official is responsible for management of the Purchasing Card accounts in their department and may establish additional controls and restrictions as deemed appropriate within their department. In addition, audit for compliance of the charges on each receipt by each Cardholder is required by

the City Official before the Transaction Log is submitted to Finance for processing.

Each City Official will be responsible to designate a Purchasing Card Custodian within their department that will oversee, collect Transaction Logs, track purchases, monitor disputes, and reconcile statements monthly for each Purchasing Card issued to and within their department. This individual will be the primary department contact for the program.

The City Official requesting the Purchasing Card will determine the single transaction limit and monthly transaction limit at the time of application. Cardholders shall not exceed these limits without prior written approval from the City Official.

- a. Single Purchase Limit: Is the limit established for each Purchasing card that no single purchase may exceed. This limit on purchasing authority is delegated to the Cardholder by the Purchasing Card Administrator. This limit cannot be exceeded unless pre-approved by the Finance Director. A “single purchase” may include multiple items purchased in a single transaction. If the dollar amount exceeds the single purchase limit, a Purchase Order shall be used instead of the Purchasing Card.
- b. Spending Limit Per Cycle: The budgetary spending limit imposed by the Approving Official on cumulative Cardholder purchases in a given month. The total cumulative dollar value of Cardholder purchases for any single month shall not exceed this limit. It is the sum of unbilled prior month purchases, prior month disputed payments carried forward, plus current month purchases.
- c. Merchant Category Codes: (MCC) codes established on the account, which define the type of merchant from which a Cardholder may or may not purchase certain types of goods and/or services.
- d. Authorizations/Transaction: The number of transactions allowed on an account per billing cycle, as well as, the number of authorizations per day.

Purchasing Card purchases have the same documentation and voucher requirement as any other City purchase. The Cardholder making a purchase must retain the original receipt for the transaction. Receipts must be submitted within twenty-four (24) hours after purchase is made or conclusion of travel to the Purchasing Card Processing Officer in the Cardholder's department. The

Purchasing Card Processing Officer is required to submit all receipts to Finance for auditing purposes and processing, pursuant to these procedures.

Purchasing Card Use Violations

- Regardless of what is determined to be a material level for reconciliation and audit purposes, all violations of Purchasing Card/account use (Purchasing Card/account used for fraudulent use, personal purpose, or other violation) shall immediately be reported to the responsible City Official, the Finance Director, the Cardholder's Supervisor, and the Purchasing Card Administrator.
- Discipline for improper use of Purchasing Cards or violations of City policies or procedures will be the responsibility of the responsible City Official. Disciplinary actions will be processed in accordance with established personnel policies and/or collective bargaining agreements. A violation may be cause for corrective action and/or discipline, depending on the severity of the violation, which could include termination of employment and/or criminal prosecution.
- Immediately following an investigation that results in a determination that charges were fraudulent and/or that misuse of the Purchasing Card/account has occurred, the offender will be required to reimburse the City of inappropriate or fraudulent charges, including interest, (if applicable).
- Said reimbursement may, at the sole discretion of the responsible City Official; (a) be made by direct payment, (b) be withheld from the Employee's next succeeding paycheck, or (c) be repaid pursuant to a repayment plan (e.g., deduction of equal amounts from Employee's paychecks). Direct repayments shall be submitted to Accounts Receivable.
- By signing the Purchasing Card Agreement form, an individual Cardholder agrees to all the conditions in the policy.

4.13 Use of City Property

City supplies and equipment must be conserved for the authorized conduct of official business. By state law, they are not for personal use. City stationary, supplies and postage may not be used for personal mail. Personal mail should be

delivered at an employee's home address; however, occasional package deliveries will be allowed. Please do not use the City cash drawer for cashing personal checks.

If you are entrusted with City equipment, materials or property to use in your job, you are responsible for its proper use, care and maintenance. If you need to borrow or take home City property for City business, you must have authorization from your supervisor.

All communications technology including but not limited to computers, internet, email, phone service (telephones and cellular) are the property of the City and may be used only for official business (see Section 4.11). Other City equipment, including vehicles, should be used by employees for City business only, except as allowed under other provisions of this policy. An employee's misuse of City services, telephones, vehicles, equipment or supplies can result in disciplinary action up to and including termination.

The City may provide a locker, cabinet, or desk for your personal belongings. The City reserves the right to inspect City owned property with or without notice, for legitimate business reason.

The City encourages its employees to avoid bringing private articles or property for work related purposes. The City reserves the right to restrict or limit private property in City facilities. Employees who do choose to bring private property to City facilities should clearly identify all their private property to include tools for identification purposes. The City will not be responsible for loss, stolen, damaged or misplaced personal possessions brought onto City property.

4.14 Use of Vehicles on City Business

4.14.01 Use of City Vehicles

City vehicles are available for employees to use while conducting City business. Except for incidental personal business which may be accomplished along the route (such as stopping at a bank), City vehicles are to be used only for City business.

With the approval of the Mayor, selected emergency response (fire & police) and designated on-call employees may drive a City vehicle back and forth between work and their private residence.

Unless otherwise authorized by the city, only employees and/or qualified volunteers holding valid Washington state Driver's License and/or

commercial vehicle endorsement, if applicable will be allowed to operate city vehicles.

Employees who drive a vehicle on city business must exercise due diligence to drive safely and to maintain the security of the vehicle and its contents. Employees are also responsible for any driving infractions or fines as a result of their driving.

Employees must report any accident, theft, or malicious damage involving a city vehicle to their supervisor and the appropriate personnel within the city police department, regardless of the extent of damage or lack of injuries. Such reports must be made as soon as possible but no later than forty-eight hours after the incident. Employees are expected to cooperate fully with authorities in the event of an accident.

Employees shall not operate any city vehicle at any time or operate any personal vehicle while eligible for mileage reimbursement and on city business while using or consuming alcohol, illegal drugs, or prescription medications that may affect their ability to drive. The city prohibits operators of vehicles from drinking alcohol, consuming illegal drugs, and taking prescription medications that affect ability to drive, and driving. Smoking inside any City vehicle is prohibited.

4.14.02 Use of Personal Vehicles

Employees may opt to use their personal vehicles for City business when approved by their supervisor. Use of personal vehicles by employees is preferred when attending conferences and training.

Employees who use their personal vehicles for approved business purposes will receive a mileage allowance equal to the Internal Revenue Service optional mileage allowance for such usage. This allowance is to compensate for the cost of gasoline, oil, depreciation, and insurance. Therefore, employees who operate personal vehicles for city business must maintain auto liability coverage as required by State law.

If an employee using a personal vehicle is involved in an accident or any damage is incurred to the vehicle, claims should be made to the employee's personal automobile insurance carrier.

Section 5

Employee Position Classification & Salary Plan

- 5.01 General Provisions
- 5.02 Classification Plan
- 5.03 Salary Plan
- 5.04 Payment of Salaries

5.01 General Provisions

A position classification plan will be maintained by the City, based on investigation and analysis of the duties and responsibilities of each position. The completed plan will consist of a classification specification for each position, including appropriate title, description of duties and responsibilities, and minimum requirements and/or desirable training, experience or other qualifications.

5.02 Classification Plan

5.02.01 **Preparation of Classification Plan:** The Mayor is responsible to assure the preparation of a plan which includes a specification for each classification. Specifications will be prepared after consultation with supervisors and other persons technically familiar with the duties and responsibilities of the job to be performed.

5.02.02 **Classification of Positions:** Each position will be assigned by the Mayor to one of the classifications of the approved classification plan. Employees will be notified of the classification of their position. The title, as it appears on the specification, will be used to designate the position on official records and payroll.

5.02.03 **Classification Specification:** The classification specifications are hereby declared to have the following definition and scope:

- a) They are explanatory only and not restrictive.
- b) In determining a position classification, the specification will be considered as a whole, comparing general duties, responsibilities, minimum qualifications and relationship to other positions in order to obtain an inclusive picture of the position and place it in the appropriate classification.

- c) The outline of principal duties of work performed applies to general duties or tasks and is not intended to prescribe the specific duties of a given position, or to limit the alteration or modification of detailed tasks involved in the duties of any position, so long as they remain within the general definition of the classification.
- d) The classification specification may include additional requirements which are determined to be necessary for the best interests of the City. These requirements may include possession of a valid motor vehicle operator's license, physical ability, or any other bona fide occupational qualifications pertinent to the positions covered.
- e) Nothing in the classification specification is to be interpreted as restricting a supervisor from assigning an employee of one classification to perform some of the duties of a higher or lower classification for a limited period of time.

5.02.04 New Positions

The Mayor will review any request for a new classification. No new classification will be used until there is an approved classification specification covering the work to be performed. If none of the existing classifications is appropriate, a new classification specification is to be prepared in accordance with these policies. Authorization for new positions will be approved through City Council adoption and amendments of the annual salary resolution and/or budget.

5.02.05 Classification Plan Revision & Reclassification

A classification may be reclassified at the request of the department manager, employee, or City Administrator when it appears that the duties and responsibilities of an existing classification are changed. Reasons for the reclassification request are to be stated in writing and the Mayor will determine whether the present classification is correct or whether a reclassification is necessary. New or revised classification specifications will be prepared as provided in these policies and will become a part of the classification plan.

5.02.06 Incumbents of Reclassification Positions

- a) When reclassification occurs, an employee occupying the position may be retained in the position provided that the Mayor determines that the reclassification results from an official recognition of a change in

duties and responsibilities which has already occurred and is a long-term inequity of classification.

b) If the reclassification results in a higher maximum salary, this constitutes a promotion and the rules governing promotion with regard to salary apply. If the reclassification results in a lower maximum salary, this constitutes a demotion and the rules governing demotion with regard to salary apply.

5.02.07 Reallocation

A reclassification may be reallocated to a new pay range at the request of the department manager, employee, or the City Administrator when it appears that the duties and responsibilities of an existing classification are changed. Reasons for the reallocation request are to be stated in writing and the Mayor will determine whether the present allocation is correct or whether a reallocation is necessary.

5.02.08 Incumbents of Reallocation Classifications

- a) When a classification is reallocated, the employee occupying the position may be retained after it has been reallocated, without examination.
- b) If the reallocation results in a higher salary range, the employee's salary will be adjusted, if necessary, to the step in the new range resulting in a salary nearest that existing salary which will not result in a salary decrease.
- c) If the reallocation results in a lower salary range, the employee's salary will be adjusted downward to the next lowest step in the new range that will result in an equal salary or the least reduction in salary.
- d) Nothing in the classification specifications is to be interpreted as restricting a supervisor from assigning an employee of one classification to perform some of the duties of a higher or lower classification for a limited period of time.

5.02.09 Use of Classification Titles: The classification title is the official title of every position assigned to the classification for the purpose of personnel actions and is to be used on all payrolls, budget documents, and official records and reports relating to the position. Any other working title desired and authorized for use by the Mayor may be used as a designation of any

position for the purpose of internal administration or in contacts with the public.

5.02.10 Appeals of Classification: Any department manager or employee affected by the classification of a position may file a written request for reconsideration with the Mayor. The Mayor will review the classification of the position. The decision of the Mayor is final.

5.03 Salary Plan

5.03.01 Adoption of Salary Plan: The Mayor is responsible to recommend to the City Council for adoption of a Salary Plan for the City of Buckley. The Plan will include salaries for non-bargaining unit personnel, as well as salary grades negotiated by employee representatives.

5.03.02 Salary Plan Review: The Salary Plan is to be reviewed annually by the City Council, usually as part of the normal budgetary process for the City. Any changes to the Salary Plan as part of the annual review process are distinguished from merit increases and are not intended to give recognition to length or quality of service, but to general labor market salary requirements and internal relationships.

5.03.03 Qualified Payroll Period: When an employee has ten (10) or less days in a non-pay status in any given calendar month, the payroll period will be considered qualified to accrue benefits, serve out probation, and for computation of merit increase dates. A new employee may be credited with the first payroll period if employed prior to the 15th of the month.

5.04 Payment of Salaries

All employees are paid at an hourly or monthly rate, as specified in the Position and Salary Resolution. Hourly employees are paid on the basis of actual number of hours worked, including authorized absences with pay and authorized holidays.

Salary rates for temporary or part-time employees will be based on the pay for full-time positions in the same classification.

5.04.01 Beginning Salary: Each employee will be appointed at the first step of the range established for the classification, with the exception of management classification, which shall be negotiated within the assigned range. If it is determined that appointment of non-management employees above the first step may be warranted, the following procedures will apply:

- a) The factors to be reviewed in approving appointment beyond the first step are: availability of applicants meeting the qualifications for the vacant position, relationship to other similar classifications, prior experience of a candidate in a comparable position, time available to continue the recruitment process, and budget consideration.
- b) The department manager will submit a request for appointment at a higher step to the Mayor, stating justification for the request. The Mayor will make a decision based upon the factors as outlined in 5.04.01 (a).

5.04.02 Merit Step Increases - Regular Status Employees

- a) When a regular status employee has performed satisfactorily, as determined through the Performance Evaluation process, a merit step increase may be granted at the completion of six (6) qualified payroll periods from the employee's anniversary date, but not before the satisfactory completion of the employee's initial six-month probationary period.

In the case of an employee placed at the time of hire above Step One of the pay range, the initial in-class merit step raise will be considered upon the completion of twelve (12) months in class and at intervals thereafter defined within a separate bargaining unit agreement or salary plan adopted by the City Council.

- b) The annual merit step increase date for an employee will change only if:
 - 1) the employee is promoted or otherwise moved to a position assigned to another job class and is required to serve a trial performance period;
 - 2) the employee receives a merit step adjustment as authorized by the City Administrator; or
 - 3) the employee has used more than 15 calendar days of leave without pay in one month. For each month in which more than 15 calendar days of leave without pay has been used, the employee's annual merit increase date shall be advanced by one month.

5.04.03 Promotion: A promotion is an appointment to a position in a classification which has a higher maximum salary rate than the employee's present classification. The City Administrator will determine the salary step of the promoted employee in the new salary range on the date of the

promotion. The salary step of the promoted employee will be set so that the promoted employee's pay level is no more than two salary steps higher than the employee's step prior to the promotion. If step one of the salary range to which the employee has been promoted is a pay level more than two steps higher than the promoted employee's previous salary step, then the employee shall be assigned to step one of the higher salary range. When the date of promotion and the merit increase date coincide, the merit increase is paid prior to the promotional increase.

5.04.04 Demotions: A demotion is an appointment to a position in a classification which has a lower maximum salary rate than the employee's present classification. When a demotion occurs, the department manager will recommend to the Mayor a salary for the demoted employee within the salary range of the lower classification which is less than or equal to the employee's present salary. The employee will retain the same anniversary date.

5.04.05 Transfer:

- a) A position transfer is an appointment to a position in the same or different classification of the same pay grade.
- b) When an employee is transferred to a position in a different classification with the same pay grade, or is transferred to another department with the same classification, the employee's pay remains the same. The employee will retain the same anniversary date for leave and length of service purposes.

5.04.06 Temporary Change of Classification

- a) A current employee assigned to a classification with a differing rate of pay in an "acting" appointment status will be compensated at the next higher step in the new range according to policy on promotion.
- b) If the employee is promoted to the higher class with regular appointment status, all policies apply from the date of promotion.

5.04.07 Overtime: Any City employee may be required, as a condition of employment, to work overtime when necessary as determined by his or her supervisor.

- a) All overtime is to be approved by the employee's supervisor in advance of being worked. In the case of emergencies, the employee is

responsible to notify the supervisor as soon as possible of the need to work overtime.

- b) Overtime is considered as time worked in excess of forty (40) hours per week, except in the case of non-standard work schedules. A non-standard work day and work week shall be established by the department manager, or by applicable bargaining agreements, employee contracts or letters of appointment, and approved by the Mayor. The work day or work week may be changed to accommodate the efficient operation of the department.
- c) Time worked as overtime will not be used to earn employee benefits or to serve out probation or merit increase periods.
- d) All overtime worked and compensated will be in accordance with the Fair Labor Standards Act.

5.04.08 Compensatory Time

Non-Exempt Employees

A regular full-time or regular part-time non-exempt employee may request compensatory time off in lieu of overtime payment. Compensatory time off must be requested by the employee and authorized by the appropriate supervisor. An employee who does not request compensatory time will be paid overtime, and the supervisor can deny a compensatory time request (if time off is not practical) and instead overtime will be paid.

Compensatory time is earned at the rate of 1.5:1 or one and one-half hours for each hour of overtime worked. Compensatory time may be accrued to a maximum of eighty (80) hours. Compensatory time in excess of eighty (80) hours will be paid as overtime within the same period that the eighty (80) hour limit has been exceeded. Employees should be encouraged to use compensatory time accrued within ninety (90) days of earning it whenever possible. Upon termination, unused compensatory time will be paid at the current rate on the final paycheck.

5.04.09 Executive Administrative Time

Exempt Employees

An employee in an exempt position shall not be entitled to overtime compensation.

However, the City recognizes that, due to operational needs, exempt employees are frequently required to work additional hours for special projects, evening meetings and emergency situations and therefore desires to establish a method to compensate exempt employees for this extra time by granting executive administrative time.

Executive administrative time is earned at the rate of 1:1 or one hour for each hour of time worked in excess of 40 hours for the week. Exempt employees earning executive administrative time shall be allowed to accrue administrative time "only" during the calendar year in which earned. Administrative time in excess of one-hundred twenty (120) hours that has not been used by December 31st of each calendar year shall be paid at the straight time hourly rate at which the time was earned. Employees are encouraged, whenever possible, to use administrative time accrued within ninety (90) days of earning it. Upon termination, unused administrative time in excess of one-hundred twenty (120) hours shall be paid at the straight time hourly rate at which the time was earned.

5.04.10 Exemptions: The Mayor may recommend to the City Council, positions to be exempt from overtime provisions on the basis of the nature of work, conditions of employment or by definition of administrative, supervisory and professional classifications as provided by State and Federal laws. Such exemption is based upon special conditions to work or assignment, in accordance with the Fair Labor Standards Act.

5.04.11 Pay Periods: Paychecks will be issued on the last business day of the month. Draw checks shall be issued on the fifteenth (15th) of the month.

- Draw day on Saturday or Friday holiday - check issued the preceding City-scheduled workday.
- Draw day on Sunday or Monday holiday - check issued the following City-scheduled workday.

6.03 Floating Holiday(s)

6.03.01 In addition to the above-listed holidays, all regular status employees who have completed at least six months of employment with the city may take two ten (10) hour "floating" holidays each calendar year, at the request of the employee and with the approval of the department manager.

6.04 Unpaid Holidays for Reasons of Faith or Conscience

Employees are entitled to two unpaid holidays per calendar year for a reason of faith or conscience or an organized activity conducted under the auspices of a religious denomination, church, or religious organization.

The employee may select the days on which he or she desires to take the two unpaid holidays after consultation with his or her supervisor. If an employee prefers to take the two unpaid holidays on specific days, then the employee will be allowed to take the unpaid holidays on the days he or she has selected unless the absence would unduly disrupt operations, impose an undue hardship, or the employee is necessary to maintain public safety. The term "undue hardship" has the meaning contained in the rule established by the Office of Financial Management.

If possible, an employee should submit a written request for an unpaid holiday provided for by this section to the employee's supervisor a minimum of 14 (days/weeks) prior to the requested day. The written notice shall include the name of the employee, the date that the employee seeks to take unpaid leave, the amount of unpaid leave (whole shift or partial shift), and a description of the reason for the leave that is sufficient for the City to determine whether it qualifies under the new law, SB 5173. Approval of the unpaid holiday shall not be deemed approved unless it has been authorized in writing by the employee's supervisor. The employee's supervisor shall evaluate requests by considering the desires of the employee, scheduled work, anticipated peak workloads, response to unexpected emergencies, the availability, if any, of a qualified substitute, and consideration of the meaning of "undue hardship" developed by rule of the Office of Financial Management.

The two unpaid holidays allowed by this section must be taken during the calendar year, if at all; they do not carry over from one year to the next.

6.05 Vacation Leave

6.05.01 All regular status non-union employees of the city accrue annual vacation with full pay according to the following schedule:

6.05.02 Paid vacation may be taken only after the eligible employee has worked continuously for the city for at least six months. Requests for vacation are to be submitted at least two weeks in advance unless waived by the department manager or as part of Family Care Leave as permitted in section 6.10.

6.05.03 All vacations must be approved by the appropriate department manager. Department manager vacations are approved by the City

Administrator. City Administrator vacations are approved by the Mayor. Vacations used as part of Family Care Leave are subject to the provisions of section 6.10.

6.05.04 Vacation time may be accrued only to a maximum of 240 hours (30 days), except under unusual circumstances and with approval of the department manager and the City Administrator. With the exception of section 6.05.05 below, any unapproved accrual beyond the 240 hour limit will be forfeited by the employee.

6.05.05 In cases where the Mayor and/or City Administrator have determined that city operations have made it impractical for an employee to use vacation time, those non-union employees may elect to take a portion of their annual carryover balance of vacation time in cash as opposed to taking the time off. The Salary Schedule will be used to determine the hourly rate of when the time was earned and the employee will be paid that equivalent in cash. When authorized, the employee may exercise the option to buy back vacation hours up to two times in each calendar year. The employee may elect to buy back up to forty (40) hours in June and forty (40) hours in December or the full eighty (80) hours in December. The decision to exercise the option must be made and submitted to the Finance Director prior to May 30 for a June buy back or November 30 for a December buy back. The buy/back payment(s), if chosen, will occur in June and/or December of the year in which the request is submitted. The maximum hours that may be exercised for vacation buy-back is eighty (80) hours in any calendar year, on an hour for hour basis.

6.05.06 Upon separation from city employment, any regular status employee with more than the equivalent of six months of service shall be paid for up to a maximum of 240 hours of accrued vacation. Compensation shall be based upon the employee's salary at the time of separation and shall be subject to applicable withholding under state and federal law.

6.05.07 Any holiday occurring during an approved vacation is not counted as a day of vacation taken.

6.06 Sick Leave

6.06.01 Each regular status employee of the city not represented by a bargaining agreement shall accrue sick leave at the rate of one day per month. Maximum accrual for sick leave is 1760 hours. Accrual beyond the 1760 hour limit will be forfeited by the employee.

6.06.02 All regular status employees not represented by a bargaining agreement are eligible to use accrued sick leave for:

- a) An illness or injury incapacitating the employee to perform the required work;
- b) preventative health care of the employee; or
- c) An illness, injury or preventative health care of an immediate member of the employee's family which requires the employee's attendance subject to 6.05.03 below; or
- d) needs pursuant to Family Care Leave as outlined in section 6.10.

6.06.03 Use of accrued sick leave to care for an immediate family member, who is ill, injured or in need of the employee's assistance to receive preventative health care, shall be limited to 10 days per year unless additional use is authorized by the department head or the use is pursuant to Family Care Leave as stated in section 6.10.

6.06.04 Employees unable to report to work because of illness or injury are to notify their immediate supervisor as soon as possible, but not later than 15 minutes prior to the start of his/her regularly scheduled shift, except in the case of a bona fide emergency. Sick leave with pay may not be allowed, at the discretion of the supervisor, unless such report has been made.

6.06.05 The City may require the employee to provide certification of illness or a written release to return to work from a qualified health care provider for any sick leave taken after three (3) consecutive days of sick leave, provided that the request of a certificate from a health care provider be made at the time the employee requests sick leave. Abuse of sick leave privileges may be cause for disciplinary action, including dismissal.

6.06.06 Substitution of accrued vacation leave for sick leave may be allowed subject to Personnel Policy 6.04 above.

6.07 Sick Leave Payments

6.07.01 Sick Leave Payments Upon Retirement or Separation: Upon retirement in a recognized retirement system, as defined in Section 2 of this policy, an employee shall receive pay at his/her regular wage rate for 25% of unused accumulated sick-leave as severance pay; provided, however, upon termination from City employment for any reason other than for cause,

twenty-five percent (25) of unused sick leave shall be paid to an employee with five years or more of city employment. Employees shall be eligible for this benefit as a result of retirement, death, voluntary separation or involuntary layoff but shall not be eligible if terminated for cause. Compensation shall be based upon the employee's salary at the time of separation. Moneys received under this section shall not be included for the purpose of computing a retirement allowance under any public retirement system in this state. Every three (3) months a list shall be posted of all sick leave earned.

Employees who are choosing to retire or separate from City service and wish to receive a sick leave payment, must provide a resignation letter and appropriate documentation of their decision to retire to the City Administrator.

6.08 Washington Paid Family & Medical Leave

Effective immediately, the City of Buckley shall remove the Sick Leave Sharing Policy based on the Washington Paid Family & Medical Leave, which pays employees who qualify, for family medical leave based on a qualifying event.

Paid Family and Medical Leave Overview: Paid Family and Medical Leave, RCW 50A.04 is a mandatory statewide insurance program that will provide almost every Washington employee with paid time off to give or receive care. If you qualify, this program will allow you to take up to 12 weeks, as needed, if you:

- Welcome a child into your family (through birth, adoption or foster placement).
- Experience a serious illness or injury.
- Need to care for a seriously ill or injured relative.
- Need time to prepare for a family member's pre- and post-deployment activities, as well as time for childcare issues related to a family member's military deployment.

For specifics on military-connected paid leave, visit
www.dol.gov/whd/regs/compliance/whdfs28mc.pdf

If you face multiple events in a year, you might be eligible to receive up to 16 weeks, and up to 18 weeks if you experience a serious health condition during pregnancy that results in incapacity.

6.08.01 Payment of Premiums: The program is funded by premiums paid by both employees and employers. It will be administered by the Employment Security Department (ESD).

Premium collection started on January 1, 2019, the premium is 0.4 percent of wages. Employers can either pay the full premium or withhold a portion of the premium from their employees. Employers who choose to withhold premiums from their employees may withhold up to about 63 percent of the total premium, or \$2.44 per week for an employee making \$50,000 annually. The employer is responsible for paying the other 37 percent. Businesses with fewer than 50 employees are exempt from the employer portion of the premium but must still collect or opt to pay the employee portion of the premium.

Premium collection began January 1, 2019. Your employer will calculate and withhold premiums from your paycheck and send both your share and theirs to ESD on a quarterly basis.

6.08.02 Washington Paid Family & Medical Leave Coordinated with Other Leaves: Employees who have accrued vacation, sick or other paid time off may choose to take such leave **or** receive paid family and medical leave benefits, as provided for in RCW 50A.04.020.

An employee receiving Washington Paid Family and Medical Leave payments during a family and/or medical related leave shall use only the number of leave hours that, together with the Washington Paid Family & Medical Leave benefits payments, represents the employee's normal pay for the same period. Payroll will calculate use of paid leave hours on a retroactive basis back to the first day in which the employee was off work. In no event shall the accumulation of leave and Washington Paid Family Medical Leave income result in an employee receiving income in excess of 100% of their regular straight-time income for the same period.

