Setbacks to Marijuana Facilities

Thompson stated in tonight's folder is the compilation of what was discussed at the last meeting in what the Planning Commission wanted. There was a brief discussion and some changes made. **Harris moved to approve the Marijuana facilities setbacks as amended. Garland seconded the motion.** Helmer had one other question about secondary schools and after discussion. **The motion carried.** The Public Hearing was scheduled for September 11, 2017.

Chapter 20.02 proposed revision to Chapter 20.01

Thompson stated there is an explanation memo. What we have is the explanation of what has to happen for most of the applications that come in and the timeline for those. Thompson explained the time lines to the Commission. This title is very difficult to navigate so her goal is to reorganize the Title into chapters. Her other goal is to put it in the order that you need to find the information. What she has given you at tonight's meeting is the first Chapter General Provisions. She did send this to the City Attorney as well as the definitions chapter. He had some comments on the definitions but not he general provisions. On the work sheet is also the reorganization schedule. She will have definitions for the Commission at the next meeting. If we get through the definitions, we will start the pre-application meetings. Thompson then went through the general provisions with the Commission. The

commission decided they would like to study this further before approving it. Thompson stated at the next meeting we will make a decision on this and start on the definitions.

The next meeting will be August 7, 2017 at 7:00 PM.

With nothing further the meeting was adjourned at 7:50 PM.
