July 10, 2017

Harris moved to approve the minutes of the June 5, 2017 Commission meetings. Garland seconded the motion and the motion carried.

Setbacks to Marijuana Facilities

Thomson stated way back in May the Commission asked for setback and what it would look like. She then showed the Commission the different setbacks on the map. The commission discussed the setbacks and definitions of the uses that would be allowed or restricted within the different setbacks. After discussion the Commission came up with the following setbacks: Elementary Schools, public playgrounds, recreation center and public park will be 1,000 feet; Child care 400; Public transit, library, game arcade 100. Helmer stated we should also at this time include the definition for licensed daycare. Thompson will make all the changes and bring it back to the Commission to the next meeting for final approval.

New/Old Business:

Thompson stated from the last meeting, someone wanted a list of all the ordinances we need to take care of, so she has attached that list to the agenda and will be included with it every meeting. She then went over all the ordinances with the Commission and where they stand.

We will be starting to work on Title 20, Thompson stated she wants to separate this Title by topic so you have all the notice requirements in one chapter the general requirements in one chapter and the definitions in one chapter, etc. This will be on the agenda for the next meeting to start working on the first chapter.

The next meeting will be July 24, 2017 at 7:00 PM.

With nothing further the meeting was adjourned at 7:50 PM.