If the employee elects to use paid leave to supplement the employee's earnings, the employee must notify Payroll at the start of his/her Washington Paid Family & Medical Leave. Once the employee elects to use paid leave to supplement his/her earnings, the employee may not reverse the election. An employee may not elect to use only a portion of his/her accrued leave.

Employees who elect to use his/her accrued leave to supplement their wage while on family and/or medical leave shall notify payroll each pay

period how many hours of sick and or vacation they are using to supplement their wage.

6.08.03 Taking Leave: Starting January 1, 2020, employees who have worked 820 hours in the qualifying period (equal to 16 hours a week for a year) will be able to apply to take paid medical leave or paid family leave. The 820 hours are cumulative, regardless of the number of employers or jobs someone has during a year. All paid work over the course of year counts toward the 820 hours, including part-time, seasonal and temporary work.

While on leave, you are entitled to partial wage replacement. That means you will receive a portion of your average weekly pay. The benefit is generally up to 90 percent of your weekly wage, with a minimum of \$100 per week and a maximum of \$1,000 per week. You will be paid by the Employment Security Department rather than your employer.

Unlike the federal Family and Medical Leave Act (FMLA), employees of small businesses may take Paid Family and Medical Leave if they meet the standard eligibility requirements.

Please go to paidleave.wa.gov for more information.

6.08.04 Leave Protection: Employees who return from leave under this law will be restored to a same or equivalent job if they work for an employer with 50 or more employees, have worked for this employer for at least 12 months, and have worked 1,250 hours in the 12 months before taking leave (about 24 hours per week, on average).

You can keep your health insurance while on leave. If you contribute to the cost of your health insurance, you must continue to pay your portion of the premium cost while on leave.

Your employer is prohibited from discriminating or retaliating against you for requesting or taking paid leave.

6.09 Medical Leave of Absence

6.09.01 Sick leave may be used by employees who are unable to perform their job duties due to illness or temporary disability. Medical leave may also be used for a period of actual disability caused or contributed to by pregnancy, miscarriage, abortion, childbirth or recovery therefrom.

6.09.02 In the event sick leave is not accrued by the employee, or there is not sufficient accumulated sick leave, use of vacation or leave without pay will be allowed for the actual period of illness or temporary disability.

6.09.03 A certificate from a qualified health care provider may be required to provide certification of illness or temporary disability, and may be required to provide written release to return to work.

6.09.04 An employee will be returned to the same position, or similar position of the same pay, if leave has been taken only for the actual period of illness or disability relating to pregnancy or childbirth. The total medical leave period granted under this policy may not exceed 180 calendar days.

6.10 Family and Medical Leave

6.10.01 Eligibility for Leave: Any city employee who has been employed for at least twelve (12) months by the city and has worked for at least 1250 hours during the previous twelve (12) months, may receive up to twelve (12) weeks of unpaid leave in a twelve (12) month period to care for:

- (a) A newborn child, newly adopted child, newly placed foster child;
- (b) a spouse, child or parent with a serious health condition; or
- (c) a personal, serious health condition that leaves the employee unable to perform the essential functions of his/her job.

If both spouses are city employees, the city reserves the right to restrict family and medical leave to a total of up to twelve (12) work weeks of unpaid leave in a twelve (12) month period for the birth or adoption of a child or to care for a parent with a serious health condition. The city may opt to limit the use of the family and medical leave to one spouse at a time.

Part-time, regular status employees shall receive family leave on a pro rata basis. If the number of working hours varies, the average hours over the course of the past 12 months prior to the family medical leave period shall be utilized as the basis for calculation the employee's normal work week.

Family and medical leave taken to care for a newborn or newly adopted child must be completed within twelve (12) months of the child's birth or placement for adoption. This leave is in addition to maternity

disability leave as provided above in 6.08, which is allowed for the actual period of the disability associated with pregnancy or childbirth.

6.10.02 Definitions. For purposes of the family medical leave policy in section 6.09, the following terms are defined:

(a) "*Twelve Month Period*" - means a rolling 12-month period measured backward from the date taken and continuous with each additional leave day taken.

(b) "*Child*" - means a child either under 18 years of age or older who is incapable of self-care because of a mental or physical disability. An employee's "*child*" is one for whom the employee has actual day to day responsibility for care and includes a biological, adopted, foster or step-child.

(c) "*Serious Health Condition*" - means an illness, injury impairment, or physical or mental condition that involves either: 1) inpatient care; or 2) any period of incapacity requiring absence from work for more than five calendar days AND that involves continuing treatment by a health care provider; or 3) continuing treatment by a health care provider for a chronic or long-term health condition which, if left untreated, would likely result in a period of incapacity of more than five calendar days; or 4) prenatal care by a health care provider.

In determining whether a *serious health condition* exists, the term "*continuing treatment*" shall mean either: 1) two or more visits to a health care provider; or 2) two or more treatments by a health care practitioner or referral from, or under the direction of, a health care provider; or 3) a single visit to a health care provider that results in a regimen of continuing treatment; or 4) in the case of serious, long-term or chronic condition or disability that cannot be cured, being under the continuing supervision of, but not necessarily being actively treated by, a health care provider.

(d) "*Medically Necessary*" means there must be a medical need for the leave and that the leave can best be accomplished through an intermittent or reduced leave schedule.

6.10.03 Procedures:

(a) Notice Requirement: An employee must request the use of family and medical leave for the birth, placement or adoption of a child by

submitting a written statement of the specific reasons for the leave at least thirty (30) days prior to the anticipated date of delivery, placement or adoption. If a scheduled medical treatment for the employee or a spouse, child or parent of the employee is the basis for the request, the employee must, if practicable, provide thirty (30) days written notice. It is the responsibility of the employee who has a planned medical treatment to make a reasonable effort to schedule treatment so as not to unduly disrupt city operations. The notice must be presented to the department head, who will review and forward the written statement to the City Administrator.

(b) Confirmation Requirement: The city may require an employee requesting family and medical leave to provide confirmation from a health care provider of the need for and probable duration of the leave requested. The confirmation must be provided in an approved city format available from the City Administrator within fifteen (15) days of the date that confirmation is requested by the city. The city reserves the right to obtain, at its expense, an opinion from a second health care provider of the city's choosing. Should the recommendations of the city's health care provider differ from that of the employee's, the opinion of a third health care provider, chosen jointly by the employee and the city, will be obtained at the expense of the city, to review the request.

All documentation related to the employee's or family member's medical condition will be treated in confidentiality and maintained in the employee's medical records file within the City Clerk's office.

6.10.04 Duration and Use of Family and Medical Leave:

(a) Consecutive and Intermittent Use of Family and Medical Leave: An employee will normally be granted up to twelve (12) consecutive weeks of family and medical leave in a *twelve month period*. Intermittent use of up to twelve (12) weeks of family and medical leave may be allowed by the city when the employee has established, through the confirmation process in 6.08.03, that it is *medically necessary* to use the leave intermittently.

Intermittent use of up to twelve (12) weeks of family and medical leave in a Twelve Month Period may be allowed for care of a spouse, *child* or parent who has a *serious health condition*. The medical certification of the need for intermittent leave provided by the employee's health care provider must specify the expected duration of the intermittent leave. In granting the use of intermittent family and medical leave, the city

may require an employee to temporarily transfer to an available alternative position with equivalent pay and benefits to better accommodate the employee's modified work hours.

(b) Status Reports While Using Family and Medical Leave: The city may require an employee using family and medical leave to periodically report their status and intention to return to work. The city may also require an employee to obtain additional, written medical certification for the need to continue the leave.

(c) Use of Paid Leave as Part of a Family and Medical Leave Period Required: Employees requesting the use of unpaid family and medical leave for a personal *serious health condition* shall normally be required to exhaust sick leave accruals and to utilize up to four work weeks of their accrued vacation leave as part of the leave period. Employees with less than four work weeks of accrued vacation leave shall normally be required to use their entire leave accrual.

(d) Employees requesting the use of unpaid family and medical leave to care for a spouse, child or parent with a *serious health condition* must exhaust their vacation leave and may be required to exhaust their sick leave subject to section 6.10.

Accrued vacation and sick leave must be taken at the beginning of the family and medical leave period. Exceptions to the mandatory use of sick and annual leave as part of a family and medical leave period may be requested, in writing, to the Mayor when the family and medical leave is requested.

The city may, at its discretion, grant leave without pay pursuant to Personnel Policy 6.08 or 6.15 to extend the duration of a family and medical leave period beyond 12 weeks.

6.10.05 Employee Benefits During Periods of Family & Medical Leave: The city will continue the employer's share of the premiums for medical and dental coverage for up to twelve (12) weeks of approved family and medical leave. However, city payment of the employer's share of coverage is conditioned upon return to work. Except in certain circumstances, if the employee terminates employment before returning from family and medical leave, the city may recover all insurance payments made while the employee was on family and medical leave.

If an employee is normally required to pay for part of the medical and dental insurance premiums, mutually acceptable arrangements for payment of the employee's share of the premiums must be made to ensure continuation of coverage.

Sick and vacation leave shall not accrue during a period of unpaid family and medical leave, unless earned by meeting the requirements of 5.03.03. Paid holidays shall not be provided to employees on unpaid family and medical leave, unless earned by meeting the requirements of 6.02.04 or 6.02.05.

6.10.06 Job Protection Provisions: If an employee returns to work within the agreed upon time period of family and medical leave, he/she will be reinstated to his/her former position or an equivalent position with equivalent pay, benefits, status and authority. The employee's restored status will be the same as it would have been had the employee not been on leave. Thus, if the employee's position would have been eliminated or the employee would have been terminated but for the leave, the employee would not have any new right to be reinstated upon return from leave.

If an employee fails to return to work following twelve weeks of family and medical leave, he/she will be reinstated to the same or a similar position only if a position is available. If the same or similar position is not available the employee may be terminated.

Upon such return, a promoted employee is restored to his or her original position or an equivalent position subject to the provisions of state and federal law.

6.14.03 Active Military Duty Shared Leave. The intent of this shared leave provision is to provide short-term financial stability to allow an employee to adjust to a different income and benefit level under military pay.

Donations of leave shall be in hourly increments. Vacation leave shall be transferred on a dollar for dollar basis. The value of the leave shall be determined at the current hourly wage of the donator and the leave available to the receiving employee shall be calculated at the receiving employee's wage.

An eligible employee may receive up to 50% of their regular pay per pay period as shared leave to supplement military pay for a total not to exceed 100% of their regular pay. The employee must turn over military paycheck stubs to the City so the City can determine the correct supplemental pay and donated leave amounts. An employee can receive shared leave for active military duty for up to six (6) consecutive pay periods.

While receiving shared leave, the City will continue to pay its portion of the employee and family health insurance benefits, and the employee will pay his or her portion. Employees will not accrue vacation, sick leave or other leave benefits while receiving shared leave. Other regular benefit deductions, such as retirement, will continue and will be based on the amount of pay received or number of hours of shared leave paid as appropriate. Continuation of optional benefits deductions is at the discretion of the employee receiving active military duty shared leave.

Any donated leave of less than \$100 value which is unused because an employee returns to work will be forfeited and used to cover the costs of administering the shared leave program. If the value of unused donated leave exceeds \$100, the unused leave will be returned to the donors on a pro rata basis, proportional to the donation, to the extent administratively feasible.

6.15 Jury Duty

6.15.01 A regular status employee summoned for jury duty is granted leave for such duty with city payment of the difference between his normal city salary and compensation received for jury duty; provided that the employee shall reimburse the City the amount of fees received from such excused duty immediately upon receipt of said fees, exclusive of travel allowance. 6.16 Leave Without Pay (Leave of Absence)

The Mayor or his/her designee may grant leaves without pay for absence from work not covered by any other type of leave or if other leave balances are exhausted. Only regular full-time and regular part-time employees who have satisfactorily completed their probationary period are eligible for leave without pay. The following requirements apply:

6.16.01 Leave without pay may be granted to an employee for a period of up to six calendar months, upon the approval of the Mayor or his/her designee. Leave without pay may be allowed when such leave will not operate to the detriment of the city.

6.16.04 Vacation and sick leave accrual is suspended during periods of leave without pay. The anniversary date of the employee will be adjusted by the length of leave granted. Any employee on approved leave of absence may continue medical and/or dental insurance coverage by paying the full cost to the city in advance for each month or portion thereof in which the employee is to be absent.

6.16.05 Upon expiration of a regularly approved leave without pay, the employee will be reinstated in the position held at the time the leave was granted or to a similar position, provided that return to employment is not in conflict with any rule relating to re-employment following layoff.

- Accrued sick leave up to a maximum of 24 hours in any calendar year;
- Leave without pay.

Although the types of time off shall be used in the order listed in this policy, and each type of paid time off shall be exhausted before the next is used, employees shall be permitted to use leave without pay rather than paid time off at their request.

6.17.02 Tardiness due to an employee's inability to report for scheduled work because of severe inclement weather, conditions caused by severe inclement weather or significant disruptions of the transportation system will be allowed up to one and one-half hour at the beginning of the work day. - Public health emergency or warning that may involve the employee or the City; or
- Inclement weather or natural disaster that the Mayor or Mayor's designee determines would make it unsafe for an employee to report to work; or
- Other situations that are in the best interests of the City, as determined by the Mayor or Mayor's designee.

All employees on mandatory leave shall be on standby to return to the workplace. Employees on mandatory leave may be required to perform certain work tasks from home or other localities depending on the nature of their work and other circumstances. The Mayor or Mayor's designee shall have the discretion to attach such conditions to the granting of mandatory leave as is determined to be appropriate and/or necessary under the circumstances at the time.

6.18 Unauthorized Absence

6.18.01 Unauthorized absence is treated as leave without pay and may be grounds for disciplinary action. Upon return from unauthorized absence, the employee is required to provide a written statement to the department manager explaining the reason for the absence.

6.18.02 An unauthorized absence for a period of three days will be considered as a resignation from employment of the city.

6.19 Insurance Benefit Plans

6.19.01 The city will offer to full-time status and regular part-time status employees and their eligible dependents, working at least thirty (30) hours per week, unless otherwise specified in bargaining unit agreements, insurance plans as identified in the Table below, for medical, hospital, vision and dental benefits, to be used at the option of the employee, subject to the carrier's underwriting rules. Unless otherwise specified in bargaining unit agreements, part-time status employees who are scheduled to work less than 30 hours per week are eligible for the City's insurance plan for medical, hospital, vision and dental benefits on a self-pay basis.

Employee Unit	Medical Plan	Dental Plan	Orthodontia Plan	Vision Plan
Exempt & Hourly	AWC Healthfirst 250	Delta Dental - Plan E	Delta Dental - Plan IV	AWC - VSP
Union Local #302	AWC HealthFirst 250	Delta Dental - Plan E	Delta Dental - Plan IV	AWC - VSP
Police Guild	LEOFF Trust "A"	Delta Dental - Plan E	Delta Dental - Plan IV	LEOFF Trust "A"

The City may offer healthcare coverage to certain temporary and/or seasonal employees and their dependents on a self-pay basis. In order for a temporary employee to be eligible for this benefit on a self-pay basis the employee must

be appointed to a temporary position that is intended to continue for at least 6 months and be eligible subject to the carrier's underwriting rules.

Beginning July 1, 2012 employees shall begin contributing 10% of the cost of the employee(s) premium through payroll withdrawal to maintain current levels of healthcare coverage.

All insurance premiums will be subject to applicable payroll taxes as required by the Internal Revenue Service.

The City will not provide duplication of health care coverage to an employee who is married to another employee of the City. One spouse or state registered domestic partner may be named as the policy holder and the other as a covered spouse or state registered domestic partner; OR each may be a policy holder, but in that case neither may be listed as a covered spouse or state registered domestic partner. Their children may be listed as covered dependents on one policy or the other, but not on both. In this circumstance primary coverage of the dependent children may be dictated by the insurance under State statute.

6.19.02 Health Reimbursement Account (HRA) Contribution – Unless otherwise specified in bargaining unit agreements, beginning January 1, 2018 the City will activate a Health Reimbursement Account (HRA) for eligible employees. The City will provide annual contributions to each employee's HRA account according the schedule in the Table below:

HRA Contribution	City Contribution Amount/Employee
Employee	\$1,100
Spouse	\$500
Dependent (2 maximum)	\$250

*Note: In addition to the annual contributions, the City will fund any administrative costs that the HRA provider charges to manage each account.

HRA accounts are being established for each eligible employee to assist with additional out-of-pocket expenses resulting from the change on AWC healthcare benefits taking place January 1, 2018. Therefore contributions to an employee's HRA account are not eligible for any type of payment under the City's Health Insurance Opt-Out Program in Section 6.21..

These HRA contributions are subject to funding by the City Council in the annual budget and the City retains the right to, in its sole discretion, modify, adjust or terminate the contribution amounts for any fiscal year if insufficient funding is provided in the budget, provided however that such change shall not impact the rights or benefits of any employee for the prior fiscal year.

6.19.03 Newly hired regular-status employees and their dependents shall generally be eligible for benefit coverage within 30 days of hire, subject to enrollment and processing by the carrier.

6.19.04 In compliance with COBRA (Consolidated Omnibus Budget Reconciliation Act), the City offers continuing health care coverage on a self-pay basis to employees and their dependents, except for employees covered under the Police Officer's Guild CBA, following termination (for reasons other than gross misconduct), unpaid leave of absence, reduction in hours, retirement or death. These health benefits will be identical to the coverage offered to regular employees. For terminated employees or employees whose hours are reduced below that of a regular employee, the coverage may last up to eighteen (18) months or until they become eligible for other health insurance coverage, whichever is earlier.

Employees eligible for the City's ERIP under Section 6.20 may be eligible for enhanced benefits as specified under Section 6.20.

- (a) Employees covered under AWC Healthfirst. In the event of the employee's retirement, divorce, separation or death, the coverage may last up to thirty-six (36) months for the employee and/or qualified beneficiary; if provided, identical health benefit coverage (medical, dental and vision) shall only be provided for the initial eighteen (18) months of COBRA at which time the coverage shall convert to a retiree with no Medicare coverage for any remaining "eligible" period up to the full thirty-six (36) months. The second tier coverage for the periods beyond 18 months shall provide reduced benefit AWC Retiree medical coverage "only" with no dental or vision. The full policy monthly premium plus a two percent (2%) administration fee will be paid by the employee or the beneficiary to the City or designated benefit administrator.

(b) Non-Police Guild CBA Employee's covered under LEOFF Trust. In the event of the employee's retirement, divorce, separation or death, the coverage may last up to thirty-six (36) months for the employee and/or qualified beneficiary; if provided, identical health benefit coverage (medical, dental and vision) shall only be provided for the initial eighteen (18) months of the COBRA period. Eligible coverage periods beyond 18 months up to the full thirty-six (36) months shall provide continued medical coverage that includes LEOFF Trust vision benefits, but no dental benefit. The fully policy monthly premium plus a two percent (2%) administration fee will be paid by the employee or the beneficiary to the City or designated benefit administrator.

(c) The employee or beneficiary may waive all rights to continuation coverage according to notification procedures and time limits outlined in a continuation coverage "Notification of Rights" letter.

6.19.05 Industrial Accident Insurance is provided for all employees, except full-time uniformed employees who are covered under the LEOFF Act as set forth in RCW 41.26.

6.20 Early Retirement Incentive Program (ERIP)

6.20.01 Applicability. The Early Retirement Incentive Program (ERIP) applies to all FLSA exempt regular full or part-time status City employees, and regular full or part-time status City employees covered under collective bargaining agreements once the ERIP is authorized by the separate employee organizations or union(s).

6.20.02 Purpose. The purpose of the City's new Early Retirement Incentive Program (ERIP) is (1) to afford those long term City employees who desire to retire prior to either PERS, LEOFF and/or Social Security Full Retirement Age an opportunity to do so with some financial assistance until eligible for PERS/LEOFF retirement and/or social security benefits, and (2) to encourage some measure of staffing flexibility, consistent with overall City and individual department needs.

The City's Early Retirement Incentive Program (ERIP) is strictly voluntary and provides an insurance incentive that allows an employee to retire early prior to being eligible for Medicare benefits. Under the ERIP employees that have at least 10 years of service with the City shall be eligible for 1 year (12 months) of City paid continuing health care coverage for the employee "only" under COBRA. Employee electing to take early retirement under this

program who have more than 10 years of service with the City shall receive an additional 1.5 months of City paid continuing health care coverage (medical, dental & vision) for the employee for every year of service over the 10 year initial threshold, up to the maximum allowed under COBRA which is 36 months, except that City contributions to COBRA under ERIP will cease before the end of the eligible period, if:

- the participant becomes eligible for medical care coverage through another employer; or
 - the participant becomes eligible for Medicare benefits; or
 - the participant elects coverage through a spouse/domestic partner employed by the City; or
 - the participant dies.

Participation in the City's ERIP provides coverage under the City's insurance plan as outlined in Section 6.19.04 (a) and (b), except under the ERIP the City will be responsible for the cost of the administrative fee as well as the premium amount.

Employees electing to participate in the City's ERIP may choose to provide health care coverage for their dependents on a self-pay basis following their termination/retirement from the City.

This program is subject to funding by the City Council in the annual budget and the City retains the right to designate the number of positions to fund annually and the right to deny an application or delay its effective date in the best interests of the City. The City may, in its sole discretion terminate the program at any time or, suspend it for any fiscal year, if insufficient funding is provided in the budget, provided however that such suspension shall not impact the rights or benefits of any employee who has retired under the program in a prior fiscal year.

6.20.03 Long term City employees who retire early due to medical reasons related to a serious health condition prior to either PERS, LEOFF and/or Social Security Full Retirement Age are eligible for the ERIP as outlined in 6.20.02 above.

6.20.04 Procedures. Eligible Employees who wish to participate in ERIP must contact the Finance Department to determine eligibility. The early retirement applicant should file application and submit appropriate paperwork supporting eligibility to the Finance Director on or before October 1 of the year preceding the proposed date of early retirement. The Mayor may waive

the submittal deadline for application when unforeseen and/or unusual circumstances warrant.

The Finance Director will confirm eligibility and forward to the City Administrator or Mayor for approval.

The City shall enroll the eligible employee in COBRA immediately upon retirement from City service so that healthcare coverage continues without interruption.

6.21 Health Insurance Opt-Out Program

6.21.01 Eligible employees who can demonstrate and attest to having other employer-sponsored group health insurance for their eligible dependent(s) may elect to opt out of the City's sponsored Medical/Prescription, Vision and Dental coverage with the Association of Washington Cities Employee Benefit Trust or LEOFF Health and Welfare Trust. Employees who elect to opt out of dependent(s) coverage will receive a cash payment as follows:

- Employee only (single person, has no spouse or dependents) - \$700
- Employee plus spouse and/or dependents - \$700
- Just Spouse and/or Dependents - \$400

Any cash payments made to the employee under the Opt-Out Program will be subject to normal withholdings and reported as taxable income and the employee will be required to pay any taxes due on them.

The City will review this program on an annual basis during the budget process and may cancel the program effective on the first day of the "succeeding" plan year, but will not cancel it at any time during the current year it is offered.

The opt out will be offered for medical, dental, and vision; an employee may not choose to opt out themselves or their dependents from some coverages and not others. If an employee and/or dependent opts out, they will opt out for medical, dental, and vision. Any employee opting out themselves or their dependents will need to provide proof that they are covered under another insurance plan annually.

Per AWC, a maximum of 25% of employees may opt themselves out of medical coverage across the organization. Applications for opt out will be accepted beginning the first day of open enrollment at 7am.

Employees who elect to opt-out will continue to receive their full HRA benefit.

Employees who elect to opt-out of dependent coverage may do so during the Open Enrollment period or with a qualifying life-changing event. In return, the employee is eligible for up to twelve (12) months of monetary waiver payments, which will be made in twelve (12) pay periods. Employees who elect to opt-out of dependent coverage will not be permitted to re-enroll until the next annual open enrollment period commencing in November of each year and effective in January of the following year unless re-enrollment provisions apply.

Employees will not be allowed to waive/reduce existing coverage and receive cash payment for their eligible dependent(s) unless they can offer proof of coverage under an alternate health insurance plan.

Employees desiring to participate in the Opt-Out Program must complete a waiver form and submit it to the Finance Director during the Open Enrollment period but no later than December 5th each year. Following the submission of the waiver form and the information for the verification of alternate insurance coverage found at the end of the waiver form, the current City health insurance coverage will terminate on December 31 of the year that the form was submitted. Further, an employee may apply to participate in the Opt-Out Program during the benefit plan year if, within thirty (30) days of a qualifying life-changing event (i.e., marriage, new dependents), they notify the Finance Director and complete the necessary forms.

Participants in the program will no longer have a monthly deduction of the employee dependent premium co-payments for which the employee has opted-out and will receive the waiver payment instead. The waiver payment will be made over twelve (12) pay periods during the following plan year. All payments are considered income and are subject to normal withholdings. Offering this program does not obligate the City to continue the program from year-to-year if it is not economically feasible or if in conflict with Federal or State law.

6.21.02 New full time employees starting with the City after the beginning of a plan year may be eligible to participate in the opt-out program by declining health insurance coverage for their eligible dependent(s) during the initial enrollment period. The waiver payment received will be prorated for the balance of the benefit plan year based on the number of waiver payment pay periods remaining in the plan year. Also, new employees must also offer proof of coverage for their eligible dependent(s) under another health insurance plan.

6.21.03 Duration. A waiver of health insurance is in effect for twelve months (January 1 – December 31). If economically viable and not in conflict with Federal or State law, the City may authorize the program for the next benefit year. Employees who prefer to continue in the Opt-Out Program for the next benefit year must complete a new waiver form (with proof of alternative insurance coverage) during the designated open enrollment period. Employees desiring not to continue in the Opt-Out Program MUST complete all required enrollment forms for City health insurance coverage for their eligible dependent(s) at the next open enrollment period and coverage will be effective at the start of the next following plan year.

6.21.04 Separation. If an employee participating in the Opt-Out Program separates employment with the City during a plan year, waiver payments will only continue through the last payroll period he or she is employed. NOTE: An employee participating in the program who separates and/or retires during the plan year does NOT have health insurance rights to participate in a City health insurance plan after separation and/or retirement, except as allowed under the City's COBRA policy, Section 6.19.04 of the City's Personnel Manual, on a self-pay basis.

6.21.05 Re-enrollment to a City health insurance plan can only occur during the annual open enrollment period or within thirty (30) days of a life-changing event (e.g., spouse losing insurance coverage). Under a qualifying re-enrollment during the plan year, the waiver payment will cease in the payroll period that City health insurance coverage becomes effective.

6.22 Retirement

6.22.01 City employees are covered under the Washington Public Employees Retirement System in accordance with State law and all employees in a qualifying position, regardless of appointment status, will become members of the Retirement System. Payroll deduction for employee contributions is required, regardless of anticipated length of service. Employer contributions will be made in accordance with applicable State law.

6.22.02 Uniformed personnel shall be members of the Washington Law Enforcement Officers and Fire Fighters Retirement System with employer contributions made in accordance with applicable State law.

6.23 Optional Benefit or Investment Plans

The city may offer to regular-status employees working at least forty (40) hours per week optional benefit plans such as life insurance, income protection, deferred

compensation or other retirement plans, etc. These benefits, when offered, are at the option and cost of the employee.

7.02 Scope

This policy applies to all City of Buckley employees except that employees included in bargaining units are subject to drug testing only if: 1) the labor contract covering them specifically allows for such testing; or 2) the issue of drug testing has been legally bargained to final impasse; or 3) a written agreement between management and the employee's bargaining agent has been signed and executed to provide for drug testing.

All other provisions of this policy, apart from the limits to drug testing as specified above, shall apply to all city employees. In cases where the provisions of this policy conflict with collective bargaining agreements duly agreed upon between the

authorized employee organizations or unions and the city, the provisions of the collective bargaining agreements shall govern.

None of the exclusions mentioned in this Section shall waive or in any way diminish the City's Disciplinary Action and Rules of Conduct Policy (4.06.01, "g") which covers all employees.

Neither the provisions nor the exclusions cited in this policy waive or modify the "employment at will" status of any city employee subject to that status either by law or as allowed under a collective bargaining agreement.

7.03 Policy

7.03.01 The City of Buckley recognizes that alcoholism and drug abuse may have an adverse effect on job performance and it is concerned with this impact.

7.03.02 The City of Buckley recognizes that alcoholism and drug abuse can be successfully treated, enabling the employee to return to a satisfactory job performance level.

7.03.03 Employees who are concerned about their alcohol and/or drug use are strongly encouraged to voluntarily seek assistance.

Supervisors, department managers and the City Administrator are available to all employees as a resource.

7.03.04 It is the employee's responsibility to demonstrate satisfactory job performance.

7.03.05 It shall be the responsibility of supervisors at every level to encourage employees to use the resources available through city employment when deteriorating or unsatisfactory job performance does not respond to usual supervisory actions, or when a specific on-the-job incident is cause for concern. These resources include employer provided health insurance and leave benefits which may be coordinated to enable assistance or treatment for the employee. The supervisor's role is to observe and record behavior and performance of employees. Supervisors should not attempt to medically diagnose an employee's problems.

7.03.06 The employee's compliance with the recommendations of a health care professional is voluntary. Use of a remedial or treatment program does not replace normal disciplinary procedures for unsatisfactory job performance.

7.03.07 The employee's job security and/or promotional opportunities will not be jeopardized by use of a remedial or treatment program. Paid or unpaid leave status during participation in a remedial or treatment program will be determined on a case-by-case basis, depending upon the circumstances involved.

7.03.08 Confidentiality is an essential element of substance abuse treatment. Any employee violating this confidentiality will be subject to disciplinary action.

7.03.09 Reporting to work under the influence of alcohol or drugs, or any substance, legal or illegal, which impairs an employee's mental or physical health will not be tolerated.

When there are reasonable grounds to believe that the employee is under the influence of alcohol or drugs, the supervisor may direct the employee to submit to drug screening and blood alcohol tests. Refusal to submit to such tests can subject the employee to disciplinary action up to and including dismissal.

Under no circumstances will an employee be allowed to operate city equipment or drive a city motor vehicle after a supervisor has established reasonable grounds to believe that the employee is impaired.

Any employee using medication or prescribed drugs which may impair job performance must report this fact to his/her supervisor prior to accepting an assignment which might be adversely affected by the side effects of the medication.

It is the responsibility of employees who are called out to work after regular hours to comply with the provisions of this policy. If the employee called out to work has been involved in activities that may have left him/her in an impaired or intoxicated condition, the employee must inform the person making the call out, so that an alternate can be found.

7.03.10 The unauthorized use, sale, purchase or possession of alcohol or controlled substances at the worksite is prohibited and shall be grounds for discipline up to and including dismissal. The unauthorized use of the employee's position with the city to make, purchase or sell alcohol, controlled substances or illegal drugs is also prohibited and shall be grounds for discipline up to and including dismissal.

7.04 Assistance Program / Voluntary Referral

The City of Buckley supports employees who volunteer for treatment of alcohol or drug abuse. Employees are encouraged to seek treatment voluntarily and to utilize the Employee Assistance Program. Any employee who comes forth and notifies the City Buckley of alcohol or drug abuse problems will be given the assistance extended to employees with any other illness. Any such program, however, may not interfere with the tests required by these rules. For example, a driver may not identify himself/herself as unfit to drive after having been notified of a random or reasonable suspicion test and expect to avoid the consequences for a positive test or a refusal to test. In addition, voluntarily seeking assistance does not excuse any failure to comply with all of the provisions of this policy or other policies of the city.

Sick leave, vacation leave or leave of absence without pay will be granted for treatment and rehabilitation as in other illnesses subject to City policy and / or contract language governing use of leave. Insurance coverage for treatment will be provided to the extent of individual coverage. Confidentiality of information will be maintained as much as possible at all times.

7.05 Compliance with Drug Free Workplace Act

It is the policy of the City of Buckley to comply with the federal, Drug Free Workplace Act of 1988. Toward that end, the following provisions and procedures shall be in effect:

- a) In the event that an employee is convicted of any criminal drug statutory violation for a violation occurring in the workplace, the employee must notify his/her supervisor within 5 working days. The supervisor must inform his/her department manager within 24 hours of the notification. The department manager will notify the City Administrator immediately. If the employee is directly involved in the performance of a contract for which the city receives federal funding, the contracting agency must be informed of the incident in writing within 10 days of the employer's notice. A copy of the notification shall be sent to the City Administrator.

The city is responsible to take appropriate disciplinary action and/or to require the employee to seek approved drug abuse treatment or rehabilitation within 30 days of receiving notice of the employee's conviction.

- b) All employees shall receive a copy of this policy. All employees will be required to sign a statement acknowledging that they have received a copy of this policy.

- c) The city will make information and education on the prevention of alcohol and drug abuse available to its employees.

7.06 Compliance with Federal Regulations Applicable to Commercial Drivers

It is the policy of the City of Buckley to comply with the federal Department of Transportation regulations (Title 49, CFR subtitle B, chapter 382) which mandate prohibited behaviors and employer responsibilities for employee's holding safety sensitive positions which require the possession of a valid commercial driver's license.

Drugs - For the purposes of Section 7.06, in accordance with the applicable federal regulations, "drugs" refers to the following five substances: marijuana (THC), cocaine, opiates, phencyclidine (PCP), and amphetamines.

Medical Review Officer (MRO) - The Medical Review Officer is the licensed physician responsible for receiving and interpreting laboratory *results from the urine drug tests*.

Substance Abuse Professional (SAP) - A Substance Abuse Professional is a licensed physician, or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and drug-related disorders. The SAP is responsible for evaluating employees with positive test results.

7.06.02 Prohibited Behaviors. In addition to any other prohibitions on the use of alcohol or controlled substances established through city policy or by contract, the following behaviors by employees whose positions require the possession of a valid commercial driver's license are prohibited:

- a) Alcohol Concentration: Reporting to duty and performing safety-sensitive functions while having an alcohol concentration of 0.04 or greater.
- b) Alcohol Possession: Unauthorized possession of alcohol while on duty or operating a commercial motor vehicle unless the alcohol is an insignificant ingredient in a medication that is either prescribed or a commonly recognized over-the-counter remedy and notice has been given to the employee's manager in advance.
- c) Alcohol Use Following an Accident: Use of alcohol within eight hours following an accident or before undergoing a post-accident alcohol test, whichever occurs first.
- d) Alcohol Use on Duty: Use of Alcohol while performing safety-sensitive functions. (This includes alcohol which may be in medications).
- e) Alcohol Use Prior to Duty: Performing safety sensitive functions within four hours after having used alcohol. An on-call employee who consumes alcohol within four hours of being called in must acknowledge the use of alcohol and may not report for duty.
- f) Controlled Substance (Drug) Use: Reporting for duty or remaining on duty performing safety-sensitive functions after having used any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle. The proper and lawful use of drugs is permitted provided their use does not interfere with the individual's ability to perform the

essential functions of his/her job. Any employee taking prescribed medication that may impair his/her ability to work safely and productively must notify his/her manager prior to commencing to work. The manager, in consultation with the employee's physician, if necessary, will make the determination regarding the employee's qualifications to work. Information provided to the manager will be treated as confidential. Disclosure by the City will only be required by law or in the event of a proceeding initiated on behalf of the employee. Failure to notify the manager in advance of commencing to work will be cause for disciplinary action up to and including discharge.

- g) Positive Drug Test: Reporting for duty, remaining on duty, or performing safety sensitive functions after having tested positive for a controlled substance.
- h) Refusal to Submit to a Required Test: Refusing to submit to a post-accident, random, reasonable suspicion, or follow-up alcohol or controlled substance test as directed pursuant to this policy.
- i) Tampering with a Required Test: An employee may not tamper with, adulterate, alter, substitute or otherwise obstruct any testing process required under this policy.

7.06.03 Mandatory Training for Commercial Drivers

The City shall provide all affected employees with copies of this policy and any other information as required by the federal regulations.

Each driver shall sign a receipt upon having been provided the above referenced information including a copy of this Plan and accompanying procedures for drug testing.

Managers and supervisors designated to determine whether reasonable suspicion exists to require a commercial driver to undergo alcohol or drug testing will receive at least 60 minutes of training on alcohol and 60 additional minutes of training on substance abuse. The training will convey the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of controlled substances.

7.06.04 Drug and Alcohol Testing Program for Commercial Drivers

- a) Pre-employment Drug Testing: All individuals who are covered by this policy must pass a drug test as a post-offer condition of employment.

b) Reasonable Suspicion Testing: Employees subject to this policy shall submit to a drug and\or alcohol test when the City of Buckley reasonably suspects that this policy (except the prohibitions against unauthorized possession, transfer or sale of alcohol) may have been or is presently being violated. A referral for testing will be based on contemporaneous, articulable observations. Such referrals will be made by supervisory personnel who have received training concerning the signs and symptoms of drug and alcohol use.

Alcohol testing for reasonable suspicion may be conducted at any time during working hours. If removed from duty based on reasonable suspicion of alcohol use and an alcohol test is not administered within eight hours, the employee will not be allowed to perform or continue to perform covered functions until:

1. an alcohol test is administered (normally within 2 hours of the determination of reasonable suspicion) and the driver's breath alcohol concentration measures less than 0.02; or
2. 24 hours have elapsed following the determination that there is reasonable suspicion to believe that the employee has violated this policy concerning the use of alcohol.

c) Post-Accident Testing: Following an accident (as defined above) involving a commercial vehicle, the driver is required to submit to alcohol and drug tests when the driver receives a citation under state or local law for a moving traffic violation, or where a fatality occurs as a result of the accident. Testing should occur as soon as possible, but may not exceed eight hours after the accident for alcohol testing and 32 hours after the accident for drug testing.

A driver who is subject to post-accident testing must remain readily available for such testing and may not take any action to interfere with testing or the results of testing. Drivers who do not comply with post-accident testing requirements will be considered to have refused to submit to testing and will be subject to sanctions for refusal to test as provided in this policy.

While awaiting a post accident test, the driver will be in a paid status.

d) Random Testing: Employees covered by this policy will be subject to random, unannounced alcohol and drug testing.

- e) Return to Duty Testing: Employees who have violated this policy, including those who have tested positive on a drug or alcohol test, and who under the discipline policy are allowed to return to work, must test negative prior to being released for duty. A return to duty test following alcohol misuse shall be less than an alcohol concentration of 0.02.
- f) Follow-up Testing: An employee who is referred for assistance related to alcohol misuse and/or use of drugs is subject to unannounced follow-up testing for a period as directed by a Substance Abuse Professional. The number and frequency of follow-up testing will be based on the recommendation of the Substance Abuse Professional, but will not be less than six tests in the first 12 months following the employee's return to duty.
- g) Re-Tests: Employees who test positive for drugs may request a second test of the untested portion of the split sample within 72 hours of notification of a positive test result by the Medical Review Officer.
- h) Test Results: Test results will be expressed as positive or negative based on detection of levels of alcohol or controlled substances as established by federal Department of Transportation standards.
- i) Challenges to Test Results: An employee who wishes to challenge a positive drug test must do so within 72 hours notification of the positive result. The employee must notify the City's medical review officer that he/she wishes to challenge the test and must pay for the retest. The retest must be processed at a DHHS-NIDA-certified laboratory. If the MRO certifies that the second drug test is negative, an employee will be reimbursed for the cost incurred including any lost compensation.

7.06.05 Refusal by a Commercial Driver to Submit to an Alcohol or Drug Test: Refusal to submit to a directed test is a prohibited behavior in section 7.06.02(h) which shall subject the employee to the consequences outlined in section 7.06.07. No employee shall refuse to submit to an alcohol or drug test as directed under this policy. A refusal to submit shall include:

- a) Failure to provide adequate breath for testing without a valid medical explanation after an employee has received notice of the requirement for breath testing in accordance with established procedures;
- b) Failure to provide adequate urine for controlled substances testing without a valid medical explanation after an employee has received

notice of the requirement for urine testing in accordance with the procedures manual; and/or

c) Engaging in conduct that obstructs the testing process.

7.06.06 Securing Information from Previous Employers: If a person is to be hired into a position subject to this policy and during the previous two years has worked as a driver of a commercial vehicle, that person must authorize a request of all employers of the driver within the past two years of information on the following: a) positive alcohol or drug tests; or b) refusal to be tested.

This information must be obtained before the person is employed by the City of Buckley. However, if the information has not arrived by the anticipated start date, and if the person has passed the pre-employment drug test, the person may be hired and the requested information must be obtained from the previous employers within 14 calendar days of the date of hire. If the information has not been received within the 14 calendar days, the person will not be permitted to drive commercial vehicles until the information has arrived. If the information obtained from previous employer indicates either a positive test or that a refusal to be tested occurred within the past two years, that person will not be permitted to drive commercial vehicles unless subsequent information indicates that an evaluation by a Substance Abuse Professional was made and return to duty testing was administered.

7.06.07 Consequences for Commercial Drivers of Engaging in Prohibited Behaviors and/or of Positive Drug or Alcohol Test Results: Employees found to have engaged in prohibited behavior as defined in Section 7.06.02 or to have tested positive for drugs shall be subject to discipline up to and including termination from employment.

The following provisions apply to those employees who are not terminated for their policy violations:

a) If an employee tests positive for drugs or has an alcohol test that indicates a blood alcohol level of .04 or greater from a random, reasonable suspicion or post-accident test, or engages in prohibited conduct as outlined in Section 7.06.02, the employee will be immediately removed from duties requiring the driving of a commercial vehicle. The employee will not be permitted to return to work unless he/she:

1. has been evaluated by a qualified Substance Abuse Professional; and,

2. if recommended by a Substance Abuse Professional, has properly followed any rehabilitation prescribed; and,
3. has a verified negative result on a return-to-duty alcohol (<0.02) and/or drug test.

Upon completion of a recommended rehabilitation program and successful return to work, an employee will be subject to follow-up random testing as recommended by the Substance Abuse Professional, with a minimum of six such unscheduled tests within the first twelve months of returning to duty.

b) Employees with a breath alcohol concentration of at least 0.02 but less than 0.04 and who have not engaged in any other prohibited conduct, shall be removed from the duty requiring the driving of a commercial vehicle for at least 24 hours. The time away from work shall be charged to vacation, sick leave, or leave without pay at the employee's option, and will be considered an unscheduled absence.

7.07 Procedures for Drug or Alcohol Testing of City Employees other than Commercial Drivers

7.07.01 Supervisory Responsibility. If a supervisor has reasonable grounds to believe that an employee is under the influence of alcohol or drugs when reporting for work or during the work shift, the supervisor must verify the employee's condition and relieve the employee of his/her duties until the matter is resolved.

7.07.02 Observation. If a supervisor observes an employee who seems to be under the influence of alcohol or drugs, he/she should, if practical, seek the opinion of at least one additional supervisor, the City Administrator or the department manager.

For purposes of this policy, reasonable grounds to believe that an employee is impaired and/or under the influence of drugs or alcohol include a combination of various factors such as slurred speech, red eyes, dilated pupils, incoherence, unsteadiness on feet, smell of an alcoholic beverage or marijuana emanating from the employee's body, inability to carry on a rational conversation, carelessness, erratic behavior, inability to perform the job, or other unexplained behavioral changes. The supervisor shall document these observations in writing and forward his/her report to the department manager within 24 hours of the incident. A copy of this document will be provided to the employee upon request.

7.07.03 Referral for Testing. If the supervisor determines that reasonable grounds exist to require a drug test, the supervisor shall direct the employee to accompany the supervisor to a testing site designated by the City for a drug screening and blood alcohol test to determine fitness for duty. The department manager shall be notified before the supervisor and employee leave city premises for the drug testing site. The City Administrator shall be notified of the incident, in writing, within 48 hours.

The employee should be informed that the tests will be conducted on city time, paid for by the city, and are part of his/her job responsibilities. The employee should be informed that refusal to take the test may result in disciplinary action up to and including dismissal. Additionally, an employee who refuses to take the test should be informed that he/she will be sent home without pay for at least the rest of the work day.

Employees will be required to authorize release of test results to the City's designated test services provider and to the employer. Refusal to authorize release of test results to the city may result in disciplinary action up to and including dismissal. The test services provider will contact the City Administrator with the results.

The supervisor should accompany the employee back to the worksite pending the results. The supervisor shall notify his/her department manager immediately upon returning to the work site.

Tests which are found to be positive will be verified by an additional test. The City's designated test services provider will ensure adequate chain-of-custody for sample collection and testing.

7.07.04 Test Results. Employees who test positive shall be considered unfit for work and shall be relieved from duty that day. It is the responsibility of the City Administrator to notify the employee. The employee should not be allowed to drive to the hospital. The employee shall be advised not to drive home. Employees who comply with the testing procedures of this policy will be on paid leave on "City Business" until the status of the tests and the circumstances surrounding the impairment are determined.

7.07.05 Discipline / Treatment. If tests determine that the employee is under the influence of alcohol or drugs on the job, the City Administrator shall contact the supervisor within 24 hours of test results notification. The City Administrator and/or the supervisor shall, within 48 hours of receiving the test results, contact the employee to provide the employee an opportunity to respond to the test results.

Following the employee's response opportunity, the City Administrator and the supervisor shall meet to discuss the appropriate level of disciplinary action for recommendation to the department manager. The degree of disciplinary action depends on the factual circumstances and the severity of the infraction.

It is the responsibility of the City Administrator, in conjunction with the immediate supervisor, to evaluate the circumstances and facts thoroughly and objectively.

Any disciplinary action shall be in accordance with provisions of the City Personnel Policies and Procedures Manual. If discipline is necessary, the discipline to be taken, shall be recommended by the department manager to the City Administrator. The City Administrator shall then act on the recommendation.

7.07.06 Sale or Transfer of Drugs. A supervisor who observes an employee using alcohol or drugs; or an unauthorized employee selling, purchasing, transferring, or possessing alcohol or drugs while on the job should take prompt action. Observations about the employee's behavior, as well as the discussions and contacts with him/her, should be documented as soon as practicable. The supervisor should report such observations to his/her own supervisor and appropriate disciplinary action should be taken in accordance with the procedures outlined in this policy.

In cases involving the unauthorized sale, purchase or transfer of illegal drugs or controlled substances at the workplace, the supervisor is required to contact the Buckley Police Department immediately.

7.08 Confidentiality and Record Retention:

All records related to drug and alcohol testing will be maintained in a secure location with controlled access. These records will be kept separate from records pertaining to all other employees.

If requested by the supervisor, the employee shall submit a written report to the supervisor, or to some person designated by the supervisor, stating in detail the basis for the employee's belief that an improper governmental action has occurred. Where the employee reasonably believes the improper governmental action involves his or her supervisor, the employee may raise the issue directly with the City Administrator or such other person as may be designated by the City Administrator to receive reports of improper governmental action.

In the case of an emergency, where the employee believes that damage to persons or property may result if action is not taken immediately, the employee may report the improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action.

City of Buckley officers and employees involved in the investigation shall keep the identity of reporting

employees confidential to the extent possible under law, unless the employee authorizes the disclosure of his or her identity in writing. After an investigation has been completed, the employee reporting the improper governmental action shall be advised of a summary of the results of the investigation, except that personnel actions taken as a result of the investigation may be kept confidential.

City of Buckley employees may report information about improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action if the employee reasonably believes that an adequate investigation was not undertaken by the City of Buckley to determine whether an improper governmental action occurred, or that insufficient action has been taken to address the improper governmental action or that for other reasons the improper governmental action is likely to recur.

City of Buckley employees who fail to make a good-faith attempt to follow the City's procedures in reporting improper governmental action shall not receive the protections provided by the city in these procedures.

City of Buckley officials and employees are prohibited from taking retaliatory action against an employee because he or she has in good faith reported an improper governmental action in accordance with these policies and procedures.

Employees who believe that they have been retaliated against for reporting an improper governmental action should advise in writing their supervisor, the City Administrator or the City Administrator's designee. City of Buckley officials and supervisors shall take appropriate action to investigate and address complaints of retaliation.

If the employee's supervisor, the City Administrator, or the City Administrator's designee, as the case may be, does not satisfactorily resolve an employee's complaint that he or she has been retaliated against in violation of this policy, the employee may obtain protection under this policy and pursuant to state law by providing a written notice to the City of Buckley's City Council that:

- a. Specifies the alleged retaliatory action and
- b. Specifies the relief requested.

City of Buckley employees shall provide a copy of their written charge to the City Administrator no later than thirty (30) days after the occurrence of the alleged

retaliatory action. The City of Buckley shall respond within thirty (30) days to the written charge of retaliatory action.

After receiving either the response of the City of Buckley or thirty days after the delivery of the charge to the City of Buckley, the employee may request a hearing before a state administrative law judge to establish that a retaliatory action occurred and to obtain appropriate relief provided by law. An employee seeking a hearing should deliver the request for hearing to the City Administrator within the earlier of either fifteen (15) days of delivery of the City of Buckley's response to the charge of retaliatory action, or forty-five (45) days of delivery of the charge of retaliation to the City of Buckley for response.

Section 9

Sexual Harassment Prevention

- 9.01 Purpose
- 9.02 Policy and Objectives
- 9.03 Definitions
- 9.04 Reporting Procedures
- 9.05 Violations of Policy

9.01 Purpose

Sexual Harassment of employees is prohibited by the City of Buckley. This policy is intended to establish standards for defining and preventing Sexual Harassment and offensive behavior of a sexual nature, to establish a means for reporting and complaining about Sexual Harassment and to define the range of disciplinary action that will be taken by the city in cases where Sexual Harassment has occurred.

Harassment based on unlawful discrimination such as to race, ethnicity, religion, marital status, age, disability or national origin is also prohibited and is subject to the reporting procedures of this policy.

9.02 Policy and Objectives

It is the policy of the City of Buckley:

9.02.01 To communicate this Sexual Harassment policy to employees and supervisors in order to assure that all employees and supervisors understand that Sexual Harassment is prohibited.

9.02.02 To recognize the unique nature of complaints of Sexual Harassment, to encourage early reporting by employees, victims or witnesses, and to resolve complaints promptly, confidentially, and, when possible, at the lowest levels of the organization.

9.02.03 To prohibit retaliation against any employee because he or she has made a report of alleged Sexual Harassment, or retaliation against any employee who has testified, assisted, or participated in any manner in an investigation of the allegations.

9.02.04 To prohibit and prevent actions which unlawfully discriminate on the basis of race, gender, religious belief or national origin in areas such as compensation, benefits, privileges, transfers, layoffs, returns from layoff, training and social programs.

9.02.05 To provide education to employees or, under some circumstances, to non-employees; to raise awareness of Sexual Harassment as a workplace issue; to prevent Sexual Harassment by providing information about Sexual Harassment in general and about this policy in particular.

9.03 Definitions

9.03.01 "Sexual Harassment" means unwelcome sexual advances, requests for favors and other offensive verbal or physical conduct of a sexual nature when:

- a) submission to such conduct is made either explicitly, or implicitly, a term or condition of an individual's employment;
- b) submission to, or rejection of, such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

9.03.02 "Intimidating, hostile, or offensive working environment" means a workplace in which: a) repeated, unwelcome, sexually-oriented jokes, innuendoes, obscenities, pictures or any action with sexual connotation has the cumulative effect of making an employee feel uncomfortable in the workplace; or b) aggressive, harassing behavior in the workplace whether or not sexual in connotation, is directed toward an employee based on the employee's gender.

9.03.03 "Offensive conduct of a sexual nature" means physical contacts, sexual comments, obscenities, gestures, propositions, unnecessary touching, sexually explicit, or offensive pictures, discussion of sexual activities, commenting on another person's anatomy or attributes, using demeaning or diminutive terms toward officers, employees or members of the public such

as "babe", "hunk" or "honey", ostracizing employees of one gender by employees of the another, granting job favors to those who participate in consensual sexual relationships or activities, or any other action with sexual connotation whether at, or away from work, which is unwelcome or which makes an employee feel uncomfortable in his/her employment.

9.03.04 "Management" means the immediate or first level supervisor who is not involved in the alleged harassment and other managers in the direct line of authority above these supervisors.

9.03.05 "Retaliation" means acts of reprisal such as: open hostility to the complainant, participant or others involved; exclusion/ostracism of the complainant or others; creation of or the continued existence of a hostile work environment; gender-based negative remarks about the complainant, participants or others; special attention to, or assignment of the complainant, participant or others to demeaning duties not otherwise performed; tokenism or patronizing behavior; discriminatory treatment; subtle harassment; or unreasonable, supervisory-imposed time restrictions on employees on preparing complaints or compiling evidence of Sexual Harassment activities or behaviors.

9.04 Reporting Procedures

9.04.01 Complainant's Responsibility:

An employee who believes he or she has been a victim of Sexual Harassment is encouraged to report the incident(s) or working conditions as soon as possible after the alleged harassment occurs.

Prompt reporting is encouraged because the ability of management to investigate and act on reports diminishes with time. Employees may bring reports to the attention of any or all of the following:

- a) The alleged harasser. When reporting or giving notice to the alleged harasser, the employee should clearly request that the action stop immediately;
- b) The immediate supervisor or the first level of management who is not directly involved in the alleged harassment;
- c) The City Administrator; or

- d) The City Attorney may be contacted if the City Administrator is unavailable or implicated in the allegation, or if the employee for other reasons, is not willing to disclose the matter to the City Administrator.

It shall be a responsibility of the employee to cooperate with management, the City Administrator or the responsible management official in all efforts to investigate and verify such reports.

9.04.02 Management's Responsibility:

All reports of alleged Sexual Harassment received by management, shall be promptly referred to the City Administrator. The City Administrator shall immediately initiate an investigation or recommend another appropriate management representative to initiate the investigation.

Any report of Sexual Harassment and its investigation is confidential. Dissemination of confidential information shall be limited to persons with a need to know to participate in the investigation or implement an action resulting from the investigation. If discipline is anticipated, it may be necessary to disclose the name of the complaining employee to the employee accused of harassment.

The standard to be applied in evaluating allegations of Offensive Conduct of a Sexual Nature or an Intimidating, Hostile or Offensive Working Environment shall be that of a reasonable victim. For instance, if an allegation is made by a female employee, the standard under this policy shall be whether, to a reasonable woman, such conduct would have the effect of making a woman feel offended, uncomfortable, threatened or intimidated. If the allegation is made by a male employee, the allegation shall be evaluated from the perspective of a reasonable male.

If, as the result of investigation, sufficient facts are gathered to support the complaint, management will contact the alleged harasser to obtain a response to the complaint. If the alleged harasser denies the allegation, he/she may be afforded an opportunity to provide details, witnesses or documentation to support his/her denial of the allegation.

Records pertaining to the investigation shall be maintained in a file separate from the complainant's personnel file.

9.04.03 Employees' Responsibility

Employees who are not personally victims of Sexual Harassment, but who observe actions which they have interpreted to be harassment or offensive

conduct of a sexual nature, are strongly encouraged to immediately report such matters to management. Supervisors and members of management must report observations which they have interpreted to be harassment or offensive conduct of a sexual nature.

9.04.04 Alleged Harasser's Responsibility:

It shall be the responsibility of any employee accused of sexual harassment to fully cooperate with management in its investigation of complaints and to refrain from retaliating against the complainant for coming forward with the complaint.

9.05 Violations of Policy

9.5.01 The investigator of the complaint will determine whether violations of this policy have occurred on the basis of facts verified during the investigation and after consultation with the City Attorney. If a violation of the policy has occurred, the investigator of the complaint will recommend disciplinary action to the Mayor or his/her designee.

9.05.02 Substantiated violations of this policy may result in disciplinary action in accordance with Section 4 of the City of Buckley Personnel Policies and Procedures Manual. Appropriate discipline may include discharge, if the initial violation is sufficiently severe, if the violator's position within the organization has had the effect of worsening the harassment, or if lesser violations are repeated after discipline or warnings have been given.

In addition, or as an alternative, to traditional disciplinary actions, violators of this policy may be subject to corrective measures such as educating the harasser about Sexual Harassment, requiring counseling or reassignment.

9.05.03 Disciplinary action taken under this policy may be subject to the City's grievance policy as described in Section 4 of the City of Buckley Personnel Policies and Procedures manual, to applicable civil service rules and procedures or to collective bargaining agreements.

- 10.05 Statements of Policy & Procedure
- 10.06 Materials Use and Disposal
- 10.07 Water and Sewer Conservation

10.01 Purpose

The purpose of this policy is to establish general guidelines for the efficient use of energy, water, and material resources for the purposes of economical utility and environmental conservation.

10.02 Organizations Affected

These policies shall guide all departments of the City.

10.03 Definitions

None.

10.04 Responsibilities

It is the responsibility of department managers and other supervisory employees to enforce this policy.

10.05 Statements of Policy and Procedure

It is the policy of the City of Buckley to build and operate city facilities in the most cost-effective manner possible, achieving a balance between capital, energy, and maintenance costs. Lifecycle cost analysis may be used to inform this decision, enumerating both economic and environmental factors.

10.05.01 “Building Temperatures” - Buildings shall be operated to provide occupant comfort and healthy working conditions at seasonally-appropriate temperatures, as follow:

- a) Offices and public spaces shall, whenever possible, be heated to 68 degrees, and where applicable, cooled to 76 degrees. Sufficient ventilation air should be provided to ensure a carbon dioxide concentration of between 800 and 1200 ppm. When outside temperatures are between 68 and 76 degrees, outside air economizer usage should be maximized, including manual opening of windows, with chillers and furnaces locked out. During unoccupied periods, heating shall, whenever possible, be set back to 55 degrees, and cooling to 80 degrees.
- b) Workshops and exercise rooms may be heated to a maximum of 65 degrees and cooled to a maximum of 78 degrees.
- c) Storage and Mechanical Spaces receive freeze protection and ventilation only.

10.05.02 “Operating Schedules” -

- a) HVAC should operate for the minimum amount of time required to bring a space to the approved conditions, to be set manually or with automated optimal start, and shutdown is to occur 30 minutes prior to staff departure, or at a time calculated according to the building's thermal curve.
- b) All windows and doors should be closed when the HVAC is turned on, as open windows can have the opposite of the intended effect if they set up a draft over a thermostat, causing the building to fight the outdoors.
- c) All systems should go into unoccupied mode for weekends and holidays, with the exception of scheduled events.
- d) Unscheduled use of facilities shall be at unoccupied temperature.
- e) If a facility rental requires conditions beyond those specified in this policy, additional costs shall be assessed.
- f) Building lighting in common areas shall be shut down during unoccupied times.
- g) Staff is responsible for turning off the lights in their work areas any time the space is to be unoccupied for five minutes or more. Staff is also responsible for closing all window coverings each evening.
- h) Building exterior and lot lighting should be started 15 minutes before the first scheduled use each day, shut down at dawn, restarted at dusk, and shut down 15 minutes after the last scheduled use. Exceptions for security reasons may be approved by the City Administrator.

10.05.03 “Building Alterations and Decorations” - Alterations or renovations to the building shall not be performed without prior approval

from the City Administrator and Department Manager. Any alterations that impact energy usage shall evaluate and report on that impact, and should be designed to improve energy efficiency. Any holiday lighting or temporary displays shall be operated on a schedule rather than around the clock, and displays should be designed with efficiency in mind.

10.05.04 **“Building Maintenance”** - Maintenance shall be performed periodically according to a schedule designed for optimal equipment performance, efficiency, and service life. Maintenance staff should report on opportunities to improve facility efficiency.

10.05.05 **“Facility Rentals”** - Facility rental fees should include a calculated cost of providing utilities, and require that users adhere to the city's conservation guidelines. If additional utility usage is required by the nature of the rental, additional fees shall be imposed.

10.06 Materials Use and Disposal.

- A. Recycled and environmentally-preferable materials shall be considered in procurement decisions, with preference given if price and performance are equal or better.
- B. Staff should communicate electronically whenever possible to reduce paper use.
- C. All city facilities and functions shall be provided with appropriate recycling options.

10.07 Water and Sewer Conservation

- A. Irrigation shall only be provided to entry landscaping and summer play fields, and only as required to maintain plant viability, not maximal growth. Landscaping around city facilities shall be designed for drought-tolerance.
- B. City facilities and operations shall employ water-smart practices so as to lead by example. Active water features should be discouraged in city landscapes, and where they exist currently, nonpotable water should be considered for use in fountains, waterfalls, and ponds.

POLICY AND PROCEDURE

SECTION 1: GENERAL		SUBJECT: 1.4 Appointments, Appointment Status and Probationary Period
Effective Date:	City Administrator Approval:	Mayor Approval:

1.4.1 PURPOSE: To establish a policy regarding appointments, appointment status and probationary periods for employees.

1.4.2 ORGANIZATIONS AFFECTED: All employees

1.4.3 Policy:

1.4.4 Appointments

a) All appointments to vacancies are made solely on the basis of merit, efficiency and fitness for the position as determined through evaluation and/or testing procedures appropriate for the position.

b) All appointments to positions in the City of Buckley will be by letter of appointment or employment contract, setting forth conditions of employment and appointment status. The employment relationship is at will of the parties and may be terminated at any time in accordance with applicable personnel rules, contract or Civil Service Rules and Regulations.

1.4.5 Appointment Status

Regular. All appointments to full-time and part-time positions in the City of Buckley are regular status unless special employment conditions are necessary. If it is determined that special conditions apply, they will be specified in the appointment letter and made a condition of employment.

Probationary. All new employees appointed to regular positions are in probationary status and subject to the conditions of the probationary period.

Temporary. A temporary appointment may be made to any position in the City of Buckley. Temporary appointments are for a limited period of time and employees are not entitled to city benefits unless authorized by the Mayor as special conditions. All conditions of a temporary appointment will be specified in the letter of appointment or contract. Seasonal employment is

Page 1 of 3

Subject: Appointments, Appointment Status, & Probationary Period

considered temporary appointment status. Temporary employees do not attain regular status in the classification, have no grievance rights and may be terminated at will.

Acting. When the need arises to fill a position due to approved leave of absence, disciplinary actions or when a vacancy exists, a current regular status employee may be appointed "acting" to a position of higher pay grade or to a position of differing classification. Such appointments are for a limited time to fill a temporary vacancy. Employees will not attain regular status in the higher position from an acting appointment and will be returned to the previous classification. No probationary period is required for an acting appointment.

Trial Performance. A regular status employee promoted to a position of changed responsibility, new duties, or higher pay within the city will serve a six-month trial performance period in the new position. This trial performance is to ensure the employee meets the desired performance levels of the higher position which will be determined through written performance evaluations. If it is determined that the promoted employee cannot for any reason perform the duties of the higher position as required, they will be returned to the former position, if vacant, or similar vacant position within the same department.

1.4.6 Probationary Period.

All regular status employees except for a Department Manager, whether part-time or full-time, will be required to serve a probationary period for six months from the date of employment. A current employee in any appointment status may be placed on probation for disciplinary reasons after the initial six-month probationary period has been served.

Department Managers will be required to serve a probationary period for twelve months from the date of employment.

At appropriate intervals, the Department Manager will determine through a written Employee Performance Evaluation whether each employee is performing the job satisfactorily. If the employee's performance is satisfactory after the appropriate probation period, the Department Manager will recommend to the Mayor through the final written evaluation that the employee be taken off probation and placed on regular status.

If an employee's performance is not satisfactory during the probationary period, the Department Manager may recommend termination of employment at any time during the probation or, in special circumstances, request that the Mayor extend the probationary period up to an additional six months and shall be specified in writing to the employee. In the event the employee's performance is still unsatisfactory, the employee may be terminated at any time within the extended probationary period.

A probationary status employee will accrue vacation and sick leave and receive all other benefits of regular status employees. However, vacation leave will not be taken during any probationary period.

A probationary status employee has no grievance rights and may be terminated at will.

Provisions for length of probationary period and termination during the probationary period are subject to any applicable Civil Service rules for those classifications covered under Civil Service Rules and Regulations.

1.5.4.01 Lateral Transfer: This is a method of employee transfer from one classification to another classification with the same pay grade or within the same classification or pay grade from one department to another. A layoff must be approved by the Mayor. No regular employee shall be laid off while another person in the same classification is employed on a probationary, temporary, acting or part-time basis. In determining which employees in any classification are to be laid off, consideration is to be given to individual performance and then to seniority in the positions to be affected.

1.5.7 Exit Interview

1.5.7.01 In the event of separation from employment of a regular status employee, an exit interview shall be conducted with the employee. All terminating employees will receive an Exit Questionnaire prior to the exit interview. The exit interview will be conducted on the employee's last workday.

1. In the case of any separation from employment, the exit interview will be conducted by the Department Manager and will consist of a discussion of:

2. The employee will be afforded the opportunity to constructively comment on city employment through discussion with the department Manager, City Administrator or Mayor.

1.5.7.02 A summary of the exit interview will be placed in the personnel file of the employee.

1.5.8 Personnel Records

1.5.8.01 Personnel records will be maintained for each employee and are the property of the city. Personnel records will show the employee's name, title of position held, the department assigned, salary, change in appointment status, training received, with the exception of Police and Fire Department in-service training maintained in Departmental files, performance evaluations, fringe benefits administration, including vacation and sick leave rates of accumulation and use, notes regarding disciplinary action or other counseling sessions, and such other information as may be considered pertinent.

1.5.8.02 Employee Records are confidential and accessible only to the employee, the employee's Department Manager, the City Administrator and the Mayor, or other staff assigned to the personnel file.

1.5.8.03 Employees are entitled to review their own personnel file at least once annually, or otherwise upon approval of the Department Manager. Employee review will be conducted in the presence of authorized personnel.

1.5.8.04 Confidential personnel records will not be released to any unauthorized individuals except with the written consent of the employee or in response to valid court orders or government requests directing the provision of information from personnel records.

1.5.8.04 Employees have the opportunity to submit a letter of rebuttal regarding any information contained in their file that is in dispute.

1.5.9 Employment References

PERSONNEL POLICY AND PROCEDURE

SECTION 1: GENERAL	SUBJECT: 1.8 Conflict of Interest	
Effective Date:	City Administrator Approval:	Mayor Approval:

1.8.1 PURPOSE: To establish a conflict-of-interest policy for employees and Council.

1.8.2 ORGANIZATIONS AFFECTED: All employees and Council.

1.8.3 POLICY:

Chapter 42.23 RCW prohibits municipal officers from using their positions to secure special privileges or special exemptions for themselves or others, and from entering certain contracts or having other personal financial interests with their jurisdictions.

RCW 42.23.020(2) defines "municipal officer" rather broadly to include all elected and appointed officials, all deputies and assistants of such officials, and anyone exercising or undertaking to exercise the powers of those officials (such as city managers, city or county administrators, or special purpose district superintendents).

These rules apply to all officers in all types of municipal and quasi-municipal corporations, including cities, towns, counties, and special purpose districts.

Violating these rules can bring serious penalties, including monetary fines, nullification of contracts, and possible forfeiture of office.

Common sense can be a good guide in this area of law, but sometimes gray areas can create confusion and uncertainty. If you are concerned about a specific situation, legal counsel should be consulted.

1.8.4 Prohibited Uses of Public Office

State law, codified at RCW 42.23.070, governs the ethical conduct of county, city, and special purpose district officers and prohibits them from taking the following types of action while in office, specifically municipal officers may not:

- 1) Engage in any transaction or activity, which is, or would be to a reasonable person appear to

Page 1 of 4

Subject: Conflict of Interest

be, in conflict with or incompatible with the proper discharge of official duties, or which impairs, or would to a reasonable person appear to impair, the employee's independence of judgment or action in the performance of official duties and fail to disqualify themselves from official action in those instances where conflict occurs;

- 2) Have a financial or other private interest, direct or indirect, personally or through a family member of their immediate family, in any matter upon which the employee is required to act in the discharge of their official duties, and fail to disqualify themselves from acting or participating.
- 3) Fail to disqualify themselves from acting on any transaction which involves the City and any person who is, or at any time, within the preceding twelve (12) month period has been a private client of theirs or of their firm or partnership.
- 4) Have a financial or other private interest, direct or indirect, personally or through a member of his or her immediate family, in any contract or transaction to which the City or any City agency may be a party, and fails to disclose such interest to the appropriate City authority prior to the formation of the contract or the time the City or City agency enters into the transaction; provided, that this paragraph shall not apply to any contract awarded through the public bid process in accordance with applicable law.
- 5) Accept employment or engage in business or professional activity that they might reasonably expect would require or induce them by reason of their official position to disclose confidential information acquired by reason of their official position; or
- 6) Disclose confidential information gained by reason of their position, nor may they otherwise use such information for their personal gain or benefit.

1.8.5 Prohibited Contract Interests

RCW 42.23.030 specifically prohibits a municipal officer, or their office, from directly or indirectly receiving financial benefit from a contract if the contract is made by, or under the supervision of the municipal officer, in whole or part. Any contract entered by a municipality in violation of this prohibition is void.

Under RCW 42.23.020(3) "contract" is defined as any contract, sale, lease, or purchase, including a contract (written or unwritten) of employment.

A contract is made "by, through or under the supervision of the municipal officer" only when the

municipal officer has the authority to enter the contract on behalf of the municipality. The prohibition applies broadly to members of the governing body, who are generally responsible for approving contracts, regardless of whether they voted on the contract or not.

Although there are some exceptions for specific situations (see below) certain contract interests are prohibited in any situation. Specifically, a municipal officer who has authority over making the contract may never:

- Purchase or lease property from the same municipality.
- Contract for legal services with the same municipality, except for reimbursement of expenses; or
- Enter any contract with the same municipality if the municipality is a county of 125,000 or more, a city of 1,500 or more, or an irrigation district encompassing more than 50,000 acres, or a first class school district.

1.8.6 Exceptions. Contract interests are allowed if the officer entered the contract before assuming office. However, any future contract renewals or revisions would be subject to the restrictions of Chapter 42.23 RCW, since the contract would effectively be remade at the time.

RCW 42.23.030 contains a number of very specific exceptions, allowing municipal officers to have contract interests with their municipalities in certain situations. Some of these exceptions apply to certain types of contracts, while others depend on the monetary value or the type and size of the municipality.

If an exception applies, the municipal officer must fully disclose the contract interest to the governing body, which must note the interest in its official minutes or similar records before approving the contract, the municipal officer may not vote on the contract under any circumstances.

1.8.7 Remote Interests

Certain "interests" that municipal officers have in contracts made by, through, or under their supervision are not considered to fall under the prohibition in RCW 42.23.030 but rather considered "remote" interests under RCW 42.23.040. A municipality may enter contracts in which an officer who has authority over the making of the contract has a remote interest, provided that certain conditions are met.

There are four types of remote interests, which exist only where the municipal officer is:

- 1) A non-salaried officer of a nonprofit corporation that is a contracting party.

- 2) An employee or agent of the contracting party, where the salary consists entirely of fixed wages or salary.
- 3) The landlord or tenant of the contracting party; or
- 4) Someone who holds less than 1% of the shares of a corporation or cooperative that is a contracting party.

"Contracting party" is defined in RCW 42.23.020(4).

A remote interest will only apply if all the following conditions are met:

- The municipal officer discloses the remote interest to the governing body of the municipality prior to the formation of the contract.
- The remote interest is noted in the official minutes, or similar records, prior to the formation of the contract.
- The governing body, in good faith, approves the contract without counting the vote of the officer with the remote interest; and
- The officer with the remote interest did not influence or attempt to influence the decision of other municipal officers, who serve the same jurisdiction, related to the contract.

1.8.8 Relatives and Spouses

The prohibition in RCW 42.23.030 does not apply to contracts with relatives of municipal officers unless that relative, such as a spouse or a minor child, has a legal interest in the earnings of the municipal officer. However, hiring or contracting with spouses may be allowed if the municipal officer and their spouse have entered into a separate property agreement.

1.8.9 Penalties

The consequences of violating chapter 42.23 RCW are severe. Any municipal officer who violates chapter 42.23 RCW is subject to a \$500 civil penalty, on top of other possible civil and criminal penalties, and may have to forfeit their office. In addition, any contract made in violation of chapter 42.23 RCW is void, and acting in good faith is not a defense.

SECTION 1: GENERAL	SUBJECT: 1.13 Accommodations	
Effective Date:	City Administrator Approval:	Mayor Approval:

1.13.1 PURPOSE: The City of Buckley is committed to maintaining an inclusive workforce where people of all abilities contribute to our workforce. It is the policy of the City of Buckley to comply with all federal and state laws concerning the employment of persons with disabilities and to act in accordance with regulations and guidance issued by the Equal Employment Opportunity Commission (EEOC).

The City will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job; unless doing so causes a direct threat to these individuals or others in the workplace, and the threat cannot be eliminated by reasonable accommodation, and/or if the accommodation creates an undue hardship to the City.

1.13.2 ORGANIZATIONS AFFECTED: All employees

All departments/divisions.

1.13.3 POLICY:

1.13.3.01 Disability Accommodation

The City of Buckley is committed to maintaining an inclusive workforce where people of all abilities contribute to our workforce. It is the policy of the City of Buckley to comply with all federal and state laws concerning the employment of persons with disabilities and to act in accordance with regulations and guidance issued by the Equal Employment Opportunity Commission (EEOC).

The City will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job; unless doing so causes a direct threat to these individuals or others in the workplace, and the threat cannot be eliminated by reasonable accommodation, and/or if the accommodation creates an undue hardship to the City.

1.13.3.02 Service Animal Accommodation

The City of Buckley prohibits bringing a pet (a domestic animal kept for pleasure or companionship) to work or having a pet in City – controlled buildings and premises, with the exception of service animals for a person with disabilities. A person with a disability uses a service animal as an auxiliary aid. In compliance with the ADA, service animals are welcome in all buildings on City property and may attend any class, meeting, or other event. There may be an exception to certain areas. Employees requesting accommodation for a disability that includes a service animal must contact Human Resources and complete a Documentation of Disability form. All service animals must be registered with HR.

A service animal is any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained, or untrained, are not considered service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to:

- Assisting individuals who are blind or have low vision with navigation and other tasks.
- Alerting individuals who are deaf or hard of hearing to the presence of people or sounds.
- Providing non-violent protection or rescue work.
- Pulling a wheelchair.
- Assisting an individual during a seizure.
- Alerting an individual to the presence of allergens.
- Retrieving items such as medicine or the telephone.
- Providing physical support and assistance with balance and stability to individuals with mobility disabilities.
- Helping individuals with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not considered work or tasks under the definition of a service animal.

When and Where a Service Animal is Allowed

Individuals with disabilities can bring their service animals into all areas of public facilities and private businesses where members of the public, program participants, clients, customers, patrons, or invitees are allowed. A service animal can be excluded from a facility if its presence

interferes with legitimate safety requirements of the facility (e.g., from a surgery or burn unit in a hospital in which a sterile field is required).

A public entity or a private business may ask an individual with a disability to remove a service animal if the animal is not housebroken or is out of control and the individual is not able to control it. A service animal must have a harness, leash, or other tether, unless the handler is unable to use a tether because of a disability or the use of a tether would interfere with the service animal's ability to safely perform its work or tasks. In these cases, the service animal must be under the handler's control through voice commands, hand signals, or other effective means. If a service animal is excluded, the individual with a disability must still be offered the opportunity to obtain goods, services, and accommodations without having the service animal on the premises.

Requirements of Service Animals and Their Owners Include

- All animals need to be immunized against rabies and other diseases common to that type of animal. All vaccinations must be current. Animals must wear a rabies vaccination tag.
- All dogs must be licensed per state law.
- Service animals must wear an owner identification tag which includes the name and phone number of the owner at all times.
- Animals must be in good health.
- The owner must provide HR with information as to how the animal accommodates the individual's disability.

Reasonable behavior is expected from service animals while on City property. The owners of disruptive and aggressive service animals may be asked to remove them from City facilities. If the improper behavior happens repeatedly, the owner may be told not to bring the service animal into any facility until the owner takes significant steps to mitigate the behavior.

Cleanliness of the service animal is mandatory. Consideration of others must be taken into account when providing maintenance and hygiene of service animals. The owner is expected to clean and dispose of all animal waste.

1.13.3.03 Religious Accommodation

The City of Buckley will provide reasonable accommodation of the sincerely held religious beliefs and practices of our employees. This may include accommodation of religious beliefs or practices regarding diets, work schedules, dress and appearance, or other issues.

1.13.3.04 Procedure to Request Accommodation

Any applicant/employee who seeks reasonable accommodation for a disability or a sincerely held religious belief and practice should report this request to their supervisor. If the applicant/employee does not feel comfortable making the request to the Supervisor, he/she should make the request to their Director instead.

A request for reasonable accommodation will trigger the interactive process. The interactive process may involve communications between you, the City, and either your medical providers (disability) or clergy (religion) to obtain information on your limitations, the duration of the limitations, and what accommodations can reasonable be offered you. You may be required to sign releases or disclosures that will allow your medical providers to communicate with the City regarding a medical condition for which you are seeking reasonable accommodation.

The City will decide whether any accommodation can be reasonable offered after obtaining relevant information from the applicant/employee, his/her supervisors, and the applicant's/employee's medical providers or clergy.

Personal information that you submit about your disability will be kept confidential, except for cases where (i) your supervisor needs to be informed of work restrictions or necessary accommodations, (ii) first aid or safety personnel need to be informed in order to provide emergency treatment, or (iii) Government officials need to be informed in compliance with the OFCCP, Ability One/Source America requirements, or the Americans with Disabilities Act. In such cases, personal information is only released to the minimum extent necessary, and you are assured that your information will be used in ways that are consistent with Section 503 of the Rehabilitation Act. Our intention is simply to ensure that the City's work environment is welcoming to all people of all abilities.

PERSONNEL POLICY AND PROCEDURE

SECTION 1: GENERAL		SUBJECT: 1.15 Substance Abuse
Effective Date:	City Administrator Approval:	Mayor Approval:

1.15.1 PURPOSE: The City of Buckley recognizes that its employees are its most important resource in fulfilling its charge of effective public service. The city has promulgated this policy in the interest of the safety and well-being of its employees and the efficiency of its workforce. This document outlines the city of Buckley policy regarding alcohol and drug abuse and provides guidance to supervisors in addressing substance abuse issues. This policy is intended to comply with the federal Drug Free Workplace Act of 1988 and with federal Department of Transportation regulations governing commercial drivers.

1.15.2 ORGANIZATIONS AFFECTED: All employees

1.15.3 POLICY: Substance Abuse

1.15.3.01 Scope

This policy applies to all City of Buckley employees except that employees included in bargaining units are subject to drug testing only if: 1) the labor contract covering them specifically allows for such testing; or 2) the issue of drug testing has been legally bargained to final impasse; or 3) a written agreement between management and the employee's bargaining agent has been signed and executed to provide for drug testing.

All other provisions of this policy, apart from the limits to drug testing as specified above, shall apply to all city employees. In cases where the provisions of this policy conflict with collective bargaining agreements duly agreed upon between the authorized employee organizations or unions and the city, the provisions of the collective bargaining agreements shall govern.

None of the exclusions mentioned in this Section shall waive or in any way diminish the City's Disciplinary Action and Rules of Conduct Policy (4.06.01, "g") which covers all employees.

Neither the provisions nor the exclusions cited in this policy waive or modify the "employment at will" status of any city employee subject to that status either by law or as allowed under a collective bargaining agreement.

Page 1 of 12

Subject: Substance Abuse

1.15.3.02 Policy

The City of Buckley recognizes that alcoholism and drug abuse may have an adverse effect on job performance and it is concerned with this impact.

The City of Buckley recognizes that alcoholism and drug abuse can be successfully treated, enabling the employee to return to a satisfactory job performance level.

Employees who are concerned about their alcohol and/or drug use are strongly encouraged to voluntarily seek assistance.

Supervisors, department managers and the City Administrator are available to all employees as a resource.

It is the employee's responsibility to demonstrate satisfactory job performance.

It shall be the responsibility of supervisors at every level to encourage employees to use the resources available through city employment when deteriorating or unsatisfactory job performance does not respond to usual supervisory actions, or when a specific on-the-job incident is cause for concern. These resources include employer provided health insurance and leave benefits which may be coordinated to enable assistance or treatment for the employee. The supervisor's role is to observe and record behavior and performance of employees. Supervisors should not attempt to medically diagnose an employee's problems.

The employee's compliance with the recommendations of a health care professional is voluntary. Use of a remedial or treatment program does not replace normal disciplinary procedures for unsatisfactory job performance.

The employee's job security and/or promotional opportunities will not be jeopardized by use of a remedial or treatment program. Paid or unpaid leave status during participation in a remedial or treatment program will be determined on a case-by-case basis, depending upon the circumstances involved.

Confidentiality is an essential element of substance abuse treatment. Any employee violating this confidentiality will be subject to disciplinary action.

Reporting to work under the influence of alcohol or drugs, or any substance, legal or illegal, which impairs an employee's mental or physical health will not be tolerated.

When there are reasonable grounds to believe that the employee is under the influence of alcohol or drugs, the supervisor may direct the employee to submit to drug screening and blood alcohol

Subject: Substance Abuse

tests. Refusal to submit to such tests can subject the employee to disciplinary action up to and including dismissal.

Under no circumstances will an employee be allowed to operate city equipment or drive a city motor vehicle after a supervisor has established reasonable grounds to believe that the employee is impaired.

Any employee using medication or prescribed drugs which may impair job performance must report this fact to his/her supervisor prior to accepting an assignment which might be adversely affected by the side effects of the medication.

It is the responsibility of employees who are called out to work after regular hours to comply with the provisions of this policy. If the employee called out to work has been involved in activities that may have left him/her in an impaired or intoxicated condition, the employee must inform the person making the call out, so that an alternate can be found.

The unauthorized use, sale, purchase or possession of alcohol or controlled substances at the worksite is prohibited and shall be grounds for discipline up to and including dismissal. The unauthorized use of the employee's position with the city to make, purchase or sell alcohol, controlled substances or illegal drugs is also prohibited and shall be grounds for discipline up to and including dismissal.

1.15.3.03 Assistance Program / Voluntary Referral

The City of Buckley supports employees who volunteer for treatment of alcohol or drug abuse. Employees are encouraged to seek treatment voluntarily and to utilize the Employee Assistance Program. Any employee who comes forth and notifies the City Buckley of alcohol or drug abuse problems will be given the assistance extended to employees with any other illness. Any such program, however, may not interfere with the tests required by these rules. For example, a driver may not identify himself/herself as unfit to drive after having been notified of a random or reasonable suspicion test and expect to avoid the consequences for a positive test or a refusal to test. In addition, voluntarily seeking assistance does not excuse any failure to comply with all of the provisions of this policy or other policies of the city.

Sick leave, vacation leave or leave of absence without pay will be granted for treatment and rehabilitation as in other illnesses subject to City policy and / or contract language governing use of leave. Insurance coverage for treatment will be provided to the extent of individual coverage. Confidentiality of information will be maintained as much as possible at all times.

1.15.3.04 Compliance with Drug Free Workplace Act

It is the policy of the City of Buckley to comply with the federal, Drug Free Workplace Act of 1988. Toward that end, the following provisions and procedures shall be in effect:

Page 3 of 12

Subject: Substance Abuse

a) In the event that an employee is convicted of any criminal drug statutory violation for a violation occurring in the workplace, the employee must notify his/her supervisor within 5 working days. The supervisor must inform his/her department manager within 24 hours of the notification. The department manager will notify the City Administrator immediately. If the employee is directly involved in the performance of a contract for which the city receives federal funding, the contracting agency must be informed of the incident in writing within 10 days of the employer's notice. A copy of the notification shall be sent to the City Administrator.

The city is responsible to take appropriate disciplinary action and/or to require the employee to seek approved drug abuse treatment or rehabilitation within 30 days of receiving notice of the employee's conviction.

b) All employees shall receive a copy of this policy. All employees will be required to sign a statement acknowledging that they have received a copy of this policy.

c) The city will make information and education on the prevention of alcohol and drug abuse available to its employees.

1.15.3.05 Compliance with Federal Regulations Applicable to Commercial Drivers

It is the policy of the City of Buckley to comply with the federal Department of Transportation regulations (Title 49, CFR subtitle B, chapter 382) which mandate prohibited behaviors and employer responsibilities for employee's holding safety sensitive positions which require the possession of a valid commercial driver's license.

1.15.3.06 Definitions - For purposes of this section, the following terms shall be defined as following:

Accident - Accident means an occurrence involving a commercial vehicle on a public road which results in a fatality or a citation under state or local law for a moving violation and (1) bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; and/or (2) one or more motor vehicles incurring disabling damage requiring the vehicle to be transported away from the scene by a tow truck or other vehicle.

Driver - This term includes all employees whose positions may involve driving a commercial vehicle and that require the possession of a Commercial Driver's License.

Commercial Vehicle - A commercial vehicle is one that either: 1) has a gross vehicle weight of over 26,000 pounds (including combined weight if towed unit weighs over 10,000 pounds); 2) is designed to transport 16 or more persons, including the driver; or 3) is used to transport hazardous materials.

Drugs - For the purposes of Section 7.06, in accordance with the applicable federal regulations, "drugs" refers to the following five substances: marijuana (THC), cocaine, opiates, phencyclidine (PCP), and amphetamines.

Medical Review Officer (MRO) - The Medical Review Officer is the licensed physician responsible for receiving and interpreting laboratory *results from the urine drug tests*.

Safety Sensitive Position - For purposes of this policy, these are positions associated with the driving of commercial vehicles.

Substance Abuse Professional (SAP) - A Substance Abuse Professional is a licensed physician, or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and drug-related disorders. The SAP is responsible for evaluating employees with positive test results.

1.15.3.07 Prohibited Behaviors. In addition to any other prohibitions on the use of alcohol or controlled substances established through city policy or by contract, the following behaviors by employees whose positions require the possession of a valid commercial driver's license are prohibited:

- a) Alcohol Concentration: Reporting to duty and performing safety-sensitive functions while having an alcohol concentration of 0.04 or greater.
- b) Alcohol Possession: Unauthorized possession of alcohol while on duty or operating a commercial motor vehicle unless the alcohol is an insignificant ingredient in a medication that is either prescribed or a commonly recognized over-the-counter remedy and notice has been given to the employee's manager in advance.
- c) Alcohol Use Following an Accident: Use of alcohol within eight hours following an accident or before undergoing a post-accident alcohol test, whichever occurs first.
- d) Alcohol Use on Duty: Use of Alcohol while performing safety-sensitive functions. (This includes alcohol which may be in medications).
- e) Alcohol Use Prior to Duty: Performing safety sensitive functions within four hours after having used alcohol. An on-call employee who consumes alcohol within four hours of being called in must acknowledge the use of alcohol and may not report for duty.

f) Controlled Substance (Drug) Use: Reporting for duty or remaining on duty performing safety-sensitive functions after having used any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle. The proper and lawful use of drugs is permitted provided their use does not interfere with the individual's ability to perform the essential functions of his/her job. Any employee taking prescribed medication that may impair his/her ability to work safely and productively must notify his/her manager prior to commencing to work. The manager, in consultation with the employee's physician, if necessary, will make the determination regarding the employee's qualifications to work. Information provided to the manager will be treated as confidential. Disclosure by the City will only be required by law or in the event of a proceeding initiated on behalf of the employee. Failure to notify the manager in advance of commencing to work will be cause for disciplinary action up to and including discharge.

g) Positive Drug Test: Reporting for duty, remaining on duty, or performing safety sensitive functions after having tested positive for a controlled substance.

h) Refusal to Submit to a Required Test: Refusing to submit to a post-accident, random, reasonable suspicion, or follow-up alcohol or controlled substance test as directed pursuant to this policy.

i) Tampering with a Required Test: An employee may not tamper with, adulterate, alter, substitute or otherwise obstruct any testing process required under this policy.

1.15.3.08 Mandatory Training for Commercial Drivers

The City shall provide all affected employees with copies of this policy and any other information as required by the federal regulations.

Each driver shall sign a receipt upon having been provided the above referenced information including a copy of this Plan and accompanying procedures for drug testing.

Managers and supervisors designated to determine whether reasonable suspicion exists to require a commercial driver to undergo alcohol or drug testing will receive at least 60 minutes of training on alcohol and 60 additional minutes of training on substance abuse. The training will convey the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of controlled substances.

1.15.3.09 Drug and Alcohol Testing Program for Commercial Drivers

a) Pre-employment Drug Testing: All individuals who are covered by this policy must pass a drug test as a post-offer condition of employment.

b) Reasonable Suspicion Testing: Employees subject to this policy shall submit to a drug and\or alcohol test when the City of Buckley reasonably suspects that this policy (except the prohibitions against unauthorized possession, transfer or sale of alcohol) may have been or is presently being violated. A referral for testing will be based on contemporaneous, articulable observations. Such referrals will be made by supervisory personnel who have received training concerning the signs and symptoms of drug and alcohol use.

Alcohol testing for reasonable suspicion may be conducted at any time during working hours. If removed from duty based on reasonable suspicion of alcohol use and an alcohol test is not administered within eight hours, the employee will not be allowed to perform or continue to perform covered functions until:

1. an alcohol test is administered (normally within 2 hours of the determination of reasonable suspicion) and the driver's breath alcohol concentration measures less than 0.02; or
2. 24 hours have elapsed following the determination that there is reasonable suspicion to believe that the employee has violated this policy concerning the use of alcohol.

c) Post-Accident Testing: Following an accident (as defined above) involving a commercial vehicle, the driver is required to submit to alcohol and drug tests when the driver receives a citation under state or local law for a moving traffic violation, or where a fatality occurs as a result of the accident. Testing should occur as soon as possible, but may not exceed eight hours after the accident for alcohol testing and 32 hours after the accident for drug testing.

A driver who is subject to post-accident testing must remain readily available for such testing and may not take any action to interfere with testing or the results of testing. Drivers who do not comply with post-accident testing requirements will be considered to have refused to submit to testing and will be subject to sanctions for refusal to test as provided in this policy.

While awaiting a post accident test, the driver will be in a paid status.

d) Random Testing: Employees covered by this policy will be subject to random, unannounced alcohol and drug testing.

e) Return to Duty Testing: Employees who have violated this policy, including those who have tested positive on a drug or alcohol test, and who under the discipline policy are allowed to return to work, must test negative prior to being released for duty. A return to duty test following alcohol misuse shall be less than an alcohol concentration of 0.02.

f) Follow-up Testing: An employee who is referred for assistance related to alcohol misuse and/or use of drugs is subject to unannounced follow-up testing for a period as directed by a Substance Abuse Professional. The number and frequency of follow-up testing will be based on the recommendation of the Substance Abuse Professional, but will not be less than six tests in the first 12 months following the employee's return to duty.

g) Re-Tests: Employees who test positive for drugs may request a second test of the untested portion of the split sample within 72 hours of notification of a positive test result by the Medical Review Officer.

h) Test Results: Test results will be expressed as positive or negative based on detection of levels of alcohol or controlled substances as established by federal Department of Transportation standards.

i) Challenges to Test Results: An employee who wishes to challenge a positive drug test must do so within 72 hours notification of the positive result. The employee must notify the City's medical review officer that he/she wishes to challenge the test and must pay for the retest. The retest must be processed at a DHHS-NIDA-certified laboratory. If the MRO certifies that the second drug test is negative, an employee will be reimbursed for the cost incurred including any lost compensation.

1.15.3.10 Refusal by a Commercial Driver to Submit to an Alcohol or Drug Test: Refusal to submit to a directed test is a prohibited behavior in section 1.15.3.07 which shall subject the employee to the consequences outlined in section 1.15.3.12. No employee shall refuse to submit to an alcohol or drug test as directed under this policy. A refusal to submit shall include:

- a) Failure to provide adequate breath for testing without a valid medical explanation after an employee has received notice of the requirement for breath testing in accordance with established procedures;
- b) Failure to provide adequate urine for controlled substances testing without a valid medical explanation after an employee has received notice of the requirement for urine testing in accordance with the procedures manual; and/or
- c) Engaging in conduct that obstructs the testing process.

1.15.3.11 Securing Information from Previous Employers: If a person is to be hired into a position subject to this policy and during the previous two years has worked as a driver of a commercial vehicle, that person must authorize a request of all employers of the driver within the past two years of information on the following: a) positive alcohol or drug tests; or b) refusal to be tested.

Page 8 of 12

Subject: Substance Abuse

This information must be obtained before the person is employed by the City of Buckley. However, if the information has not arrived by the anticipated start date, and if the person has passed the pre-employment drug test, the person may be hired and the requested information must be obtained from the previous employers within 14 calendar days of the date of hire. If the information has not been received within the 14 calendar days, the person will not be permitted to drive commercial vehicles until the information has arrived. If the information obtained from previous employer indicates either a positive test or that a refusal to be tested occurred within the past two years, that person will not be permitted to drive commercial vehicles unless subsequent information indicates that an evaluation by a Substance Abuse Professional was made and return to duty testing was administered.

1.15.3.12 Consequences for Commercial Drivers of Engaging in Prohibited Behaviors and/or of Positive Drug or Alcohol Test Results: Employees found to have engaged in prohibited behavior as defined in Section 7.06.02 or to have tested positive for drugs shall be subject to discipline up to and including termination from employment.

The following provisions apply to those employees who are not terminated for their policy violations:

a) If an employee tests positive for drugs or has an alcohol test that indicates a blood alcohol level of .04 or greater from a random, reasonable suspicion or post-accident test, or engages in prohibited conduct as outlined in Section 7.06.02, the employee will be immediately removed from duties requiring the driving of a commercial vehicle. The employee will not be permitted to return to work unless he/she:

1. has been evaluated by a qualified Substance Abuse Professional; and,
2. if recommended by a Substance Abuse Professional, has properly followed any rehabilitation prescribed; and,
3. has a verified negative result on a return-to-duty alcohol (<0.02) and/or drug test.

Upon completion of a recommended rehabilitation program and successful return to work, an employee will be subject to follow-up random testing as recommended by the Substance Abuse Professional, with a minimum of six such unscheduled tests within the first twelve months of returning to duty.

b) Employees with a breath alcohol concentration of at least 0.02 but less than 0.04 and who have not engaged in any other prohibited conduct, shall be removed from the duty requiring the driving of a commercial vehicle for at least 24 hours. The time away from work shall be

charged to vacation, sick leave, or leave without pay at the employee's option, and will be considered an unscheduled absence.

1.15.4 Procedures for Drug or Alcohol Testing of City Employees other than Commercial Drivers

1.15.4.01 Supervisory Responsibility. If a supervisor has reasonable grounds to believe that an employee is under the influence of alcohol or drugs when reporting for work or during the work shift, the supervisor must verify the employee's condition and relieve the employee of his/her duties until the matter is resolved.

1.15.4.02 Observation. If a supervisor observes an employee who seems to be under the influence of alcohol or drugs, he/she should, if practical, seek the opinion of at least one additional supervisor, the City Administrator or the department manager.

For purposes of this policy, reasonable grounds to believe that an employee is impaired and/or under the influence of drugs or alcohol include a combination of various factors such as slurred speech, red eyes, dilated pupils, incoherence, unsteadiness on feet, smell of an alcoholic beverage or marijuana emanating from the employee's body, inability to carry on a rational conversation, carelessness, erratic behavior, inability to perform the job, or other unexplained behavioral changes. The supervisor shall document these observations in writing and forward his/her report to the department manager within 24 hours of the incident. A copy of this document will be provided to the employee upon request.

1.15.4.03 Referral for Testing. If the supervisor determines that reasonable grounds exist to require a drug test, the supervisor shall direct the employee to accompany the supervisor to a testing site designated by the City for a drug screening and blood alcohol test to determine fitness for duty. The department manager shall be notified before the supervisor and employee leave city premises for the drug testing site. The City Administrator shall be notified of the incident, in writing, within 48 hours.

The employee should be informed that the tests will be conducted on city time, paid for by the city, and are part of his/her job responsibilities. The employee should be informed that refusal to take the test may result in disciplinary action up to and including dismissal. Additionally, an employee who refuses to take the test should be informed that he/she will be sent home without pay for at least the rest of the work day.

Employees will be required to authorize release of test results to the City's designated test services provider and to the employer. Refusal to authorize release of test results to the city may result in disciplinary action up to and including dismissal. The test services provider will contact the City Administrator with the results.

The supervisor should accompany the employee back to the worksite pending the results. The supervisor shall notify his/her department manager immediately upon returning to the work site. Tests which are found to be positive will be verified by an additional test. The City's designated test services provider will ensure adequate chain-of-custody for sample collection and testing.

1.15.4.04 Test Results. Employees who test positive shall be considered unfit for work and shall be relieved from duty that day. It is the responsibility of the City Administrator to notify the employee. The employee should not be allowed to drive to the hospital. The employee shall be advised not to drive home. Employees who comply with the testing procedures of this policy will be on paid leave on "City Business" until the status of the tests and the circumstances surrounding the impairment are determined.

1.15.4.05 Discipline / Treatment. If tests determine that the employee is under the influence of alcohol or drugs on the job, the City Administrator shall contact the supervisor within 24 hours of test results notification. The City Administrator and/or the supervisor shall, within 48 hours of receiving the test results, contact the employee to provide the employee an opportunity to respond to the test results.

Following the employee's response opportunity, the City Administrator and the supervisor shall meet to discuss the appropriate level of disciplinary action for recommendation to the department manager. The degree of disciplinary action depends on the factual circumstances and the severity of the infraction.

It is the responsibility of the City Administrator, in conjunction with the immediate supervisor, to evaluate the circumstances and facts thoroughly and objectively.

Any disciplinary action shall be in accordance with provisions of the City Personnel Policies and Procedures Manual. If discipline is necessary, the discipline to be taken, shall be recommended by the department manager to the City Administrator. The City Administrator shall then act on the recommendation.

1.15.4.06 Sale or Transfer of Drugs. A supervisor who observes an employee using alcohol or drugs; or an unauthorized employee selling, purchasing, transferring, or possessing alcohol or drugs while on the job should take prompt action. Observations about the employee's behavior, as well as the discussions and contacts with him/her, should be documented as soon as practicable. The supervisor should report such observations to his/her own supervisor and appropriate disciplinary action should be taken in accordance with the procedures outlined in this policy.

In cases involving the unauthorized sale, purchase or transfer of illegal drugs or controlled substances at the workplace, the supervisor is required to contact the Buckley Police Department immediately.

1.15.4.07 Confidentiality and Record Retention:

All records related to drug and alcohol testing will be maintained in a secure location with controlled access. These records will be kept separate from records pertaining to all other employees.

PERSONNEL POLICY AND PROCEDURE

SECTION 1: GENERAL	SUBJECT: 1.16 Absences – Weather Related	
Effective Date:	City Administrator Approval:	Mayor Approval:

1.16.1 PURPOSE: The City of Buckley is a major employer and the City is responsible for providing many crucial services during inclement weather situations. The city has a responsibility to its employees as well as the residents, when conditions become hazardous. This policy describes how the City will handle compensation and staffing in these situations where certain City functions have been closed.

1.16.2 ORGANIZATIONS AFFECTED: All departments/divisions.

1.16.3 POLICY: Absences – Weather Related

- 1.16.3.01 Unless otherwise directed by the Mayor or City Administrator or their designee, the City is open for business to deliver municipal services during all scheduled hours of operations. Employees, unless otherwise directed or authorized, are expected to be at work as scheduled, regardless of weather conditions or other emergency situations.
- 1.16.3.02 All employees will be designated by their Director as "emergency activated" or "emergency non-activated" to ensure municipal services and operations are delivered and that employee attendance and pay are in accordance with all policies and procedures.
- 1.16.3.03 Each department Director has the responsibility to designate employees as "emergency activated" or "emergency non-activated." This designation is subject to change at any time.
- 1.16.3.04 The Mayor, City Administrator or designee retains authority to determine when inclement weather conditions warrant suspension of "emergency non-essential" services, essentially, the closure of City facilities.

1.16.4 DEFINITIONS

Subject: Absences – Weather Related

Page 1 of 4

1.16.4.01 “Emergency Activated”: All employees are considered emergency workers. However, depending on the type and level of event, not all employees may be activated to assist with an emergency situation or to supply services deemed essential by the Mayor. Those employees that are not identified by their department Director, or designee, as “activated” are considered “non-activated” for the purpose of this policy.

1.16.4.02 “Emergency Essential”: City services during inclement weather include, but may not be limited to, Police, Fire, Emergency Management (includes staff designated to support EOC operations), Administration (communications, facilities), portions of Parks & Recreation, and Public Works. Any Director may designate certain services within their departments as “emergency essential services” in any event.

1.16.4.03 “Emergency Non-essential”: City services for the purpose of this policy include all other City services with the exception of those departments/services listed in paragraph 1.16.4.02.

1.16.4.04 “Suspension of Services”: City services may be limited, or determined to be non-essential, on a day-to-day basis and may result in reduced hours of service short of a normally scheduled day.

1.16.4.05 “Inclement Weather Situation”: A situation in which snow, ice, or other conditions present a significant hazard to employees and customers in getting to, and from, City facilities, as determined by the Mayor, or designee.

1.16.5 PROCEDURE

Pay When No Suspension of Services Has Been Declared

1.16.5.01 If an employee is late or does not report to work due to inclement weather conditions preventing them from reaching their regular work location as scheduled, the employee **must** use accrued paid leave. Illness leave may not be used for absences due to inclement weather. If no accrued paid leave is available to the employee, and the employee is late or does not report due to inclement weather conditions preventing them from reaching their regular work location as scheduled, time off without pay will be allowed, after all accrued paid leave is exhausted.

1.16.5.02 Time off under this section must be requested and approved through the approval process determined by the department director, or designee. Requests will be honored provided the circumstances reasonably justify

the employee's concern and the employee's presence is not required for emergency essential services.

Pay During Suspension of Services

1.16.5.03 Emergency Activated Personnel:

- a. Personnel are expected to remain and/or report to work at all times that they are officially scheduled to work or as directed and may be required to adjust their shifts or work longer hours than normally scheduled.
- b. Department Directors deeming it necessary to require certain employees to work during any hours of an official closing shall be responsible for establishing procedures to ensure notification to those employees that they are to report to work.
- c. Employees designated as "emergency activated" will be required to use accrued paid leave for absences on days of the closure. Illness leave may not be used for absences due to inclement weather. Time off under this section must be requested and approved by the employee's immediate supervisor or the person the employee would normally contact for time off.

1.16.5.03 Emergency Non-Activated Personnel

- a. When the determination is made to close a facility or to allow early release of employees by the Mayor, or designee, **on-duty**, regular, full-time and regular, part-time employees will be paid for the remainder of their scheduled shift and paid leave need not be charged. Employees with pre-approved time off that begins prior to the closure/early release will be required to use their pre-approved leave time.
- b. If the closure is announced in advance of the work day and employees do not report on that basis, regular, full-time and regular, part-time employees will remain in paid status for up to three (3) days, as determined by the Mayor, and as the inclement weather conditions persist. The Mayor may authorize an extension of the closure beyond three (3) days, depending on circumstances. If the Mayor does not authorize a closure extension after three (3) days, and if the inclement weather conditions prevent employees

from reaching their regular work location as scheduled, employees must use accrued paid leave in compliance with section 6.1 above. Illness leave may not be used for absences due to inclement weather. However, employees with planned or pre-approved leave on these days will be required to use their planned, pre-approved leave time.

- c. Non-benefited/temporary/seasonal employees not working will not be paid during a closure.

PERSONNEL POLICY AND PROCEDURE

SECTION 1: GENERAL	SUBJECT: 1.17 Resource Conservation Guidelines	
Effective Date:	City Administrator Approval:	Mayor Approval:

1.17.1 Purpose: The purpose of this policy is to establish general guidelines for the efficient use of energy, water, and material resources for the purposes of economical utility and environmental conservation.

1.17.2 Organizations Affected: These policies shall guide all departments of the City.

1.17.3 Responsibilities: It is the responsibility of department managers and other supervisory employees to enforce this policy.

1.17.4 Statements of Policy and Procedure

It is the policy of the City of Buckley to build and operate city facilities in the most cost-effective manner possible, achieving a balance between capital, energy, and maintenance costs. A lifecycle cost analysis may be used to inform this decision, enumerating both economic and environmental factors.

1.17.4.01 “Building Temperatures” - Buildings shall be operated to provide occupant comfort and healthy working conditions at seasonally appropriate temperatures, as follow:

- a) Offices and public spaces shall, whenever possible, be heated to 68 degrees, and where applicable, cooled to 76 degrees. Sufficient ventilation air should be provided to ensure a carbon dioxide concentration of between 800 and 1200 ppm. When outside temperatures are between 68 and 76 degrees, outside air economizer usage should be maximized, including manual opening of windows, with chillers and furnaces locked out. During unoccupied periods, heating shall, whenever possible, be set back to 55 degrees, and cooling to 80 degrees.
- b) Workshops and exercise rooms may be heated to a maximum of 65 degrees and cooled to a maximum of 78 degrees.
- c) Storage and Mechanical Spaces receive freeze protection and ventilation only.

1.17.4.02 "Operating Schedules" –

- a) HVAC should operate for the minimum amount of time required to bring a space to the approved conditions, to be set manually or with automated optimal start, and shutdown is to occur 30 minutes prior to staff departure, or at a time calculated according to the building's thermal curve.
- b) All windows and doors should be closed when the HVAC is turned on, as open windows can have the opposite of the intended effect if they set up a draft over a thermostat, causing the building to fight the outdoors.
- c) All systems should go into unoccupied mode for weekends and holidays, with the exception of scheduled events.
- d) Unscheduled use of facilities shall be at unoccupied temperature.
- e) If a facility rental requires conditions beyond those specified in this policy, additional costs shall be assessed.
- f) Building lighting in common areas shall be shut down during unoccupied times.
- g) Staff are responsible for turning off the lights in their work areas any time the space is to be unoccupied for five minutes or more. The staff is also responsible for closing all window coverings each evening.
- h) Building exterior and lot lighting should be started 15 minutes before the first scheduled use each day, shut down at dusk, and shut down 15 minutes after the last scheduled use. Exceptions for security reasons may be approved by the City Administrator.

1.17.4.03 "Building Alterations and Decorations" - Alterations or renovations to the building shall not be performed without prior approval from the City Administrator and Department Manager. Any alterations that impact energy usage shall evaluate and report on that impact and should be designed to improve energy efficiency. Any holiday lighting or temporary displays should be operated on a schedule rather than around the clock, and displays should be designed with efficiency in mind.

1.17.4.04 "Building Maintenance" - Maintenance shall be performed periodically according to a schedule designed for optimal equipment performance, efficiency, and service life. Maintenance staff should report on opportunities to improve facility efficiency.

1.17.4.05 "Facility Rentals" - Facility rental fees should include a calculated cost of providing utilities and require that users adhere to the city's conservation guidelines. If additional utility

usage is required by the nature of the rental, additional fees shall be imposed.

1.17.5 Materials Use and Disposal.

- A. Recycled and environmentally preferable materials shall be considered in procurement decisions, with preference given if price and performance are equal or better.
- B. Staff should communicate electronically whenever possible to reduce paper use.
- C. All city facilities and functions shall be provided with appropriate recycling options.

1.17.6 Water and Sewer Conservation

- A. Irrigation shall only be provided to entry landscaping and summer play fields, and only as required to maintain plant viability, not maximal growth. Landscaping around city facilities shall be designed for drought-tolerance.
- B. City facilities and operations shall employ water-smart practices to lead by example. Active water features should be discouraged in city landscapes, and where they exist currently, non-potable water should be considered for use in fountains, waterfalls, and ponds.

PERSONNEL POLICY AND PROCEDURE

SECTION 2: BENEFITS	SUBJECT: 2.1 Leave and Extended Time Off	
Effective Date:	City Administrator Approval:	Mayor Approval:

2.1.1 PURPOSE: To establish a policy identifying leave and extended time off.

2.1.2 ORGANIZATIONS AFFECTED: All non-represented departments/divisions.

2.1.3 REFERENCES:

2.1.4 POLICY: Leave and Extended Time Off.

2.1.5 LEAVE WITHOUT PAY

Upon written request of the employee, the City Administrator may grant a regular employee a leave of absence without pay, not to exceed one year. Approval of such leave shall be in writing and signed by the City Administrator. No vacation or sick leave benefits or any other fringe benefits shall accrue while an employee is on leave of absence without pay. Upon expiration of a regularly approved leave without pay, the employee shall be reinstated in the position held at the time the leave was granted or to another equivalent position. Unless specified otherwise in a CBA or Civil Service Rules.

2.1.6 ADMINISTRATIVE LEAVE

On a case-by-case basis, the City in its discretion may place an employee on administrative leave with pay for an indefinite period, interests of the City, during the course of an investigation or other administrative proceeding or when the City Administrator or Mayor determines it to be in the best interests of the City. The length of an administrative leave is at the City Administrator, Mayor or designee's discretion. The City may require the employee to be available during their regular work shift while on administrative leave.

2.1.7 MEDICAL LEAVE OF ABSENCE

Sick leave may be used by employees who are unable to perform their job duties due to illness or temporary disability. Medical leave may also be used for a period of actual disability caused or contributed to by pregnancy, miscarriage, abortion, childbirth, or recovery therefrom.

In the event sick leave is not accrued by the employee, or there is not sufficient accumulated sick leave, use of vacation or leave without pay will be allowed for the actual period of illness or temporary disability.

A certificate from a qualified health care provider may be required to provide certification of illness or temporary disability and may be required to provide written release to return to work.

An employee will be returned to the same position, or similar position of the same pay, if leave has been taken only for the actual period of illness or disability relating to pregnancy or childbirth. The total medical leave period granted under this policy may not exceed 180 calendar days.

2.1.8 FAMILY AND MEDICAL LEAVE (FMLA)

Eligibility for leave: any City employee who has been employed for at least twelve (12) months by the City and has worked for at least 1250 hours during the previous twelve (12) months, may receive up to twelve (12) weeks of unpaid leave in a twelve (12) month period to care for:

- (a) A newborn child, newly adopted child, newly placed foster child.
- (b) A spouse, child, or parent with a serious health condition; or
- (c) A personal, serious health condition that leaves the employee unable to perform the essential functions of his/her job.

If both spouses are City employees, the City reserves the right to restrict family and medical leave to a total of up to twelve (12) work weeks of unpaid leave in a twelve (12) month period for the birth or adoption of a child or to care for a parent with a serious health condition. The city may opt to limit the use of family and medical leave to one spouse at a time.

Part-time, regular status employees shall receive family leave on a pro rata basis. If the number of working hours varies, the average hours over the course of the past 12 months prior to the family medical leave period shall be utilized as the basis for calculating the employee's normal work week.

Family and medical leave taken to care for a newborn or newly adopted child must be completed within twelve (12) months of the child's birth or placement for adoption. This leave is in addition to maternity disability leave as provided above, which is allowed for the actual period of the disability associated with pregnancy or childbirth.

2.1.9 DEFINITIONS FOR PURPOSES OF THE FAMILY MEDICAL LEAVE POLICY

- (a) *"Twelve Month Period"* means a rolling 12-month period measured backward from the date taken and continuous with each additional leave day taken.

(b) “*Child*” means a child under 18 years of age or older who is incapable of self-care because of a mental or physical disability. An employee’s “child” is one for whom the employee has actual day to day responsibility for care and includes a biological, adopted, foster, or stepchild.

(c) “*Serious Health Condition*” means an illness, injury impairment, or physical or mental condition that involves either: 1) inpatient care; or 2) any period of incapacity requiring an absence from work for more than five calendar days AND that involves continuing treatment by a health care provider; or 3) continuing treatment by a health care provider for a chronic or long-term health condition which, if left untreated, would likely result in a period of incapacity of more than five calendar days; or 4) prenatal care by a health care provider.

In determining whether a *serious health condition* exists, the term “*continuing treatment*” shall mean either: 1) two or more visits to a health care provider; or 2) two or more treatments by a health care practitioner or referral from, or under the direction of, a health care provider; or 3) a single visit to a health care provider that results in a regimen of continuing treatment; or 4) in the case of serious, long-term or chronic condition or disability that cannot be cured, being under the continuing supervision of, but not necessarily being actively treated by, a health care provider.

(d) “*Medically Necessary*” means there must be a medical need for the leave and that the leave can be best accomplished through an intermittent or reduced leave schedule.

2.1.10 PROCEDURES

Notice Requirement: An employee must request the use of family and medical leave for the birth, placement or adoption of a child by submitting a written statement of the specific reasons for the leave at least thirty (30) days prior to the anticipated date of delivery, placement or adoption. If a scheduled medical treatment for the employee or a spouse, child or parent of the employee is the basis for the request, the employee must, if practicable, provide thirty (30) days written notice. It is the responsibility of the employee who has a planned medical treatment to make a reasonable effort to schedule treatment so as not to unduly disrupt City operations. The notice must be presented to the department head, who will review and forward the written statement to the City Administrator.

2.1.11 WASHINGTON PAID FAMILY & MEDICAL LEAVE

Paid Family and Medical Leave Overview: Paid Family and Medical Leave, RCW 50A.04 is a mandatory statewide insurance program that will provide almost every Washington employee with paid time off to give or receive care. If you qualify, this program will allow you to take up to 12 weeks, as needed, if you:

- Welcome a child into your family (through birth, adoption or foster placement).
- Experience a serious illness or injury.
- Need to care for a seriously ill or injured relative.

- Need time to prepare for a family member's pre- and post-deployment activities, as well as time for childcare issues related to a family member's military deployment.

If you face multiple events in a year, you might be eligible to receive up to 16 weeks, and up to 18 weeks if you experience a serious health condition during pregnancy that results in incapacity.

Payment of Premiums: The program is funded by premiums paid by both employees and employers. It will be administered by the Employment Security Department (ESD).

Employers can either pay the full premium or withhold a portion of the premium from their employees. The City of Buckley will calculate and withhold premiums from your paycheck and send both your share and the City's portion to ESD on a quarterly basis.

2.1.12 Washington Paid Family & Medical Leave Coordinated with Other Leaves: Employees who have accrued vacation, sick, or other paid time off may choose to take such leave **or** receive paid family and medical leave benefits, as provided for in RCW 50A.04.020.

An employee receiving Washington Paid Family and Medical Leave payments during a family and/or medical leave or related leave shall use only the number of leave hours that, together with the Washington Paid Family & Medical Leave benefits payments, represents the employee's normal pay for the same period. Payroll will calculate use of paid leave hours on a retroactive basis back to the first day in which the employee was off work. In no event shall the accumulation of leave and Washington Paid Family Medical Leave income result in an employee receiving income in excess of 100% of their regular straight-time income for the same period.

If the employee elects to use paid leave to supplement the employee's earnings, the employee must notify Payroll at the start of their Washington Paid Family & Medical Leave. Once the employee elects to use paid leave to supplement their earnings, the employee may not reverse the election.

2.1.13 Taking Leave. Employees who have worked 180 days for the City of Buckley are able to apply to take paid medical leave or paid family leave.

While on leave, you are entitled to partial wage replacement. That means you will receive a portion of your average weekly pay. You will be paid by the Employment Security Department rather than your employer.

2.1.14 Leave Protection: Employee who return from leave under this law will be restored to a same or equivalent job if they work for an employer with 50 or more employees and have worked for the City for at least 180 days.

You can keep your health insurance while on leave. If you contribute to the cost of your health insurance, you must continue to pay your portion of the premium cost while on leave.

Your employer is prohibited from discriminating against or retaliating against you for requesting or taking paid leave.

2.1.15 INTERMITTENT OR REDUCED WORK SCHEDULE LEAVE

In certain circumstances, eligible employees may take FMLA intermittently or by reducing their work schedule. If the FMLA is due to the employee's own serious health condition or to care for a family member, the employee may take the leave intermittently or on a reduced work schedule if it is medically necessary. Eligible employees may also take FMLA leave on an intermittent or reduced schedule basis, when necessary, because of a qualifying exigency arising from a family member's military service. If FMLA leave is to care for a child after birth or placement for adoption or foster care, the employees may take their FMLA leave intermittently or on a reduced work schedule only with the City's permission. Where intermittent leave or reduced schedule leave is needed for planned medical treatment, an employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the City's operations. Where an employee needs intermittent or reduced schedule leave based on planned medical treatment, the City may transfer the employee to an alternative position with equivalent pay and benefits that can better accommodate such recurring leave.

2.1.16 ADDITIONAL LEAVE FOR PREGNANT EMPLOYEES

Employees are entitled to unpaid leave for the period of time that the female employee is physically disabled due to pregnancy and/or childbirth. The period of temporary disability normally lasts six weeks if pregnancy and childbirth are without complications. With complications, such as required bed rest before childbirth, the period of temporary disability can last longer.

If eligible for FMLA, the pregnancy leave required runs concurrently (at the same time) with the FMLA and does not extend the 12 weeks of leave allowed under federal law.

2.1.17 ADDITIONAL LEAVE FOR CAREGIVERS OF MILITARY PERSONNEL

Per FMLA, eligible employees may receive up to 26 weeks of unpaid leave in a 12-month period to care for an injured military service personnel.

- Who is the employee's spouse, parent, child or next of kin
- Who is a current member of the armed forces, including National Guard and Reserves; and
- Who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy, or is in outpatient status, or is on the temporary disability retired list.

For purposes of this kind of leave, the 12-month period begins with the first day the employee takes leave. The combined total of leave for all purposes described in this policy may not exceed 26 weeks in the applicable year.

2.1.18 BEREAVEMENT LEAVE

In the event of death in the immediate family, or aunt, uncle, niece, nephew, father-in-law, mother-in-law, son-in-law or daughter-in-law, of an employee, up to five (5) days paid leave may be approved by the department manager, for an employee to attend to family matters and the funeral. An additional two (2) days leave for extended travel in conjunction with family bereavement leave if extended travel is required. This request must be approved by the City Administrator and will be charged to: a) sick leave, if accrued; or in its absence, b) vacation leave if accrued; otherwise, c) leave without pay.

An employee requesting bereavement leave under section 6.12.01 may be required to substantiate the request by providing documentation or verification to the City upon request.

Family bereavement leave shall be non-accumulative and only available within 15 days of the occurrence.

2.1.19 MILITARY LEAVE

A regular status employee who is a member of the Washington National Guard or a federal military unit is entitled to leave from his or her duties for up to fifteen (15) workdays each calendar year (using an October 1 to September 30 year) for official military duty in accordance with RCW 38.40.060. "Day", for purposes of this section, shall be defined as a twenty-four hour period. Such leaves are in addition to any other leave or vacation benefits. During the fifteen (15) workday period of military duty, the employee shall continue to receive his or her normal rate of pay.

An employee who is called to or volunteers for service with the armed forces of the United States or the Washington National Guard, may be entitled to reinstatement in his or her position upon completion of service, pursuant to state and federal laws.

An employee promoted or hired to fill a vacancy created by a person on military leave is appointed to the position subject to the return of the absent employee. Upon such return, a promoted employee is restored to his or her original position or an equivalent position subject to the provisions of state and federal law.

2.1.20 JURY DUTY

A regular status employee summoned for jury duty is granted leave for such duty with city payment of the difference between his normal city salary and compensation received for jury duty; provided that the employee shall reimburse the City the amount of fees received from such excused duty immediately upon receipt of said fees, exclusive of travel allowance. The employee's department manager is to be informed immediately by the employee upon receipt of a summons for jury duty.

An employee called for jury duty who is temporarily excused from attendance at court must report to his/her place of work at least one-half of his/her normal work day, in order to be eligible for payment of

regular wages under this section. The employee must furnish a written statement from the appropriate public official showing the date and time served and the amount of jury duty pay received.

PERSONNEL

POLICY AND PROCEDURE

SECTION 2: BENEFITS	SUBJECT: 2.4 Flexible Work Scheduling Program	
Effective Date:	City Administrator Approval:	Mayor Approval:

2.4.1 PURPOSE: To establish a policy and procedures for teleworking, when appropriate, to attract and retain a skilled, diverse, dedicated workforce, reduce costs and commute trips, and improve productivity among employees while meeting the needs of the City and its customers.

2.4.2 ORGANIZATIONS AFFECTED: All employees

2.4.3 POLICY: The City of Buckley has approved the use of flex time and compressed work week schedules when it benefits both the City and its employees. The Flexible Work Schedule Program can help the City meet its goals for sustainability and reducing commute trips within the region, as well as to expand its hours of operation. Employees gain greater flexibility in balancing their work and personal lives, and the extra time off may help to increase morale and productivity.

The Mayor and/or City Administrator may administer the Flexible Work Schedule Program on a case-by-case basis to ensure the efficient use of resources to provide effective, quality service to our citizens and other internal work groups. Changes in workload, seasonal work changes, staffing, funding, legal mandates, peak vacation times, or any other reason that the City deems necessary, in its sole discretion, may cause the City or a department to modify, temporarily suspend, or cancel a flexible work schedule. Some positions are not suited for flexible work hours and the Mayor and/or City Administrator will make that determination for each position.

Employees must complete an agreement to apply for a flexible work schedule. Agreements must be submitted to the Department Director for approval first and then will be submitted to the Mayor and/or City Administrator and will be kept on file in Human Resources. An approved flexible work schedule will remain in effect until the employee submits for a different flexible work schedule, or the flexible work schedule approval period expires. Occasional work schedule changes due to vacation, illnesses, doctor visits, etc., may be accommodated without completing a new agreement. The effectiveness of the flexible work schedule will generally be evaluated at least once annually as part of the employee's performance review.

2.4.4 Telework

The City of Buckley is a government organization and exists to serve the public. With advances in technology, there may be greater opportunities for effectively serving the public through alternative work modes such as teleworking. The City recognizes that a telework arrangement may be a viable, mutually beneficial option when both the employee and the job are suited to such an arrangement. Teleworking may also have a beneficial effect in reducing commute traffic. On a case-by-case basis, the City of Buckley will consider employee requests to work from home using the criteria set forth in this policy. The City may also request that an employee telework.

Teleworking is not an entitlement, it is not a benefit, and it in no way changes the terms and conditions of employment with the City of Buckley. The City reserves the right to terminate a telework arrangement at any time. Unless exigent circumstances exist, reasonable efforts will be made to provide fourteen (14) calendar days advance notice of the termination of the telework agreement to accommodate commuting and other issues that may arise from the termination of the telework arrangement.

Eligibility

When evaluating a request to work remotely, the City will consider the following:

- Nature of employee's position and extent to which duties can be performed effectively while working remotely.
- Operational needs, including the impact of the arrangement on other staff members.
- Employee's ability to work independently.
- Equipment needs.
- Home workspace conditions, including those affecting safety and security.
- Telework location.
- Other factors relevant to a particular situation.

Any approval of a telework arrangement will be conditioned on the employee signing a Telework Agreement addressing the terms of the arrangement. A template agreement is available from Human Resources and may be modified to address the terms of the approved arrangement.

Equipment, Supplies, and Workspace

The City of Buckley will determine, based on the information supplied by the employee and the department, the appropriate needs for each telework arrangement. Equipment supplied by the city will be maintained by the City, and it is the employee's responsibility to ensure the equipment is handled and secured in an appropriate manner to prevent loss, damage, and misuse. If City equipment is lost or stolen, the employee must immediately notify the employee's supervisor and Information Technology (IT) staff. The City reserves the right to make determinations as to appropriate equipment and software, subject to change at any time. Equipment supplied by the employee, if deemed appropriate and approved by the City will be maintained by the employee.

Page 2 of 5

Subject: Flexible Work Scheduling Program

Any system used to access the City network must be current with the latest security updates and antivirus protections. The City does not provide support for and accepts no responsibility for damage or repairs to employee-owned equipment. Any software purchased by the City to assist the employee shall remain the property of the City, and must be installed by IT staff. **At no time shall an employee install third party software.** Any office supplies needed for performance of job duties should be obtained from the office. Equipment and supplies provided by the City are to be used for business purposes only, except as permitted under City policy.

Technical support is available via the City's helpdesk for City issued devices, network connectivity issues, and software programs. Support will be provided by IT using remote assistance software, telephone assistance, or virtual communication tools such as Microsoft Teams, Zoom, etc. In the event of an equipment or software malfunction and/or any downtime related to technical issues, the employee must notify their supervisor immediately. The employee must come into the office or use paid time off if technical or software malfunctions result in lost time where the employee is unable to complete standard work assignments.

The employee must establish an appropriate work environment within their home for work purposes. The city will not be responsible for costs associated with the setup of the employee's home office, such as remodeling, furniture, lighting, rent or insurance, high speed internet access, utilities, or for repairs or modifications to the home office space.

Telework requires high speed internet to access the City's resources. It is the responsibility of the employee to obtain and pay for the cost of high-speed internet access.

Security

Consistent with the City's expectations of information security for employees working at the office, employees who are working remotely must ensure the protection of proprietary City information and confidential information accessible from their home office. Steps include locking the computer when leaving the work area, regular password maintenance, installation of updates as they become available, secure handling and disposal of physical documentation, ensuring secure (password protected) home internet service, and any other measures appropriate for the job and the environment.

Safety

Employees are expected to maintain their home workspace in a safe and ergonomic manner, free from safety hazards. Injuries sustained by the employee in a home office location and in conjunction with their regular work duties are normally covered by the City's worker compensation policy. In the case of such an injury, the employee is responsible for notifying the supervisor and Human Resources as soon as practicable and must complete all requested documents regarding the injury. The employee is liable for any injuries sustained by visitors to the employee's home worksite.

Page 3 of 5

Subject: Flexible Work Scheduling Program

Time Worked

Employees approved to telework must work their assigned work schedule. Employees working remotely who are not exempt from the overtime requirements of the Fair Labor Standards Act will be required to accurately record all hours worked. They must also observe regular lunch and rest breaks. Any overtime hours require the advance approval of the employee's supervisor. Failure to comply with this requirement may result in the immediate termination of the telework arrangement. An employee working remotely may be required by their supervisor to maintain a daily log of work activities. The City will monitor employee activity via remote connection, outlook calendar and teams availability. The City may monitor the employee's activity via meta-data records.

Leave policies apply to any instance where the employee does not perform work as scheduled. Accrued leave shall be requested and approved pursuant to applicable City policies.

A telework arrangement is not designed to be a replacement for appropriate child or dependent care, and the employee must make regular dependent care arrangements. Requests for exceptions to this will be reviewed on a case-by-case basis by the Mayor and/or City Administrator and Human Resources. The employee's home work environment must be free from disruptions and distractions that may affect the performance of job duties.

Availability

An employee who is teleworking must be available via telephone and/or email during regular hours of work. Regardless of an agreed-upon telework schedule, if an employee's in-person presence is needed in the office, the employee must remain willing and able to come to the office to perform job duties. For this reason, and due to tax and employment law implications, the City will not approve ongoing telework arrangements where the employee's remote work location would be outside the State of Washington. The City will make a reasonable effort to provide advance notice of any deviations in the established remote work schedule, but advance notice will not always be possible.

Occasional telework locations other than the regular telework location and locations outside Washington State may be allowed and must be approved in advance by the Mayor and/or City Administrator.

Procedure

An employee who is interested in requesting approval to work remotely is encouraged to confer with the employee's supervisor about what kind of arrangement would meet the needs of the employee and the City. A written request to work remotely should be submitted to the employee's supervisor (if applicable) and Department Director and should describe: (1) the nature of the proposed arrangement (e.g. whether the employee is seeking to work remotely on

Page 4 of 5

Subject: Flexible Work Scheduling Program

a full-time or part-time basis); (2) why the employee believes the arrangement will be effective and beneficial; and (3) the employee's home workspace location and any equipment needs.

The Department Director will confer with IT regarding equipment and software needs and will then facilitate a discussion with the employee's supervisor and Human Resources to determine whether the telework proposal should be forwarded to the Mayor and/or City Administrator to be approved, rejected, or approved with modifications.

If approved, the Department Director will prepare a Telework Agreement addressing the terms of the arrangement using the template provided by Human Resources. The Telework Agreement must be signed by the employee and signed/approved by the Department Director and the Mayor or City Administrator prior to the telework arrangement taking effect. Final approvals will be filed in the Employee's personnel file and sent digitally to the employee and Department Director.

Any time there is a significant change to the job, the employee or Department Director change positions, or the primary telework location changes, the employee must submit a new written telework request, and if approved, a new Telework Agreement is required.

2.5.4 Floating Holidays

In addition to the above-listed holidays, all regular status full-time employees may take two "floating" holidays each calendar year, at the request of the employee and with the approval of the Department Director. Part-time permanent employees will receive two floating holidays on a pro rata basis.

The employee may select the days he or she wishes to take the two unpaid holidays after consultation with his/her Department Director. If an employee prefers to take the two unpaid holidays on specific days, the employee will be allowed to take those days off unless the absence would cause an "undue hardship" or the employee is necessary to maintain public safety. The term "undue hardship" has the same meaning as defined in WAC 82-56-020, as currently enacted and as amended.

The City will consider the following factors, on a case by case basis, when determining whether granting the request would cause an undue hardship:

- The requesting employee's department or the City's financial resources.
- The number of other employees requesting leave on the same date(s).
- Impact on the City, the requesting employee's department, or public safety.
- Type of operations of the requesting employee's department.
- Nature of the employee's work.
- Any other impact of the City's operation or requesting employee's department due to the employee's absence.

An employee should submit a request for an unpaid holiday to the employee's Department Director a minimum of two weeks before the requested day off. The Department Director will coordinate with the City Administrator to evaluate requests and consider the desires of the employee, scheduled work,

anticipated peak workloads, response to unexpected emergencies, the availability, if any, of a qualified substitute, and consideration of the meaning of "undue hardship" as set forth above. These unpaid holidays are available only during a single calendar year, and any unused days will not be carried over to subsequent years.

Vacation accrual changes begin the first day of the year of service employed by the City.

Paid vacation may only be taken after the pay period that it is earned in, e.g. vacation earned in January, may not be taken in January, it would not be allowed to be used until February.

All vacations must be approved by the appropriate Department Director. Department Director vacations are approved by the City Administrator.

Vacation time may be accrued only to a maximum of 280 hours, unless the employee has an employment agreement that specifies otherwise, or under unusual circumstances and with approval of the Department Director and the City Administrator. Without the exception stated below, any unapproved accrual beyond the 280-hour limit will be forfeited by the employee.

In cases where the Mayor and/or City Administrator have determined that City operations have made it impractical for an employee to use vacation time, those non-union employees may elect to take a portion up to 80 hours of their annual carryover balance of vacation time in cash as opposed to taking the time off. The employee will be paid these hours at their current salary rate in cash.

When authorized, employees may exercise the option to buy back vacation hours up to two times in each calendar year. Employees may elect to buy back up to forty (40) hours in June and forty (40) hours in December or the full eighty (80) hours in December. The leave bank may not go below (10) hours as a result of the buyback. The decision to exercise the option must be made and submitted to the Finance Director prior to May 30th for June buyback and November 30 for a December buyback. The buyback payment(s), if chosen, will occur in June and/or December of the year in which the request is submitted. The maximum hours that may be exercised for vacation buyback is eighty (80) hours in any calendar year.

Upon separation from City employment, any regular status employee with more than the equivalent of six months of service shall be paid for up to a maximum of 240 hours of accrued vacation. Compensation shall be based upon the employee's salary at the time of separation and shall be subject to applicable withholding under state and federal law.

SECTION 2: BENEFITS	SUBJECT: 2.8 Eligibility for Healthcare Benefits	
Effective Date:	City Administrator Approval:	Mayor Approval:

2.8.1 PURPOSE: To establish a policy outlining the City of Buckley's healthcare benefits.

2.8.2 ORGANIZATIONS AFFECTED: All employees

2.8.3 POLICY: Eligibility for Healthcare Benefits

When you enroll in the health plans at the City of Buckley, you can also enroll eligible dependents which include your custodial children, state registered domestic partners, lawful spouse, your spouse's custodial children and children for whom you are the legal guardian. Children are eligible up to age 26. Eligibility is determined by the City's health insurance provider and the relevant plan.

To be eligible, you must regularly work at least 30 hours per week. Part-time employees will receive a pro rata share of healthcare benefits paid by the City. A change of employment status may result in a change in your benefit eligibility. Regular full-time employees whose regular work week is temporarily reduced will receive a prorated share of benefits paid by the City.

The City will not provide duplication of health care coverage to an employee who is married to another employee of the City. One spouse or state registered domestic partner may be named as the policy holder and the other as a covered spouse or state registered domestic partner; OR each may be a policy holder, but in that case, neither may be listed as a covered spouse or state registered domestic partner. Their children may be listed as covered dependents on one policy or the other, but not on both. In this circumstance primary coverage of the dependent children may be dictated by the insurance under State statute.

2.8.4 Enrolling in Benefits:

New employees, who meet the eligibility requirements, are eligible to enroll in the health plans on the first day of the month following date of hire. The City offers one medical plan, one dental plan and one vision plan. Human Resources will go over plan details with you during the onboarding process.

Open enrollment is the only time during the year that you may change your benefit elections or add/remove dependents from the plan. You may also change coverage with a qualifying event.

2.11.3 POLICY: Early Retirement Incentive Program

2.11.3.01 Applicability. The Early Retirement Incentive Program (ERIP) applies to all FLSA exempt regular full or part-time status City employees, and regular full or part-time status City employees covered under collective bargaining agreements once the ERIP is authorized by the separate employee organizations or union(s).

The City's Early Retirement Incentive Program (ERIP) is strictly voluntary and provides an insurance incentive that allows an employee to retire early prior to being eligible for Medicare benefits. Under the ERIP employees that have at least 10 years of service with the City shall be eligible for 1 year (12 months) of City paid continuing health care coverage for the employee "only" under COBRA. Employee electing to take early retirement under this program who have more than 10 years of service with the City shall receive an additional 1.5 months of City paid continuing health care coverage (medical, dental & vision) for the employee for every year of service over the 10 year initial threshold, up to the maximum allowed under COBRA which is 36 months, except that City contributions to COBRA under ERIP will cease before the end of the eligible period, if:

- the participant becomes eligible for medical care coverage through another employer; or
- the participant becomes eligible for Medicare benefits; or
- the participant elects coverage through a spouse/domestic partner employed by the City; or
- the participant dies.

Participation in the City's ERIP provides coverage under the City's insurance plan except under the ERIP the City will be responsible for the cost of the administrative fee as well as the premium amount.

Employees electing to participate in the City's ERIP may choose to provide health care coverage for their dependents on a self-pay basis following their termination/retirement from the City.

This program is subject to funding by the City Council in the annual budget and the City retains the right to designate the number of positions to fund annually and the right to deny an application or delay its effective date in the best interests of the City. The City may, in its sole discretion terminate the program at any time or, suspend it for any fiscal year, if insufficient funding is provided in the budget, provided however that such suspension shall not impact the rights or benefits of any employee who has retired under the program in a prior fiscal year.

Long term City employees who retire early due to medical reasons related to a serious health condition prior to either PERS, LEOFF and/or Social Security Full Retirement Age are eligible for the ERIP as outlined in 6.20.02 above.

2.11.3.02 Procedures. Eligible Employees who wish to participate in ERIP must contact the Finance Department to determine eligibility. The early retirement applicant should file application and submit appropriate paperwork supporting eligibility to the Finance Director on or before October 1 of the year preceding the proposed date of early retirement. The Mayor may waive the submittal deadline for application when unforeseen and/or unusual circumstances warrant.

The Finance Director will confirm eligibility and forward to the City Administrator or Mayor for approval.

The City shall enroll the eligible employee in COBRA immediately upon retirement from City service so that healthcare coverage continues without interruption.

Page 4 of 14

Subject: Employee Code of Ethics and Policy for Reporting Improper Governmental Action

City of Buckley employees who become aware of improper governmental actions should raise the issue first with their supervisor. If requested by the supervisor, the employee shall submit a written report to the supervisor, or to some person designated by the supervisor, stating in detail the basis for the employee's belief that an improper governmental action has occurred. Where the employee reasonably believes the improper governmental action involves their supervisor, the employee may raise the issue directly with the City Administrator or such other person as may be designated by the City Administrator to receive reports of improper governmental action.

In the case of an emergency, where the employee believes that damage to persons or property may result if action is not taken immediately, the employee may report the improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action.

The supervisor, the City Administrator or the City Administrator's designee, as the case may be, shall take prompt action to assist the City of Buckley in properly investigating the report of improper governmental action. City of Buckley officers and employees involved in the investigation shall keep the identity of reporting employees confidential to the extent possible under law, unless the employee authorizes the disclosure of their identity in writing. After an investigation has been completed, the employee reporting the improper governmental action shall be advised of a summary of the results of the investigation, except that personnel actions taken as a result of the investigation may be kept confidential.

City of Buckley employees may report information about improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action if the employee reasonably believes that an adequate investigation was not undertaken by the City of Buckley to determine whether an improper governmental action occurred, or that insufficient action has been taken to address the improper governmental action or that for other reasons the improper governmental action is likely to recur.

City of Buckley employees who fail to make a good faith attempt to follow the City's procedures in reporting improper governmental action shall not receive the protections provided by the city in these procedures.

3.1.7 Complaints, Investigations, Review and Enforcement

A. Any person may file a complaint alleging a violation of this policy, as set forth in Section 8.07 Procedures for Reporting.

B. The complaint shall be in writing and shall be signed by the complainant. The written complaint shall state the nature of the alleged violation(s), the date(s), time and place of each occurrence, and name of the person(s) charged with the violation(s). The complaint shall be filed with the City Administrator who shall provide a copy to the person charged with a violation. The complainant shall provide the City

Administrator with all available documentation or other evidence to demonstrate a reason for believing that a violation has occurred.

C. Within thirty (30) days after receipt of a complaint, the City Administrator shall conduct a preliminary investigation.

D. If the City Administrator determines, after preliminary investigation, that there are no reasonable grounds to believe that a violation has occurred, the City Administrator shall dismiss the complaint. If the City Administrator does dismiss the complaint, they shall do so in writing, setting forth the facts and provisions of law upon which the dismissal is based, and shall provide a copy of the written dismissal to the complainant and to the person charged with the violation.

E. Within thirty (30) days from the date that a complaint has been referred to the City Administrator for review, the City Administrator shall issue a written determination stating whether the policy has been violated and setting forth the facts and the provisions of law upon which this determination is based. A copy of said determination shall be delivered to the complainant, to the person charged with the violation and, where appropriate, to the person's superior.

F. If the City Administrator determines that an employee has violated the provisions of this policy, the City Administrator may subject the employee to disciplinary action. In addition to any other penalty herein or otherwise provided by law, a violation shall be cause for suspension, discharge, or removal from employment, or such other disciplinary action as may, by the appropriate city authority, be deemed necessary and proper, and consistent with personnel ordinances and rules; provided, that this section shall not derogate from employee rights under any collective bargaining agreement or city personnel ordinance, or rules promulgated thereunto.

3.1.8 Protection against Retaliatory Actions

City of Buckley officials and employees are prohibited from taking retaliatory action against an employee because they have in good faith reported an improper governmental action in accordance with these policies and procedures.

Employees who believe that they have been retaliated against for reporting an improper governmental action should advise in writing their supervisor, the City Administrator or the City Administrator's designee. City of Buckley officials and supervisors shall take appropriate action to investigate and address complaints of retaliation.

If the employee's supervisor, the City Administrator, or the City Administrator's designee, as the case may be, does not satisfactorily resolve an employee's complaint that they have been retaliated against in violation of this policy, the employee may obtain protection under this policy and pursuant to state law by providing a written notice to the City of Buckley's City Council that:

- a. Specifies the alleged retaliatory action and

Page 6 of 14

City of Buckley employees shall provide a copy of their written charge to the City Administrator no later than thirty (30) days after the occurrence of the alleged retaliatory action. The City of Buckley shall respond within thirty (30) days to the written charge of retaliatory action.

After receiving either the response of the City of Buckley or thirty days after the delivery of the charge to the City of Buckley, the employee may request a hearing before a state administrative law judge to establish that a retaliatory action occurred and to obtain appropriate relief provided by law. An employee seeking a hearing should deliver the request for hearing to the City Administrator within the earlier of either fifteen (15) days of delivery of the City of Buckley's response to the charge of retaliatory action, or forty-five (45) days of delivery of the charge of retaliation to the City of Buckley for response. This includes ensuring that this policy and these procedures (1) are permanently posted where all employees will have reasonable access to them, (2) are made available to any employee upon request and (3) are provided to all newly hired employees. POLICY AND PROCEDURE

SECTION 3: EMPLOYMENT		SUBJECT: 3.2 General Conduct, Discipline, Identification of Employees, and Termination & Appeal
Effective Date:	City Administrator Approval:	Mayor Approval:

3.2.1 PURPOSE: To establish a policy identifying General Conduct, Discipline, Identification of Employees and Termination and Appeal

3.2.2 ORGANIZATIONS AFFECTED: All Employees

3.2.3 POLICY:

3.2.4 Identification of Employees

3.2.4.01 It is the policy of the city that when on duty, all employees be visible and identifiable to the public to the maximum extent compatible with assigned work duties. All city furnished uniforms or work clothing are to be maintained in a presentable manner by the employee. "Presentable manner" will be determined by the Department Manager.

3.2.4.02 City-furnished uniforms remain the property of the city at all times. Uniforms will be worn only on duty or during additional approved volunteer activities that are identical to those performed while on duty. Wearing of uniform items while commuting between a home and the work location may be permitted providing that the wearer does not participate in any interim activity where the image and good name of the city might be negatively affected. For example, city uniforms are not to be worn in an establishment while consuming alcoholic beverages.

3.2.4.03 The outer garment of each uniform furnished by the city will bear the official insignia of the city and other such markings or emblems as each Department Manager may specify, except that rain gear may be identified otherwise. The Department Manager will determine the appropriateness of the employee name on the uniform. Proper location of such insignia and names on the uniform will be determined by the Department Manager.

3.2.4.04 All employees who come in direct contact with the public outside the City-owned buildings may be required to carry an identification card issued by the city. If issued the card will contain name, title, department, address and telephone number of work location; and in some

Page 1 of 10

Subject: General Conduct, Discipline, Termination & Appeal

circumstances, a head and shoulders photograph and certification that said person is an employee of the City of Buckley.

3.2.4.05 All City-issued identification, uniforms and other City-owned materials or property in the employee's possession must be surrendered

3.2.5 Personal Appearance, Conduct & Attitude

Employees shall wear appropriate attire for their position and department, as determined by the Department Manager. Most City jobs involve contact with the public and other employees. Dress, grooming, and hygiene standards which are compatible with a professional, business-like atmosphere and which demonstrate respect for co-workers should be observed. A neat and presentable appearance is required at all times while on the job and representing the City of Buckley. Employees are expected to be positive in attitude even when dealing with citizens under strained or emotional conditions.

3.2.5.01 Uniforms. Should uniforms, safety apparel, or equipment be required for a particular position, they will be provided at City expense as provided for in administrative regulations. Except for exigent circumstances, uniforms identifiable with the City of Buckley shall only be worn to and from work and during hours of work or duty. Please note that shorts are not to be worn to work without prior approval from the employee's supervisor.

3.2.5.02 Aromatic Sensitivities. Some employees may be sensitive and/or have allergies to smells and/or fragrances. Please be courteous to those around you when cooking strong smelling foods, such as fish, in common areas not designated as the lunchroom, and/or eating such food at your desk, as well as when using scented products, such as air fresheners, sprays, potpourri, lotions, makeup and colognes/perfumes. Scents linger and travel from workspace to workspace affecting those that may have sensitivities.

3.2.5.03 Jewelry and Personal Decoration. Accessories should be in good taste, with limited visible body piercing and no visible tattoos that may be offensive to others. The City prohibits any visible tattoo that is offensive. "Offensive" tattoos include, but are not limited to, any body tattoo or decal depicting nudity, violence, sexually explicit or vulgar art or words, or that is objectionable or demeaning to the image of the City. In general, if the City's other policies (e.g., Harassment Prevention) or Conduct (e.g., Respect) would prohibit the speaking of the words, or display of the art, in the workplace then the tattoos, jewelry or body piercing(s) may not be visibly worn at work. Employees may wear jewelry or body piercing(s) that does not detract from the overall professional appearance or that does not interfere with or diminish the effectiveness of personal protective equipment that may be required to perform the duties of their job position. Supervisors have the sole discretion to decide whether visible tattoos, jewelry or body piercing(s) are appropriate for the job position.

Hats and head covers that are required for medical or religious purposes or to honor cultural tradition are allowed and may also be worn upon prior approval of the Mayor and Department Head.

If clothing fails to meet these standards, as determined by the employee's supervisor and Department Head, employees may be sent home to make appropriate changes. Failure to return to work in compliance with the request will also be considered a violation of this policy. Progressive disciplinary action will be applied if dress code violations occur.

3.2.6 Disciplinary Action and Rules of Conduct

City employees should be informed of rules of conduct and specific causes for disciplinary action, including applicable departmental policies or rules. These rules of conduct are formalized for each employee's information to minimize the likelihood of any employee becoming subject to disciplinary action through misunderstanding or otherwise. It is the responsibility of the department manager and immediate supervisor to ensure employees are informed of these rules of conduct.

3.2.6.01 Rules of Conduct

- a) Ignoring safety rules or common safety practices.

- r) Having wages or salary subject to a writ of garnishment for three or more separate indebtedness in a continuous 12-month period.

3.2.7 Forms of and Procedures for Disciplinary Action

3.2.6.01 The degree of disciplinary action administered depends on the severity of the infraction and will be carried out in accordance with this policy or in accordance with applicable Civil Service Rules and Regulations or labor contracts. It is the responsibility of the supervisor to evaluate the circumstances and facts thoroughly and objectively. The supervisor will then recommend the most suitable form of disciplinary action to the Department Manager.

1. Verbal Warning: Verbal warning should be given to the employees in private, if possible. This type of discipline should be applied for infractions of a relatively minor degree. Supervisors should inform the employee that they are administering a verbal warning, that the employee is being given an opportunity to correct the condition, and that if the condition is not corrected, the employee may be subject to more severe disciplinary measures.

2. Written Warning:

a) This notice may be issued by the supervisor or Department Manager in the event the employee continues to disregard a verbal warning, or if the infraction is severe enough to warrant a written record in the employee's personnel file.

b) The supervisor or Department Manager will put in writing the nature of the infraction in detail and sign the notice. The Department Manager will discuss the written warning with the employee and the immediate supervisor to be certain that the reasons for the warning are understood.

c) A copy of the written warning will be given to the employee at the time of the discussion of the warning. The original copy will be placed in the employee's personnel file.

d) A written warning may be removed at the request of the Department Manager from the employee's personnel file after a period of one year (12 calendar months) provided that no further disciplinary action is taken during the 12-month period. If subsequent disciplinary action is necessary, the written warning becomes a permanent record in the employee's file.

3. Written Reprimand:

- a) A written reprimand may be issued by the supervisor or Department Manager in the event the employee continues to disregard previous disciplinary measures of verbal or written warnings, or the severity of the infraction is such to warrant a written reprimand be made a permanent record in the employee's file.
- b) The supervisor or Department Manager will put in writing the nature of the infraction in detail and sign the notice. The Department Manager will discuss the reprimand with the employee and the immediate supervisor to be certain that the reasons for the reprimand are understood. A copy of the written reprimand will be given to the employee at the time of the discussion of the infraction. The original copy will be placed in the employee's personnel file.
- c) A written reprimand becomes a permanent record of the employee's file and may not be removed at the discretion of the Department Manager.

4. Probation: An employee may be required to serve an additional probationary period for disciplinary reasons for up to six months, which may be extended once for up to an additional six months. If placed on probation for disciplinary reasons, all provisions of probationary status apply, unless otherwise specified. At the end of the probation, the employee may be returned to regular status, demoted or terminated.

5. Demotion:

- a) Demotion may be used in rare instances where an employee is clearly unable to satisfactorily perform the responsibilities of their position but is capable of performing in a position of less responsibility and otherwise exhibits the qualities of a good public employee. Demotions may be recommended by the Department manager or City Administrator, with final approval by the Mayor.
- b) A pre-disciplinary meeting is required prior to a demotion for disciplinary reasons.

6. Suspension:

- a) This form of discipline must be recommended by a Department Manager or the City Administrator and can only be used for a severe infraction of rules or standards, or for continued violation after the employee has received one or more written warnings and has made little or no effort to improve performance. It should be applied only after a thorough evaluation by the Department Manager or City Administrator, with final approval by the Mayor.
- b) The Department Manager will put in writing all facts leading to the recommended suspension, and the duration recommended. A pre-disciplinary meeting will be held with the

employee to make certain that the employee is fully aware of the reasons for the considered action and has an opportunity to respond and supply additional information.

- c) A pre-disciplinary meeting is required prior to a suspension for disciplinary reasons.
- d) Exempt personnel are not subject to unpaid disciplinary suspensions except in increments of full work weeks unless the infraction leading to the suspension is for a violation of a safety rule of major significance.

3.2.8 Termination

All city employees serve at the pleasure of the Mayor. Subject to any applicable state or federal laws, or specific provisions in employment contracts, the Mayor, or his designee, may discharge any employee at any time with or without cause. Removal from employment should normally follow verbal and/or written warnings previously given and made a part of the employee's personnel file. A pre-disciplinary meeting is required for all terminations.

3.2.8.01 A regular employee terminated from employment will normally be given at least two weeks notice with a letter of dismissal. However, in the event the infraction or situation is so serious that it requires "on the spot" removal, the employee will leave his work station immediately, if so directed by the appointing authority or his designee, and later be given a termination letter explaining reasons for the action.

3.2.8.02 Copies of all disciplinary actions and termination letters are to be placed in the appropriate personnel record.

3.2.8.03 A final written performance appraisal will be completed on any terminated employee.

3.2.9 Pre-disciplinary Meeting

The Department Manager will provide for and arrange a pre-disciplinary meeting prior to demotion, suspension or termination of a regular employee.

3.2.9.01 An employee will be provided, in writing, with a notice of the infraction and an explanation of the reasons for disciplinary action. The employee will be given an opportunity to respond verbally or in writing, as to why the proposed disciplinary action should not be taken.

3.2.9.02 The employee may have a representative present at a pre-disciplinary meeting.

3.2.9.03 The City's explanation of the reasons for disciplinary action at the pre-disciplinary meeting will be sufficient to apprise the employee of the basis for the proposed action. This rule, however, will not be construed to limit the employer at subsequent hearings from presenting a

more detailed and complete case, including presentation of witnesses and documents not available at the pre-disciplinary meeting.

3.2.9.04 Should it be determined that disciplinary action is necessary following the pre-disciplinary meeting, written notice of discipline will be given to the employee. Such notices are to include the alleged infraction and a general statement of the reasons for the action, and become a part of the employee's personnel file.

3.2.10 Personnel Grievance Procedure

The City will strive to assure clear communication, high morale and good will among employees, and will attempt to resolve employee concerns through discussion or other informal measures. Employees are encouraged to discuss any problems or suggestions with their immediate supervisor or Department Manager. However, if an employee feels that all informal avenues have been exhausted and their complaint or concern has not been resolved, that employee may follow the grievance procedure. No punitive action will be carried out against any employee for utilizing the grievance procedures contained in these policies.

3.2.10.01 Applicability of Grievance Procedure

This grievance procedure applies to all regular non-probationary status city employees with the exception that it does not apply to employees covered by a valid collective bargaining agreement which contains a grievance procedure. In some cases, uniformed personnel may elect to use either the Civil Service Rules & Regulations or the Administrative grievance procedure, but not both for the same grievance.

3.2.10.02 Subjects of Grievance Procedure

The following subjects may be grieved: disciplinary action (as previously described) and any questions of interpretation as to wages, hours, classification, and working conditions in effect.

3.2.10.03 Procedure

All grievances are to be processed in accordance with the following procedure, the time limits of which are mandatory and which will be strictly enforced (See Definitions, "Days"):

Step One. The aggrieved employee will submit the grievance in writing to the immediate supervisor within 10 days of its occurrence. The immediate supervisor will respond to the grievance within 10 days. If the response is to request more time for investigation of fact, the employee may concur with such time extension or may proceed to the next step without prejudice. A copy of this response is to be sent to the Mayor, City Administrator, Department Manager and personnel office.

Step Two. If after receiving the response of the immediate supervisor the employee remains aggrieved, the decision may be appealed within 10 days, in writing, to the Department Manager stating the facts of the grievance, and remedy requested by the employee. The Department Manager's response to the grievance will be within 15 days. A copy of this response is to be sent to the Mayor, City Administrator and personnel office. If the Department Manager is the immediate supervisor, step two may be eliminated.

Step Three. If after receiving the response of the Department Manager the employee remains aggrieved, the decision may be appealed within 10 days, in writing, to the Mayor. It is necessary for the written grievance to state the nature of the grievance, along with reference to the policy (if any) violated, and all pertinent correspondence, records and information accumulated to date. Within 15 days of receipt of the grievance, the Mayor will hear the appeal and render a decision in writing within 20 days. The decision of the Mayor will be final. A copy of the decision is to be sent to the City Clerk's Office.

No employee may be demoted to a position for which they do not possess the minimum qualifications. Nothing in this policy alters or modifies an employee's at-will status. Except as prohibited by law, unless an employee's employment is governed by a collective bargaining agreement or a specific written contract signed by the City Administrator, an employee's employment with the City is at-will, which means that either the employee or the City may end the employee's employment at any time, for any reason or no reason at all, with or without notice.

The amount of severance pay is based on the discretion of the City Administrator after consideration of the length of service, level of job performance, and comparable termination benefits in past decisions.

The City of Buckley will count paid holidays, vacation, personal or sick leave hours taken by an employee toward the calculation of the overtime requirement

PERSONNEL POLICY AND PROCEDURE

SECTION 3: EMPLOYMENT	SUBJECT: 3.8 Hours of Work, Attendance, and Breaks	
Effective Date:	City Administrator Approval:	Mayor Approval:

3.8.1 PURPOSE: To establish a policy identifying hours of work, attendance and breaks for regular full-time and part-time employees.

3.8.2 ORGANIZATIONS AFFECTED: All non-represented departments/divisions.

3.8.3 POLICY:

Providing a quality benefit package for our employees is important to the City of Buckley. It is our way of saying "thank you" for pledging your commitment to our vision.

3.8.3.1 Employee Classifications

The City of Buckley classifies employees as exempt or non-exempt, in accordance with the Fair Labor Standards Act and Washington's Wage and Hour Laws.

- *Salaried Exempt* employees are certain executive, administrative and professional employees who are exempt from the overtime provisions of state and federal law and are paid a salary.
- *Hourly Non-exempt* employees are paid on an hourly basis and are eligible for overtime pay pursuant to state and federal law. If you are a non-exempt employee who is scheduled to work 40 hours per week or less, it is your responsibility to keep your hours at or below 40 hours during the week unless approved in advance by your Supervisor.
- *Salaried Non-exempt* employees are certain professional employees who are paid a salary and are eligible for overtime and comp time.

Employees are also classified as full-time, part-time, temporary/seasonal and on-call:

- *Full-time employees* include both exempt and non-exempt employees who are normally or regularly scheduled to work forty hours per week and are eligible for benefits.

- *Part-time employees* include both exempt and non-exempt employees who are normally or regularly scheduled to work less than forty hours per week and are eligible for benefits on a pro rata basis subject to the provisions in this policy.
- *Temporary employees* are non-exempt employees who are employed for a specific assignment and work less than 70 hours per month for 4 months of the year and do not exceed a total of 832 hours per year. Temporary employees are not eligible for benefits.
- *Seasonal employees* are employees who are working on a short-term position. Typically, seasonal employees are only hired for a specified period that should not last longer than 832 hours per calendar year.

Employees are compensated per the following guidelines:

Non-exempt employees are compensated for each regular hour they work based on an hourly rate. When non-exempt employees work more than forty (40) hours in a work week, they are paid at one and one-half times (1-1/2X) their regular hourly rate, or such other amount as may be required by state and federal wage and hour laws or an applicable collective bargaining agreement. All overtime must be authorized in advance. Non-exempt employees entitled to overtime may elect to receive compensatory time off instead of cash payment. This is approved on a case-by-case basis by the employee's Department Director. If the compensatory time option is exercised, the employee is credited with one and one-half the hours worked as compensatory time. Maximum accruals of compensatory time shall be limited to forty (40) hours. After the maximum accrual, overtime compensation shall be paid. Employees should use compensatory time within 90 days, unless doing so would unduly disrupt City operations. Compensatory time should be used for short-term absences from work during times mutually agreed to by the employee and their Department Director. Accumulation of compensatory time to be used for extended vacation time off is not normally permitted. If an employee is unable to use accrued compensatory time within the calendar year, the employee will be paid their original overtime wage.

3.8.3.2 Work Week

The City of Buckley's workweek is forty hours within a seven-day work week. The City's standard work week is Monday through Thursday from 6:30 AM to 5:00 PM, with a 30-minute unpaid lunch period. The FLSA work period for City employees who are not subject to the 7(k) exemption to the FLSA is a week in length and commences at 12:01 AM Monday morning and concludes on Sunday night at 12 midnight. For Police Department employees, the work week shall consist of either four consecutive ten-hour days or five consecutive eight-hour days or 9/80 schedule. The work period for police officers subject to the 7(k) exemption will be set forth in departmental policy or the applicable collective bargaining agreement. For the purposes of calculating overtime compensation, hours paid for benefits such as holiday and/or vacation or sick leave within any given work week are included in the definition of "hours worked." Supervisors should avoid consistently working their employees beyond their regularly scheduled

workweek hours. City Administrator and Department Directors can change work week and days in emergency situations

3.8.3.3 Attendance

Punctual and consistent, in-person attendance on the job site is a condition of employment. Each Department Director is responsible for maintaining an accurate attendance record of their employees. Employees unable to work or unable to report to work on time must notify their Supervisor as soon as possible, ordinarily before the workday begins or within 30 minutes of the employee's usual starting time. If an absence continues beyond one day, the employee is responsible for reporting in each day unless other prior arrangements have been made with the Supervisor. If the Supervisor is unable to be reached via phone, the employee may leave them a voice or text message stating the reason for being late or unable to report for work.

Employees are expected to be at work even during inclement weather. Department Directors may allow employees to be late, work from home or leave early during severe weather conditions; however, non-attendance will be counted as absence from work and will be charged to accrued vacation time, unless otherwise stated by the Mayor.

An employee who is absent without authorization or notification is subject to disciplinary action, up to and including termination.

3.8.3.4 Meals and Rest Periods

Employees who work five (5) or more hours in a day are provided a generally uninterrupted meal break. The length of the meal break varies depending on your department but is not less than 30 minutes, nor more than 60 minutes in length. Employees who are not able to take a break at their discretion are also provided one fifteen-minute break for every four hours worked. All breaks shall be arranged so that they do not interfere with City business or service to the public.

Employees who are authorized to work for two or more consecutive hours beyond normal working hours as determined by the employee's department head and who purchase a meal in connection with performing such unscheduled, unplanned overtime will be reimbursed in accordance with the City of Buckley's travel, meals, and lodging reimbursement policies.

3.8.3.5 Nursing Mother Breaks

For one year after the birth of a child, employees who are nursing are entitled to breaks of reasonable duration each time the employee has a need to express milk. If the employee utilizes the nursing mother break during a standard 15-minute rest break, she will be paid for the time. If the employee is taking an additional break for the purpose of expressing milk, the time will be unpaid. The City of Buckley will provide a location, free from intrusion from coworkers or members of the public, which may be used for this purpose. Employees will not be retaliated against for exercising their rights under this policy.

POLICY AND PROCEDURE

SECTION 4: COMPENSATION	SUBJECT: 4.1 Overtime and Compensatory Time	
Effective Date:	City Administrator Approval:	Mayor Approval:

4.1.1 PURPOSE: To create an environment that supports healthy lifestyles and offers opportunities for employees to optimize their health and well-being. This policy is established as a means to provide information and activities to City employees to encourage health and safety in the work environment.

4.1.2 ORGANIZATIONS AFFECTED: All Departments. Should any provision of a collective bargaining agreement conflict with this policy, the provisions of the CBA shall apply and govern.

4.1.3 POLICY: Overtime and Compensatory Time

Occasionally non-exempt employees may be asked to work overtime. Overtime is defined as any hours worked in excess of 40 hours per work week. All overtime must have prior authorization from the employee's supervisor, Department Director, or the City Administrator.

A non-exempt employee has the option of receiving compensatory (comp) time in the amount of 1.5 times the hours of overtime for time worked in excess of 40 hours for that week. The maximum accrual of comp time is 40 hours, unless otherwise specified in a collective bargaining agreement. Employees must be paid for any comp time accrued beyond 40 hours. Unauthorized overtime worked by an employee may subject the employee to disciplinary action, up to and including termination of employment. Represented employees should refer to their collective bargaining agreements for overtime policies.

Non-exempt employees may cash out comp time at any time; however, the cash out will (1) be paid by direct deposit on the next regular payday and (2) will be at the hourly rate the employee was at six (6) months prior to the cash out.

Exempt employees are not eligible for overtime pay for hours worked over 40 in one week but may be given additional paid time off at the discretion of the Department Director. Exempt employees are expected to put in the time necessary to do the work of their position and any other duties as assigned.

4.1.3.01 Separation and Overtime Pay

Employees separating from employment with the City will be paid for any uncompensated overtime or accrued compensatory time with the last paycheck.

POLICY AND PROCEDURE

SECTION 4: COMPENSATION		SUBJECT: 4.3 Executive Leave, Pay and Leave Practices for Exempt Employees
Effective Date:	City Administrator Approval:	Mayor Approval:

4.3.1 PURPOSE: To provide executive leave and set forth pay and leave practices to be followed for employees employed in a bona fide executive, administrative, or professional capacity. These employees are exempt from overtime pay under the federal Fair Labor Standards Act (FLSA) and the Washington Minimum Wage Act (WMWA).

4.3.2 ORGANIZATIONS AFFECTED: Employees employed in a bona fide executive, administrative, or professional capacity.

4.3.3 POLICY: Executive Leave, Pay and Leave Practices for Exempt, Executive, Administrative and Professional Employees

FLSA-exempt employees may be required to work a specified schedule set by their appointing authority and, in all cases, are expected to work the hours necessary to satisfactorily perform their jobs.

FLSA-exempt employees are required to work the hours needed to satisfactorily perform their duties and will receive their normal rate of pay for the workweek regardless of whether they are on a standard or alternative work schedule.

FLSA-exempt employees are compensated on a salary basis generally based on a 40-hour work schedule.

The accrued leave balances of an FLSA-exempt employee are not changed when the employee is absent for less than five hours of a workday nor is the employee's pay reduced.

FLSA-exempt employees who are absent for up to five hours or less are on "leave with pay" status. FLSA-exempt employees must notify their supervisors in advance to be absent for part of the workday. The notification and request shall be made in a manner as determined by the department.

FLSA-exempt employees must submit and have approved by their supervisor a written request (or by another documented manner as determined by the department) to use any applicable leave (sick, vacation, bereavement, Executive, leave without pay, etc.) when absent from work for one or more full days.

Subject: Executive Leave, Pay and Leave Practices for Exempt Employees

Page 1 of 4

An FLSA-exempt employee who is absent for a full day because of vacation or illness (including School Leave that is charged against sick leave) will have their accrual balances charged for the number of hours that the employee was generally scheduled to work. For example, an FLSA-exempt employee with a general work schedule of five 8-hour days who takes three days of vacation would be charged with 24 hours (3 days x 8 hours = 24 hours). If the employee has a general work schedule of four 10-hour days and takes three days of vacation, the amount charged would be 30 hours (3 days x 10 hours = 30 hours). An FLSA-exempt employee may take and be charged for vacation or sick leave only if they are absent for more than five hours in their workday. If the vacation or sick leave balance is not sufficient to cover the absence, then the time would be taken as unpaid leave.

Use of leave by an FLSA-exempt employee for less than full day absences that are not vacation or sick leave will be made in full day increments, regardless of generally scheduled work hours, resulting in no reduction of salary, sick leave balance or vacation leave balance. Such absences include Bereavement Leave, Jury Duty, Military Leave, Executive Leave, Holiday Pay, and any other paid time off that is not vacation or sick leave.

Deductions from the salary of an FLSA-exempt employee cannot be made for absences occasioned by the employer or by the operating requirements of the business unless no work is performed in the workweek. If the employee is ready, willing, and able to work, deductions may not be made for time when work is not available. For example, if an FLSA-exempt employee's work unit is closed down in the middle of the workweek due to inclement weather and the employee is unable to perform work for the rest of that week, the employee will be paid their salary for that entire week. If work is not available but the employee has previously requested and has been approved for time off (e.g., vacation, sick leave, executive leave, leave of absence), the employee will have hours deducted from their accruals as approved in accordance with established policies for leave use. If the closure extends beyond that workweek, the FLSA-exempt employee need not be paid for future workweeks in which no work is performed.

FLSA-exempt employees are not eligible for overtime pay or compensatory time.

Executive Leave

All directors/department heads will be granted up to forty (40) hours of executive leave each calendar year. The City Administrator and/or Mayor may increase this amount as they see fit.

Executive Leave is usually granted at the beginning of the calendar year. New and transferred employees may also be granted executive leave during the calendar year.

The City Administrator shall report annually to the Finance Director, or designee, by December 31st of each year, the executive leave to be granted the following calendar year to current employees. The report shall include the employee name and the number of hours to be granted. In addition, any

executive leave which was granted to newly hired or transferred employees during the past calendar year must also be included in the report. Should executive leave be granted to employees at other times of the year, the City Administrator shall supplement and update the report throughout the year as executive leave is granted.

FLSA-exempt employees must schedule and receive approval for use of executive leave in accordance with departmental policies.

Executive leave may be used for any reason and must be used in full-day increments.

Executive leave must be used in the calendar year for which it was granted and shall not be carried into the next calendar year or cashed out.

Executive leave must be used prior to any transfer, promotion or demotion during the calendar year or it will be forfeited unless the new position meets the criteria for granting of executive leave and the supervisor agrees to the transfer of any unused executive leave in writing.. When an FLSA-exempt employee granted executive leave is approved for a change in FLSA-exempt status, the employee may not use executive leave during the time period in an FLSA non-exempt status. Executive leave not used prior to separation from employment will be forfeited. There shall be no cash-out value of executive leave.

Salary Deductions

The City of Buckley's policy is to comply with the salary basis requirements of the FLSA and the WMWA and therefore prohibits supervisors from making any improper deductions from the salaries of FLSA-exempt employees. Deductions from pay are permissible when an FLSA-exempt employee is absent from work for one or more full days for personal reasons other than sickness or disability (i.e., the FLSA-exempt employee has no vacation leave accruals but needs to attend a family function for two full work days and the employee's request for two unpaid leave days has been approved); for absences of one or more full days due to sickness or disability if the deduction is made in accordance with a bona fide plan, policy, or practice of providing compensation for salary lost due to sickness or disability (i.e., the FLSA-exempt employee has no sick leave accruals but, due to a serious health condition, needs to take unpaid leave); or for unpaid disciplinary suspensions for one or more full days imposed in good faith for violations of safety rules of major significance.

City of Buckley employees must be made aware of this policy by their supervisor and must be made aware that the City of Buckley does not allow deductions that violate the FLSA or the WMWA. When an employee believes that an improper deduction has been made to their salary, they should report this to the Finance Director, Human Resources Director, or designee as soon as possible. Concerns of improper deductions will be promptly investigated. Human Resources shall consult with payroll personnel when investigating the report. If it is determined that an improper deduction has occurred, the Finance Department shall ensure reimbursement for any improper deductions made and the City will take

appropriate steps to ensure future compliance.

The City of Buckley does not tolerate retaliation for reporting concerns of alleged violations of this policy. Such action is misconduct in violation of this policy and may be subject to discipline, up to and including termination.

This policy does not constitute an express or implied contract. It is a general statement of City policy that cannot form the basis of a private right of action.

POLICY AND PROCEDURE

SECTION 5: CLASSIFICATION	SUBJECT: 5.2 Job Classification	
Effective Date:	City Administrator Approval:	Mayor Approval:

5.2.1 PURPOSE: To establish job classifications.

5.2.2 ORGANIZATIONS AFFECTED: All departments/divisions.

5.2.3 POLICY: Job Classification

Employee Positions

All employee positions are subject to available funding. In the adopted budget, City Council approves the number and type of funded positions and a list of classifications. The City Administrator has the authority, subject to available funds within the approved budget, to approve limited term and temporary workers.

Employee Classification

It is the policy of the City to maintain an Employee Classification and Salary Plan designed to pay salaries that provide incentives for excellence in job performance and that are equitable internally, that is, salaries in a proper relationship to all other jobs within the City. It is also the policy of the City to pay salaries that compare favorably with other similar cities and the local area for comparable jobs within budget limitations and with full consideration for the public it serves. The City Council adopts a Classification Plan and approves the salaries to be paid as part of the biennial budget. The current Classification Plan and salary structures are maintained by Human Resources.

General Salary Increase

Based upon available funds within the budget approved by City Council, the City Administrator may implement a cost-of-living increase for non-represented employees once per calendar year, which adjusts the salary structure by an approved percentage or flat dollar amount. Salary structure adjustments for bargaining units are determined by collective bargaining agreements.

Acting Appointments

When a vacancy or extended absence occurs, the City may assign an employee to temporarily perform the duties of the vacant position. If the employee's "acting appointment" is at a higher

classification than their regular position and extends thirty (30) or more calendar days, the employee shall receive at least 4% increase in their regular rate of pay and be placed in the step closest to a 4% increase in the new range without going below the 4%.

Employee Reclassification

It is the responsibility of supervisors to ensure that Human Resources review significant changes in duties to a position in advance of assigning the work to an employee. The City Administrator has the authority to approve re-classifications that can be covered by available funds as approved by the City Council in the biennial budget when:

- Changed duties result from additions, expansions or reductions of responsibilities, and/or;
- Changed qualifications or training required for the position, and/or;
- Consolidation or reassignment of duties which significantly change the position, and/or
- A change in the department's future organizational structure and service delivery needs, and/or;
- The City Administrator determines that labor market conditions exist that have placed the classification pay grade outside of similar or like classifications in comparable organizations.

Re-classification where budgeted funds are not available must be submitted to the City Council for approval.

All new classification requests must be approved by the City Administrator and confirmed by the City Council as part of the budget process or budget amendment.

The procedure for Evaluating Classifications and Implementing Re-classifications:

1. The Department Director/Head initiates a re-classification by filling out a Re-classification Request Form and submitting it to the Human Resources Department.
2. A job analysis is conducted by Human Resources to determine whether a re-classification is warranted.
3. The proposed re-classification will be submitted to the Finance Department for review to determine if budgeted funds are available.
4. The Human Resources Department will review the results of the analysis with the Department Director.
5. Recommendations for re-classification are submitted to the City Administrator by the Human Resources Administrator, along with the concurrence or appeal of the Department Director

Page 2 of 3

Subject: Job Classification

and the Finance Director.

6. The City Administrator's decision regarding a reclassification is final.
7. Upon approval of a reclassification to a higher salary range, the employee shall receive at least 4% increase in the regular rate of pay and be placed in the step closest to a 4% increase in the new range without going below 4%.
8. Upon approval of a reclassification to a lower salary range, the employee will be placed at a step on the lower salary range that most closely matches their current salary rate. If the last step in the new range is lower than the employee's current salary rate, the employee's salary will be frozen (unaffected by cost-of-living increases) until the employee's "frozen" rate of pay falls within the new range as a result of market or cost of living adjustments to the salary schedule.
9. An approved re-classification will, become effective at the start of the payroll period after approval.
10. The classification will be update in the next biennial budget submitted for approval to the City Council.

Job Descriptions.

Department Directors are responsible for ensuring that the job descriptions for all the positions within their department are up-to-date and that each employee in their department is properly classified. It is also management's right and responsibility to determine how work will be distributed and performed. In doing this, management and supervisors have the right and responsibility to assign work, limit or reassign job duties to avoid "classification creep" which results in positions "creeping" into a classification in a higher pay range without first determining the need for such advancement. Changes to an existing job description or new job descriptions shall be reviewed by Human Resources and approved by the City Administrator.

PERSONNEL POLICY AND PROCEDURE

SECTION 5: CLASSIFICATION		SUBJECT: 5.3 Employee Position Classification & Salary Plan	
Effective Date:	City Administrator Approval:		Mayor Approval:

5.3.1 **PURPOSE:** To establish an employee classification and salary plan for City employees.

5.3.2 **ORGANIZATIONS AFFECTED:** All employees

5.3.3 **POLICY**

5.3.3.1 General Provisions

A position classification plan will be maintained by the city, based on investigation and analysis of the duties and responsibilities of each position. The completed plan will consist of a classification specification for each position, including appropriate title, description of duties and responsibilities, and minimum requirements and/or desirable training, experience, or other qualifications.

5.3.4 Classification Plan

5.3.4.1 Preparation of Classification Plan: The Mayor is responsible for the preparation of a plan which includes a specification for each classification. Specifications will be prepared after consultation with supervisors and other persons technically familiar with the duties and responsibilities of the job to be performed.

5.3.4.2 Classification of Positions: Each position will be assigned by the mayor to one of the classifications of the approved classification plan. Employees will be notified of the classification of their position. The title, as it appears on the specification, will be used to designate the position on official records and payroll.

5.3.4.3 Classification Specification: The classification specifications are hereby declared to have the following definition and scope:

- a) They are explanatory only and not restrictive.

- b) In determining a position classification, the specification will be considered as a whole, comparing general duties, responsibilities, minimum qualifications, and relationship to other positions in order to obtain an inclusive picture of the position and place it in the appropriate classification.
- c) The outline of principal duties of work performed applies to general duties or tasks and is not intended to prescribe the specific duties of a given position, or to limit the alteration or modification of detailed tasks involved in the duties of any position, so long as they remain within the general definition of the classification.
- d) The classification specification may include additional requirements which are determined to be necessary for the best interests of the city. These requirements may include possession of a valid motor vehicle operator's license, physical ability, or any other bona fide occupational qualifications pertinent to the positions covered.
- e) Nothing in the classification specification is to be interpreted as restricting a supervisor from assigning an employee of one classification to perform some of the duties of a higher or lower classification for a limited period of time.

5.3.4.4 New Positions

The mayor will review any request for a new classification. No new classification will be used until there is an approved classification specification covering the work to be performed. If none of the existing classifications is appropriate, a new classification specification is to be prepared in accordance with these policies. Authorization for new positions will be approved through City Council adoption and amendments of the annual salary resolution and/or budget.

5.3.4.5 Classification Plan Revision & Reclassification

A classification may be reclassified at the request of the department manager, employee, or City Administrator when it appears that the duties and responsibilities of an existing classification are changed. Reasons for the reclassification request are to be stated in writing and the mayor will determine whether the present classification is correct or whether reclassification is necessary. New or revised classification specifications will be prepared as provided in these policies and will become a part of the classification plan.

5.3.4.6 Incumbents of Reclassification Positions

- a) When reclassification occurs, an employee occupying the position may be retained in the position provided that the mayor determines that the reclassification results from an official recognition of a change in duties and responsibilities which has already occurred and is a long-term inequity of classification.
- b) If the reclassification results in a higher maximum salary, this constitutes a promotion and the rules governing promotion with regard to salary apply. If the reclassification results in a

lower maximum salary, this constitutes a demotion and the rules governing demotion with regard to salary apply.

5.3.4.7 Reallocation

A reclassification may be reallocated to a new pay range at the request of the department manager, employee, or the City Administrator when it appears that the duties and responsibilities of an existing classification are changed. Reasons for the reallocation request are to be stated in writing and the mayor will determine whether the present allocation is correct or whether a reallocation is necessary.

5.3.4.8 Incumbents of Reallocation Classifications

- a) When a classification is reallocated, the employee occupying the position may be retained after it has been reallocated, without examination.
- b) If the reallocation results in a higher salary range, the employee's salary will be adjusted, if necessary, to the step in the new range resulting in a salary nearest that existing salary which will not result in a salary decrease.
- c) If the reallocation results in a lower salary range, the employee's salary will be adjusted downward to the next lowest step in the new range that will result in an equal salary or the least reduction in salary.
- d) Nothing in the classification specifications is to be interpreted as restricting a supervisor from assigning an employee of one classification to perform some of the duties of a higher or lower classification for a limited period of time.

5.3.4.9 Use of Classification Titles: The classification title is the official title of every position assigned to the classification for the purpose of personnel actions and is to be used on all payrolls, budget documents, and official records and reports relating to the position. Any other working title desired and authorized for use by the mayor may be used as a designation of any position for the purpose of internal administration or in contacts with the public.

5.3.4.10 Appeals of Classification: Any department manager or employee affected by the classification of a position may file a written request for reconsideration with the mayor. The mayor will review the classification of the position. The decision of the mayor is final.

5.3.5 Salary Plan

5.3.5.1 Adoption of Salary Plan: The Mayor is responsible for recommending to the City Council for adoption of a Salary Plan for the City of Buckley. The Plan will include salaries for non-bargaining unit personnel, as well as salary grades negotiated by employee representatives.

5.3.5.2 Salary Plan Review: The Salary Plan is to be reviewed annually by the City Council, usually as part of the normal budgetary process for the city. Any changes to the Salary Plan as part of the annual review process are distinguished from merit increases and are not intended to give recognition to length or quality of service, but to general labor market salary requirements and internal relationships.

5.3.5.3 Qualified Payroll Period: When an employee has ten (10) or less days in a non-pay status in any given calendar month, the payroll period will be considered qualified to accrue benefits, serve out probation, and for computation of merit increase dates. A new employee may be credited with the first payroll period if employed prior to the 15th of the month.

5.3.6 Payment of Salaries

All employees are paid at an hourly or monthly rate, as specified in the Position and Salary Resolution. Hourly employees are paid on the basis of the actual number of hours worked, including authorized absences with pay and authorized holidays.

Salary rates for temporary or part-time employees will be based on the pay for full-time positions in the same classification.

5.3.6.1 Beginning Salary: Each employee will be appointed at the first step of the range established for the classification, with the exception of management classification, which shall be negotiated within the assigned range. If it is determined that appointment of non-management employees above the first step may be warranted, the following procedures will apply:

- a) The factors to be reviewed in approving appointment beyond the first step are: availability of applicants meeting the qualifications for the vacant position, relationship to other similar classifications, prior experience of a candidate in a comparable position, time available to continue the recruitment process, and budget consideration.
- b) The department manager will submit a request for appointment at a higher step to the mayor, stating justification for the request. The mayor will make the final decision.

5.3.6.2 Merit Step Increases - Regular Status Employees

- a) When a regular status employee has performed satisfactorily, as determined through the Performance Evaluation process, a merit step increase may be granted at the completion of six (6) qualified payroll periods from the employee's anniversary date, but not before the satisfactory completion of the employee's initial six-month probationary period.

In the case of an employee placed at the time of hire above Step One of the pay range, the initial in-class merit step raise will be considered upon the completion of twelve (12) months

in class and at intervals thereafter defined within a separate bargaining unit agreement or salary plan adopted by the City Council.

b) The annual merit step increase date for an employee will change only if:

- 1) the employee is promoted or otherwise moved to a position assigned to another job class and is required to serve a trial performance period;
- 2) the employee receives a merit step adjustment as authorized by the City Administrator; or
- 3) the employee has used more than 15 calendar days of leave without pay in one month. For each month in which more than 15 calendar days of leave without pay have been used, the employee's annual merit increase date shall be advanced by one month.

5.3.6.3 Promotion: A promotion is an appointment to a position in a classification which has a higher maximum salary rate than the employee's present classification. The City Administrator will determine the salary step of the promoted employee in the new salary range on the date of the promotion. The salary step of the promoted employee will be set so that the promoted employee's pay level is no more than two salary steps higher than the employee's step prior to the promotion. If step one of the salary range to which the employee has been promoted is a pay level more than two steps higher than the promoted employee's previous salary step, then the employee shall be assigned to step one of the higher salary range. When the date of promotion and the merit increase date coincide, the merit increase is paid prior to the promotional increase.

5.3.6.4 Demotions: A demotion is an appointment to a position in a classification which has a lower maximum salary rate than the employee's present classification. When a demotion occurs, the department manager will recommend to the mayor a salary for the demoted employee within the salary range of the lower classification which is less than or equal to the employee's present salary. The employee will retain the same anniversary date.

5.3.6.5 Transfer:

- a) A position transfer is an appointment to a position in the same or different classification of the same pay grade.
- b) When an employee is transferred to a position in a different classification with the same pay grade or is transferred to another department with the same classification, the employee's pay remains the same. The employee will retain the same anniversary date for leave and length of service purposes.

5.3.6.6 Temporary Change of Classification

- a) A current employee assigned to a classification with a differing rate of pay in an "acting" appointment status will be compensated at the next higher step in the new range according to policy on promotion.

b) If the employee is promoted to the higher class with regular appointment status, all policies apply from the date of promotion.

5.3.6.7 Overtime: Any City employee may be required, as a condition of employment, to work overtime, when necessary, as determined by his or her supervisor.

a) All overtime is to be approved by the employee's supervisor in advance of being worked. In the case of emergencies, the employee is responsible for notifying the supervisor as soon as possible of the need to work overtime.

b) Overtime is considered as time worked in excess of forty (40) hours per week, except in the case of non-standard work schedules. A non-standard workday and work week shall be established by the department manager, or by applicable bargaining agreements, employee contracts or letters of appointment, and approved by the mayor. The workday or work week may be changed to accommodate the efficient operation of the department.

c) Time worked as overtime will not be used to earn employee benefits or to serve out probation or merit increase periods.

d) All overtime worked and compensated will be in accordance with the Fair Labor Standards Act.

5.3.6.8 Compensatory Time

Non-Exempt Employees

A regular full-time or regular part-time non-exempt employee may request compensatory time off in lieu of overtime payment. Compensatory time off must be requested by the employee and authorized by the appropriate supervisor. An employee who does not request compensatory time will be paid overtime, and the supervisor can deny a compensatory time request (if time off is not practical) and instead overtime will be paid.

Compensatory time is earned at the rate of 1.5:1 or one and one-half hours for each hour of overtime worked. Compensatory time may be accrued to a maximum of eighty (80) hours. Compensatory time in excess of eighty (80) hours will be paid as overtime within the same period that the eighty (80) hour limit has been exceeded. Employees should be encouraged to use compensatory time accrued within ninety (90) days of earning it whenever possible. Upon termination, unused compensatory time will be paid at the current rate on the final paycheck.

5.3.7 Exemptions: The Mayor may recommend to the City Council, positions to be exempt from overtime provisions on the basis of the nature of work, conditions of employment or by definition of administrative, supervisory, and professional classifications as provided by State and Federal laws. Such exemption is based upon special conditions to work or assignment, in accordance with the Fair Labor Standards Act.

2026 Legislative Priorities

City of Buckley, WA - Pierce County, 31st Legislative District

Adopted 11/18/2025

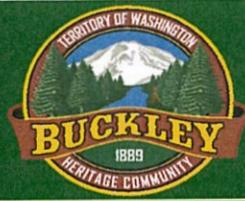

Priority # 1	We ask that the State Legislature consider the following:
Preserve state shared revenues	Preserve existing state shared revenues for cities and towns.
Priority # 2	We ask that the State Legislature consider the following:
Local Revenue	Revise Marijuana Excise Tax disbursements so cities with retail locations collect tax based on actual gross sales within the city rather than population. We request that the legislature amend RCW 43.63A.135, which governs the Youth Recreation (indoor) Facilities grant program. The current prioritization language has led the Department of Commerce to exclude public agencies from applying. Expanding access to this funding for all eligible providers would enable more services and resources to reach local communities, supporting the development of sustainable programs and facilities in areas like Buckley.
Priority # 3	We ask that the State Legislature consider the following:
Infrastructure Investment	Advocate for meaningful state investments in local infrastructure, including drinking water, wastewater, and stormwater systems, as well as transportation funding for preservation, maintenance, and operations. <ul style="list-style-type: none">Support expanded fiscal tools for housing infrastructure and growth, including flexibility in the use of Real Estate Excise Tax (REET) for capital projects.
Priority # 4	We ask that the State Legislature consider the following:
Increase sustainability for local transportation preservation, maintenance and operations needs	Advocate for sustainable revenue that supports local preservation, maintenance, and operations and includes direct distributions to cities and towns. Continue to work to improve traffic safety and explore revenue tools like a highway usage fee, a retail delivery fee, and expanded Transportation Benefit District (TBD) authority, as well as other funding options such as a "sidewalk utility."

2026 Legislative Priorities

City of Buckley, WA - Pierce County, 31st Legislative District

Adopted 11/18/2025

Priority # 5	We ask that the State Legislature consider the following:
Continued Municipal Code Updates	<p>Buckley Municipal Code must be updated to match the goals and policies of the updated comprehensive plan. Updating the municipal code will allow for the implementation of new state laws that require compliance from local jurisdictions.</p> <p>Examples:</p> <ul style="list-style-type: none">i.HB 1337 ADU'sii.HB 1220 Step Housingiii.HB 1998 Co-livingiv.SB 5235 Remove restrictions of unrelated people
Senior Center Sidewalks	<p>We ask that the Legislature fully fund the replacing of aging sidewalks that are currently presenting tripping hazards located at the senior center. This is an urgent need in area serving a vulnerable population.</p>
Increase technical assistance and community engagement in land use	<p>We ask that the State Legislature consider the following:</p> <p>Focus state involvement on providing more technical assistance and preserving the importance of community engagement and incentives. Avoid agency overreach that prioritizes state enforcement, redundancy, and substituting community engagement for bureaucratic process.</p>
